The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employée of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

Mrs. Shuster's home is a beautiful home in Merchantville, a small town about 6 miles from Camden, N. J. Mrs. Shuster is a very motherly woman who takes a personal interest in her girls and is very helpful to them. Anna is a great improvement since I saw her when she entered Carlisle. She was rather diffident and exceedingly shy. Her manners now are quite different. I was very much pleased with her. Mrs. Shuster would like to keep her for the winter and Anna is very anxious to remain. Mrs. Shuster says she may begin school in Sept. and continue through the term. Mrs. Shuster has made for her a number of little things and Anna is very helpful to her in the home. Mrs. Shuster wanted to take Anna to the sea shore with her providing Anna were to remain with her for the winter. I told Mrs. Shuster I was sure Mr. Friedman would approve of this and would be pleased with Anna's progress.

Anna's eyes seem to have rather a mist over them. They are not clear. Mrs. Shuster would like to have advice from the school as to taking her to an oculist, which oculist, and who stands the expense.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.
 2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.
 3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.
 4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.
 5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.
 6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.
 7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.
 8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.
 9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.
 10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.
- Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Miss Anna King,

White Earth, Minnesota.

My dear Friend:

It has been definitely decided to begin the regular work for the school year on Tuesday, September the 7th, and as that time is approaching very rapidly I would be pleased to have you advise me whether we may expect you to return to Carlisle for an additional period of enrolment.

A blank in duplicate is being enclosed herewith upon which an application for your reenrolment may be submitted to Superintendent Howard for approval. When the application is forwarded to me further arrangements required to effect your transfer can be made. If, however, you have decided not to return to Carlisle please hand the application blank to one of your friends you could recommend for enrolment.

I hope I shall hear from you soon and that you can report having had a very pleasant vacation.

Very truly yours,

HKM.

Acting Superintendent.

Mr. L. G. Perry,
Day School Inspector,
White Earth, Minnesota.

Dear Mr. Perry:

I thank you for submitting to me an approved application for the re-enrolment at Carlisle of Anna King. An order for her ticket is being placed and in a very few days the agent at Ogema should be authorized to furnish it. She may be sent on at once and it is hoped that the mother of the girl can yet be persuaded to agree to let the younger sister enroll too if it is learned that she is eligible in every way.

Assuring you that your help in this matter is appreciated, I am,

Very truly yours,

HKM.

Superintendent.

Supt. O. W. Lippis

This application has been held for some time ~~in~~ in order to induce Jennie King's mother to sign application for her enrollment at Carlisle.

Jennie is a very desirable student being a graduate of Junoa.

Kindly place transportation for Annie at Ogema.

Resp,

L. G. Perry.
