The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Very truly yours,

My dear Friend:

I have received your letter of the 1st instant and am pleased to note therein that you have been employed to do housework during the time you have been away from Carlisle. It is gratifying to know that you have had so good a chance to make use of your training.

It is also noted in your letter that you desire to return to Carlisle and that you are anxious to bring your two brothers, Louise Iron Wing, Ida and Thomas Tyon and Jennie Serases with you. There is yet room here to accomodate additional students, although more than sixty have come in today. It is suggested, therefore, that you get into communication with Superintendent Brennan or with the Farmer who is in charge at the White Clay station. Other students from the Pine Ridge reservation are to be brought here and you can probably arrange to come on at the same time. I enclose herewith a number of blanks that may be filled out for Superintendent Brennan's approval.

Hoping I shall learn soon from you and Superintendent

My dear Friend:

I thank you for your letter of recent date and for the information you conveyed thereby regarding your husband, Dana Long Wolfe. I am pleased to know he has prospered and that he has a home of his own.

I have been somewhat at a loss to tell whom you refer to by the name of Hattie Long Wolfe. We do not have anyone enrolled here by that name. If it is Hattie Owns Many Horses you refer to, I will convey the favorable information that she is well and getting along very nicely. She has gone to the home of Mrs. J. H. Pyle for the summer months, where she will gain additional experience under our outing system.

Extending best wishes for the continued success of yourself and your husband, I remain,

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

Hattie is doing good work in school. The school is a long distance from Mrs. Pyle's home but Mr. Pyle drives Hattie with his two little girls part way to the school. They must wait however until he returns from another trip (taking milk to town) so occasionally they are late.

Hattie is dependable and Mrs. Pyle can always feel that her little girls are well cared for when Hattie is in charge of them. Mrs. Pyle pays Hattie in the summer \$5.00 per month - I think Hattie is worth more but Mrs. Pyle feels she cannot afford higher wages although I understand she is ^{to} raise Hattie's wages this spring. Hattie will return in June to Carlisle. Mrs. Pyle's home is an excellent farm home - Thrift and industry are well applied so a girl gets excellent training but Mrs. Pyle does not wish to pay more than \$5.00 per month so she will have to take a young inexperienced girl.

My dear Friend:

I attach hereto a letter that was sent to me earlier this month by your mother. In the communication to which the enclosed letter was attached your mother stated that she had heard a report to the effect that you are ill. As no such report has come to me here I am taking the liberty to advise your mother that there must be some mistake about what she had heard, and it would be well for you also to write to the people at your home regarding this same matter.

Hoping that you will again have a pleasant stay during this summer's months at the Outing home where you are now located, I am, with best wishes for success,

My dear Madam:

This reply to your letter of recent date in regard to the condition of your daughter's health has been so long delayed pending the receipt of advice from the Outing home where she is now located. As arrangements have just been completed for Hattie to remain where she is during the summer months and nothing at all was mentioned about any complaint regarding her health I am positive that there was some mistake about the report that had come to you.

The enclosure that was attached to your letter to me is being forwarded to Hattie with a request that she write you direct, so that you may have such added assurance that she is well.

Assuring you that it is a pleasure to convey to you so favorable a report, I remain,

Dear Friend:

I was pleased to receive your letter and to know that you arrived home safely. It is to be regretted, however, that you missed connections enroute and that you had saved so little of your money for expenses.

When Mr. Miller was asked about money yet to your credit he stated that on the day you left here you drew all you had in bank, \$29.59, and that now there is no other amount coming to you except a check for \$4.00 which represents annuity payment that was sent here for your use by Superintendent Brennan. The check referred to is enclosed herewith.

When, at a later date, you and the other young people you intend to bring to Carlisle with you are ready to start let me know how I can assist you to complete the necessary arrangements for your trip.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

My dear Friend:

I take the liberty to enclose herewith a blank in duplicate upon which an application for your enrolment at Carlisle for an additional term may be submitted to Superintendent Brennan for approval. I should like to see you return to Carlisle with Nettie Hairy Bird and Mary Locke and I hope it can be so arranged that all of you will be with us again for the work of the next school year.

Will you let me hear from you if I can assist in any way to complete arrangements for your return to Carlisle?

Very truly yours,

HKM.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
