## SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

---

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.
  2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.
  3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.
  4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.
  5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.
  6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.
  7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.
  8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.
  9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.
  10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.
- Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

## INDORSEMENTS.

---

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

*Provided*, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

My dear Friend:

I was pleased to receive your letter of the 16th instant and I thank you for it. I have noted with a great deal of satisfaction your assertion that you are making an attempt to put into practical use in your home the good things you learned while at Carlisle and that you are staying with your mother because she is now in need of your services. That is the best you can do and it will always be to your credit that you took good care of your mother when she was unable to do anything for herself.

The year at Carlisle has been a busy one and the time passes very quickly for all of us. The winter has been comparatively mild here, but there has been considerable skating for the students. A part of the holiday yesterday was spent on the skating pond.

Noting that you are planning later to subscribe for the ARROW I am having copies of the three issues for this month mailed to you under a separate cover.

I suppose there isn't very much snow down there. we have snow

here that is about four feet in some places. We have no skating, as it is very hard to clear a place for a skating-rink on the lakes. I suppose everybody is enjoying themselves on the "pond." I know, I did.

There isn't anything of much interest that I can relate, but I will tell you that I am very sorry that I am late to subscribe for an "arrow," but expect to do so, next fall when the "arrow-season" is open, so I will close, sending my best regards to friends and classmates, and best of all, to the whole Carlisle Indian reservation, wishing it continued good luck, I remain your friend.

Mary Martin.

May 14th, 1915.

Mrs. Robert Pine,

Lac du Flambeau, Wisconsin.

My dear Madam:

This is to state that your daughter's period of enrolment at Carlisle has terminated and that arrangements are being completed to have her leave here with the other girls who are going home from Carlisle this year on June the 1st.

Transportation for her passage to Lac du Flambeau will be provided for her use and it is hoped you can arrange to have her met at that point.

Will you let me hear from you after Mary has arrived at your home?

Very truly yours,

HKM.

Superintendent.
