INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

My dear Mr. Friedman,

Sometime ago I wrote
you for information as to
how to send in my reports,
but not having received
any thanks, I am enclos-
ing check for \$6⁰⁰ in pay-
ment of services for Marga-
ret Gay. I have given her
50cts a week for the four

Weeks she has been with me, dating
from the 9th of July when she was
sent to me.

I am very much disappointed to
have to ask you either to transfer
her or allow her to come back
to school. As I wrote you before,
she is a capable girl, but knowing
that I am planning a trip to
the shore for a week dating
from Aug. 16, and that I want
her to go along and help care
for the Fabris, she seems to be
sick for school, and I believe
in order to insure her going
back to school, instead of going
to the shore, she has become so
careless in looking after the chil-
dren, who are really little care

for babies, & I simply
don't feel that I can pay
her board and then be
on pins and needles all
the time for fear the ba-
bies are killed. My 2 year
old child has been found
on the trolley track more
than once by neighbors.
and she simply doesn't
seem to try to care for
the year old child. She

has not much to do
but that she finds a
good many times that she
can read or sit on the
porch, while I who am
trying to get ready to go
away, look after things
in doors and care for the taking.

Trusting that you will
understand in just what
positions I am placed
and that, being in much

need you a rest, I must have a
little freedom when I go away.

Very truly yours,

Helena B. Tomblin

Dear Friend:

I have your letter of the 10th instant, and note what you say regarding the behavior of Margaret Gray. In reply will say that in order to relieve you of the strain of having one around who is so undependable, you may return her to the School as soon as you wish to do so. I am sure that she is acting in the manner that she is acting just to be returned to the School, and if her "outing period" were longer I would transfer her and insist that she complete her contract. If Margaret insists upon behaving badly after the youth have advised her of this letter she will have to be returned and punished. Please advise me of your decision in this matter at an early date.

Very respectfully,

L.F.

Superintendent.

My dear Sir:

Replying to your letter of March the 10th, this is to advise you that your daughter Margaret has to her credit here an amount of \$18.98. However, that amount represents her "savings" and cannot be expended except in accordance with the rules that govern the expenditure of such funds.

If Margaret is in need of any money her request will be given consideration by our School Matron and a recommendation will be made accordingly.

Very respectfully,

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Information regarding pupils to test eligibility and whether in need of Federal aid.

In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
