SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

My dear Sir:

When Laura Merrivall was seen at this office this morning relative to the completing of arrangements for her to join the party of home-going girls on June the 1st, she stated that she desires to go to the home of her aunt, Mrs. Mollie Vlandre, at Vetat, South Dakota.

Will you please let me hear from you whether it meets with your approval to have her go to the Rosebud Reservation as she desires to do?

Rev. A. F. Johnson,

My dear Sir:

The letter you addressed to me on April the 27th, regarding the condition of Laura Merivale's health, was referred to our School Physician with a request that he make a definite report. I submit below for your information the doctor's statement:

"Laura Merivale is not in a condition that merits any anxiety. I looked her over carefully and can find no signs of serious disorder. There is a slight loss of weight which is more apparent than real as her clothing is necessarily of lighter weight now than during the winter. This loss is only four pounds, and may be looked upon as normal at this time of the year. Laura gives every indication of being very homesick."

I have also been advised that from October to March, inclusive, Laura's weight has been as follows:

October	--	109-1/2
November	--	111-1/2
December	--	111
January	--	115
February	--	111
March	--	109

-2- Rev. A. F. Johnson.

I will state further that I would not object to Laura's going home for the summer vacation months, if the required amount could be provided for her transportation. However, I feel safe in saying that the condition of her health does not make such action imperative and that she can continue with her work here without injuring her health.

Very respectfully,

My dear Sir:-

Will you kindly let us know of the general physical condition , in regard to her health , of Laura Merrivall ?

We would like very much , if the School Physician could make a thorough examination of her case and let us hear from you at an early date .

We would especially like to know the record of her weights during the past year , and to hear if it is decreasing?

She has been very unhappy of late , and has been begging to be allowed to come home . Her parents are both dead , and she has neither brothers nor sisters . But if it is a beginning of a decline ~~of~~ of health that is causing this uneasiness , we would like to see her excused .

We want to try to do the right thing for your school , and also for the poor orphan , and will await your reply with much interest .

Yours very sincerely ,

to be enrolled for their first term at Carlisle. It
should have been arranged for a physician to examine Jos.

physician who examines students who desire to be trans-
ferred to Carlisle should note his findings on "case rec-

The ticket should be ready for use by this time and it is hoped you will not have to lose much time from your studies. School opened on Tuesday, the 1st of September.

Regarding the enrolment of your five year old cousin, this is to state that so young a girl cannot be admitted here. She could not be given the care she should have and so it will be better for you to have her placed in some school nearer your home where other smaller children are enrolled.

Dear Sir :-

I would like to have you kindly arrange , as far as possible , to let Laura Marrivall have the use of money I have sent her, but now on deposit to her credit .

She has plenty of money: is delicate, and the pleasure in the use of her money will create conditions in her make up that will help to lengthen her years .

All her family are gone , both parents , and all her brothers and sisters . Her father died of heart trouble , and she sometimes shows the same symptoms.

As she has no home I am in hopes she will find home-like surroundings in your school. Perhaps you know what a dreadful place an Indian Agency is for a young orphan like Laura , so she is quite a problem to those concerned .

May I also suggest that in arrainging for her summer vacation, that in her case, you give special consideration to the matter of climatic surroundings .

Wishing great success to your school ,

yours very sincerely,

My dear Sir:

Replying to the letter you addressed to Mr. Meyer at this school on November the 30th, this is to advise that when Laura Merrivel was finally seen at this office in regard to the matter mentioned in your letter she claimed that she expended most of the amount of sixty dollars she secured from you for clothes and other necessary articles. From it she had to pay stage fare for herself from Pine Ridge Agency to Rushville and the amount it cost to have her trunk transported over that same distance.

After her arrival here she was reimbursed for an amount of \$2.70 she had expended for meals enroute. Stage fare for the students who came to Carlisle with her seemed to be due to Mr. Duncan and the check for the amount was sent to him. Laura stated that Mr. Duncan returned an amount of \$4.00 to her.

Regretting that this reply to your letter has been so long delayed, but with the hope that you have not been in-

I wish you would give me an account of what was paid Laura Merrivall for taking the party of pupils to Carlisle.

I knew at the time she had plenty of money to meet her own expenses, and Mary Chief was given \$25.00 by her father at Rushville in my presence, and the other Chief girl no doubt had enough; so I fixed up vouchers for her until they could get away from Rushville on the train; and instructed her how to make out the vouchers, and told her to collect from the other pupils by the way.

I understood she wrote back that she did not get what was coming to her. I would like to know how it stands so I can explain to her guardian.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Information regarding pupils to test eligibility and whether in need of Federal aid.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
