School Physician.

SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Miss Flora Demarais,
Kenel, South Dakota.

My dear Friend:

It has been learned that between May and September of last year you were given a valuable center piece by Sarah Delonais while both of you were at Outing homes in Mount Holly, New Jersey. The piece had been stolen two days before you secured it and it is now desired that you return it here at once so that it can be forwarded to Mrs. VanDerveer, the owner.

Regretting very much that such information has to be conveyed to you and hoping that I shall hear from you without delay, I am,

Very truly yours,

HKM.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

My dear Friend:

I have had submitted to me the names of those students who went to their homes at the termination of their period of enrolment in June we should like to have with us again for the work of the next school year. On the list of names was your own and so I take the liberty to have forwarded to you a blank in duplicate upon which an application for your reenrolment may be submitted to Superintendent Covey for approval if you have not made other plans.

The regular work for the year is to begin on September the 7th and if the majority of new and returning students are here to begin their studies on that date the better the year should prove to be for each one.

Will you let me hear from you in what way I can be of assistance?

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

The reason I didn't write

know where to adress my
letters to.

I got a letter from my

me to hurry and answer

²
because they were going to
move to Montana I answered
right away but didn't get no
reply. They may have written
to me but I didn't get the letter.
I certainly have been very anxious
about them. I didn't know
whether they were living or
not. When I wrote my home
letter I wrote to my uncle
I certainly did want to write
to my dear mother last month
so I could send her my
report. I came here on the

Mrs. Fennimore gave me
a good report.

I'm very thankful for the

start school next month and
do my best.

I will write home as

My dear Madam:

Replying to your letter of October the 3rd, I have to advise that your sister, Flora Demarais, has gone to one of our Outing homes for the winter months. She spent the summer here at school and left here only last month.

At her Outing home she will have the opportunity to attend public school with the white children of that community.

I am writing Flora today to the effect that you and her parents are anxious about her and that she is to write you at once. If you desire to get into direct communication with Flora you can address her at the home of Mrs. A. M. Fenimore at Mount Holly, N. J.

My dear Friend:
winter at your present home, I am,

I have just received a letter from your
sister, Mrs. Wilkie, in which she states that you
have not written to her since the first of June. She
also reports that your parents are anxious about you
because you have not written to them for some time.

I am writing Mrs. Wilkie to the effect that
this matter is being brought to your attention, and it
is hoped you will write at once to your sister and to
your parents. They are interested in you and in what
you are doing, and as their life is far more quiet than
your own you do not realize how long a time elapses be-
tween your letters. In order, therefore, that they may
not be worried about you it will be well to write to one
or the other family at least once every two weeks. That
can take but little of your time and it will mean a great
deal to those at your home who want to hear from you.
