Julia:

I regret to hear that you are not doing as you know you should do with Mrs. Lane. You tell her that you will not work in the afternoon; that you never had it to do at home and that you will not do so now. It is needless for me to write you this because you know that when one works for another and is being paid that one should do what they are told to do willingly by their employer. You understand perfectly that you have been given this one chance to redeem your self. You have been placed away from your former associates, who might have been the cause of your bad conduct heretofore, so that you may have a chance to show your real self. If you have any good in you at all you have the chance now to show it. You will have nobody to influence you to do wrong. If it becomes necessary for Mrs. Lane to return you to the School on account of bad conduct you will return to the same life and conditions that you left to go to Mrs. Lane, and you will work during the whole afternoon every day in the week, too. No pupil is going to behave badly and not get punished for sodoing. This time there will be no transfer this is your last chance.

Very respectfully,

Superintendent.

My Dear Sir:- I learn from private sources that my daughter Julia deserted her country home and returned to the school, where she was put in the guard house. If this is so, I commend your action. I wrote Julia a very strong letter after receiving yours, and advised both her and Florence to remain in their country homes this winter. She answered in a very rebellious way and threatened that she would run away if she was not permitted to return to the school. I don't believe in letting her have her way about this matter, and I leave the matter to your own good judgment. My son Willie is returning to Carlisle to night at his own expense to enter for the fall term. On hearing of the trouble his sister was in and he will assist you in every way possible.

Please advise me of any further developments and assuring you of my co-operation I am

Mr. James A. Perrine,
Cut Bank, Montana.

Dear Friend:

I have your letter of the 17th instant, and I am going to write you at length regarding your daughter Julia.

On the 30th of August we transferred Julia to the home of Mrs. A. M. Fenimore, Mont Holly, N.J., from which place Julia deserted on the 5th instant. Mrs. Fenimore says that Julia asked her to be allowed to go to the Post Office to mail a letter. Mrs. F. told her she might go. It was then about 4 o'clock. The next morning Julia arrived at the School. It takes about four hours to make the trip from Philadelphia, Pa. to Carlisle by rail, and Mt. Holly is only a short distance from Philadelphia. Where Julia spent the night we do not know. Of course, that evening when Julia did not return to Mrs. Fenimore's home, she telegraphed me that Julia had deserted. When we found that Julia had deserted from her country home we put her in the "Lock Up," a room on the third floor of the Girl's Quarters, where we place our girls that need such treatment. Deserting from a country home is an offense sufficient to warrant such confinement. Julia spent the time from the 5th of

... the result will be ...
... the 13th in the Lock Up. The room is comfortable with proper ventilation but separated from the rest of the girls' rooms. Her meals were brought to her, and an officer took her to and from work. Her actions would warrant punishing for several months but instead of doing that we gave her another chance to redeem herself, and placed her in a home at Logan, Philadelphia, Pa., with Mrs. E. A. Lane, 5123 N. 11th street. One of our girls stayed in this home two years and Mrs. Lane is one of our old patrons so there is nothing against the home. It is situated within three blocks of a fine public school, and a Catholic church within a couple of blocks. She is separated from all other Indian girls who might have an evil influence on Julia and a better chance she will never have again to redeem herself and show the good that is in her, if there is any. Of course, if she remained here she would have to be deprived of privileges for several months and would be looked down upon by the other pupils, but going to an "Outing" home released her from all punishment and placed her in position to have the greatest opportunities of her life if she will only see it that way. I have talked to her and the Matron has talked to and we have all tried to make her see how she can do right if she only will. A letter received a few days ago from Mrs. Lane states that Julia says she will not work in the afternoons for anybody, that she never did it at home and she will not do it now; that Julia is impudent and altogether disagreeable, and she does not see how she can have such a person around. I have written to Julia

... what the result will be
know. Of course, we cannot force Mrs. Lane to keep
Julia, and we may have to bring her back to the School. She
will be expected to work until about the 1st of November when
she will start to school all day and work for her board be-
fore and after school hours during the winter. At the pres-
ent time we have about 200 boys and girls doing that.

Julia has ideas about work and other things that
are not practical and which she will have to get rid of if
she intends to make a success of her life. A winter with
good wholesome people will change her viewpoint I am sure
if she can be persuaded to stay out.

