### INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

My dear Dr. Buchanan:

Complying with the request you noted on the copy of  
a communication you had addressed to Lucy Lane at 2508 Henry  
Street in Bellingham, Washington, on July the 5th, I take  
pleasure in stating that Lucy made an excellent record here  
during the five years she was enrolled. She was allowed to  
go home in June of last year and while here she had done  
very satisfactory work as a housekeeper under our outing and  
as a seamstress in our department while she was here at the  
school.

I am sure Lucy should develop into a good worker for  
you and that she should have a chance to prove what she can  
do.

Will you let me hear from you if I can cooperate fur-  
ther?

My dear madam:

I have your letter of the 1st instant making application for appointment as Indian assistant. In reply I would state that we have no positions of that nature to be filled at the present time but may and doubtless will by the time that school opens. If you will kindly give me some definite idea as to the lines of work, etc., you followed and accomplished at Carlisle so that I may know how best to place you (if engaged), I shall be pleased to give due consideration to same when we come to consider appointments for the approaching school year.

Wresting you have had a pleasant summer at home and  
Miss Lucy Lane, interfere with your carrying out the plans  
you at Beach, Washington.

My dear Friend:

Very truly yours,

I have received your letter of the 4th instant and  
am pleased to know that you are planning to return to Car-  
lisle to take up additional school work. Your brother  
Charles can be accomodated too and I hope I shall hear soon  
that both of you are coming on before September the 7th, the  
opening day of school.

Our records show that you and Charles are now more than  
twenty-one years of age, and that makes it necessary for you  
to pay for your transportation from your own funds. It is  
also desired that applications for your transfer be again ap-  
proved by your Superintendent and placed on file here.

Referring further to your letter I must state that your  
nieces cannot be enrolled at Carlisle because they have not  
reached the age that must be required hereafter as the minimum  
for enrolment at Carlisle. Only in exceptional cases will  
proposed students less than sixteen years of age be enrolled.

## SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
