INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

Mr. F. L. Locke,

Porcupine, South Dakota.

My dear Sir:

This is to acknowledge receipt of your letter of the 19th instant and to advise you that the departure of your daughter Mary for Carlisle may be postponed until after the close of the "Pine Ridge Fair". It is requested, however, that she visit the Fair with the idea of making a report after her arrival here how an industrial school like Carlisle can co-operate to prepare the Indian young men and women all the better to do work that can be exhibited with credit as a sample of work they can do. It is especially desired that the domestic side of the matter be kept specially in view.

An application for your daughter's re-enrolment may be sent to Superintendent Brennan's office for approval on the blank herewith.

Regarding the other prospective students whose names you so kindly listed in your letter, this is to state that applications for their enrolment should also be submitted to the Superintendent for approval. I will then be advised

what action to take. I enclose herewith application blanks that may be handed to the young people who desire to be enrolled here.

Hoping I can be of further service, I remain,

Very respectfully,

My dear Sir:

I have received your favor of the 8th instant, in which you ask that your daughter Mary be allowed to return to her home after the close of this school year to spend the vacation months with you. It has also been noted in your letter that you desire to pay for her transportation.

Regarding payment for her transportation I must advise that there is no definite information on file here to indicate whether she was enrolled for a three year or a five year period. If for three years she will be entitled to go to her home in June at Government expense. I am writing to Superintendent Brennan for information

Dear Sir:

I have promise of my daughter Mary Locke that she may come home next June 1915 — for the vacation with your consent, at my expense.

I want her to remain in the school until the fits herself out for some purpose but I think it will be a quite change for her to be home during her vacation. And when she does come home, she could sign up some papers for the payment of her Allotment, before going back to the school again.

Please give your early consideration of this matter, so that I might go ahead and make arrangment for her return, etc.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Mr. Frank Locke,

Porcupine, South Dakota.

My dear Sir:

As it has been decided to begin the regular work for the next year at Carlisle on September the 7th and there is not much more than just enough time to complete all the arrangements necessary for the return here of your daughter Mary if you intend to have her continue with her school work for an additional period of enrolment I take the liberty to enclose a blank in duplicate upon which an application for her reenrolment may be submitted to Superintendent Brennan for approval. I hope you will advise me if any other assistance can be given at this time from this end.

Trusting the summer vacation months have been pleasant for Mary, I am,

Very truly yours,

HKM.

Acting Superintendent.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
