## INDORSEMENTS.

---

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

*Provided*, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

Miss Flora Demarais,  
Kenel, South Dakota.

My dear Friend:

It has been learned that between May and September of last year you were given a valuable center piece by Sarah Delonais while both of you were at Outing homes in Mount Holly, New Jersey. The piece had been stolen two days before you secured it and it is now desired that you return it here at once so that it can be forwarded to Mrs. VanDerveer, the owner.

Regretting very much that such information has to be conveyed to you and hoping that I shall hear from you without delay, I am,

Very truly yours,

HKM.

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

Flora has proven herself very satisfactory to Mrs. Fenimore in every respect. I judge that Mrs. Fenimore "gives" quite a good deal but she always provides for Flora so that she is not left alone. Mrs. Fenimore has taken a most personal interest in helping and teaching Flora. She has helped her in the selecting of clothing to be taken home with her as this is Flora's "home year."

Miss Flora Demarais,  
Kenel, South Dakota.

My dear Friend:

I have had submitted to me the names of those students who went to their homes at the termination of their period of enrolment in June we should like to have with us again for the work of the next school year. On the list of names was your own and so I take the liberty to have forwarded to you a blank in duplicate upon which an application for your reenrolment may be submitted to Superintendent Covey for approval if you have not made other plans.

The regular work for the year is to begin on September the 7th and if the majority of new and returning students are here to begin their studies on that date the better the year should prove to be for each one.

Will you let me hear from you in what way I can be of assistance?

Very truly yours,

## SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

---

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

My dear Friend:

I have just received your letter of the 9th instant and I thank you for giving my request such prompt attention. The letter that came to us making inquiry about you was from your sister, Mrs. Moses Wilkie of Box 67, Belcourt, North Dakota. We gave your present address to Mrs. Wilkie, and it is hoped you will learn soon where your parents are located.

I am pleased to know you are so well satisfied with your Outing home, and as that will give you a splendid opportunity to make progress this winter I extend you my best wishes for a very successful year.

Truly your friend,

HKM.

Dearest friend.

Received your  
letter and was very glad  
to hear from you.  
The reason I didn't write  
home was because I didn't  
know where to adress my  
letters to.

I got a letter from my  
mother in June, she told  
me to hurry and answer

because they<sup>2</sup> were going to  
move to Montana I answered  
right away but didn't get no  
reply. They may have written  
to me but I didn't get the letter.  
I certainly have been very anxious  
about them. I didn't know  
whether they were living or  
not. When I wrote my home  
letter I wrote to my uncle  
I certainly did want to write  
to my dear mother last month  
so I could send her my  
report. I came here on the  
10<sup>th</sup> of Sept and I'm doing my

very best in every thing<sup>3</sup>  
Mrs. Ferris gave me  
a good report.

I'm very thankful for the  
home I've got. I don't think  
there's a girl that has an outing  
home like mine. I will  
start school next month and  
do my best.

I will write home as  
soon as I can find out  
my parents address.  
very truly yours.

Box 67, Belcourt, N. Dak.

My dear Madam:

Replying to your letter of October the 3rd, I have to advise that your sister, Flora Demarais, has gone to one of our Outing homes for the winter months. She spent the summer here at school and left here only last month.

At her Outing home she will have the opportunity to attend public school with the white children of that community.

I am writing Flora today to the effect that you and her parents are anxious about her and that she is to write you at once. If you desire to get into direct communication with Flora you can address her at the home of Mrs. A. M. Fenimore at Mount Holly, N. J.

Very truly yours,

HKM.

Dear Sir:

I write to inquire about my sister Flora Hemarals, she has not written to us since the first part of June. I received a letter from my parents lately and they are very anxious to know how and where she is as she has not written to them either since June.

Will you please see  
that she writes to her  
parents at least once  
a month, As they are  
worrying quite a bit  
because she has not  
written for so long.

Yours truly,  
Mrs. Moses Wilkie

Hoping you will have a pleasant and profitable  
My dear Friend:  
winter at your present home, I am,

I have just received a letter from your  
sister, Mrs. Wilkie, in which she states that you  
have not written to her since the first of June. She  
also reports that your parents are anxious about you  
because you have not written to them for some time.

I am writing Mrs. Wilkie to the effect that  
this matter is being brought to your attention, and it  
is hoped you will write at once to your sister and to  
your parents. They are interested in you and in what  
you are doing, and as their life is far more quiet than  
your own you do not realize how long a time elapses be-  
tween your letters. In order, therefore, that they may  
not be worried about you it will be well to write to one  
or the other family at least once every two weeks. That  
can take but little of your time and it will mean a great  
deal to those at your home who want to hear from you.

-2- Miss Flora Demarais.

I am mailing this letter direct to Mrs. Fenimore, so that she will know what we desire you to do.

Hoping you will have a pleasant and profitable winter at your present home, I am,

Very truly yours,

HKM.