I appreciate your cooperation in our efforts to
help your children and I am sure that we will all do that
which we think is for their best good.

Very truly yours,

LaF.

October 21, 1914.

My dear Mr. Perrine:

Replying to your letter of October 13th, I have to advise that your girls have shown considerable improvement in their conduct during the past few weeks. I had a talk with Julia today and she says she is going to try to get along hereafter, and I believe with your cooperation, we will be able to keep the girls and send them back to you much improved in every way. I am sure that I would much rather it would turn out that way than to be compelled to send them home under disgrace.

I appreciate your feelings in the matter and I am anxious to cooperate with you in every way I can to get the girls to understand and appreciate what we are trying to do for them. We are already noticing a great improvement in the conduct of our students here this year, and so far we are having comparatively little trouble with the girls. We are maintaining rather strict discipline, and this is absolutely necessary. When the parents cooperate with us and let their children know that they must obey the rules of the school, it is only in rare cases that we are unable to bring such children under proper discipline.

Mr. J. A. P.....#2.

Assuring you of my friendship and best wishes, I
About the time I wrote you last month, a few of the
girls were showing a disposition to break over the rules and
get back into the same line of conduct they had pursued last
year. Julia and Florence now understand that they are
retained here on the condition that they obey the rules and
that they show the right spirit toward the employees, and I
observe when I meet them that they have a different attitude
from what they did sometime ago. They appear pleasant and
agreeable, and I believe they are sincere in their promises
to continue their good conduct. I am very glad to make a
favorable
favorable report on behalf of your girls, and I hope you will
remind them when you write of what I have said to you about
them. I am anxious that the girls feel that I am their
friend and want to do what is best for their welfare, and I
really believe that they do understand my feelings in the
matter.

So far, this year has been on the whole quite satisfactory
and we are looking forward to the best year Carlisle has had
for many years. We are trying to hold up a high standard of
ideals, and I am getting good lecturers and entertainers to
come to the school and talk to the boys and girls, and instead
of so many socials we are giving them something more worth
while. We have added a number of splendid employees to the
force since you were here, and believe we have everything
necessary to make this the best school in the Indian Service.

Dear Mr. Lipps -

Your favor of the 21st ult. came to hand some time ago, just as I was leaving for a hunting trip into the mountains, hence the delay in answering.

I am writing now to the two girls advising them to "throw over a new leaf" and try and do better till the end of the present school year.

We are both reluctant to have them come home at this time as a "failure" and suggest that you give them both a wholesome talk in your office a day or two after receiving this letter.

It may do them some good.

We are convinced that if they were impressed with the idea that they would be sent home as failures if they continued in the same old way, that they might brace up and try and do better. Try and find out the reason of their

discontent, (if there is any) and perhaps a good fatherly talk will straighten matters out.

We would like very much for them to stay in Carlisle till their time is up next spring and then they can come home.

We would like them to take every advantage of the splendid opportunities afforded by the school of making good, moral and industrious women of them. If we could only get them to see it in the same light.

I am also subsidizing the girls \$10.00 each for the purchase of such things as they may need for the coming winter.

Hoping you will succeed in your efforts with the girls I am always

My dear Friend:

Upon receipt of your letter of the 31st ultimo, containing the information that you and your sister Florence are planning to return to Carlisle for an additional period of enrolment, I had inquiry made about your former records and was informed that, although both of you had actually improved in your conduct during the last year at Carlisle, you had given so much trouble formerly that it would not be advisable to give you permission to return here.

It is our desire that only earnest pupils shall be admitted for this next year's work, and in view of the fact that it took you and your sister almost an entire period of three years before you could be persuaded to settle down to anything like encouraging work it is believed best that your places should be given to girls who are in greater need of Government aid to get an education than you are.

Favorable consideration could not be given, therefore, to applications for your reenrolment.

Dear Mr Lipps:

It is indeed a great pleasure for me to drop you these few lines. A few days ago the AGENT at Browning Mr Ellis was inquiring where we were going to school this fall. Since its our aim to return to Carlisle for another term ~~and~~ would like to get your information as soon as possible.

Would like to have arrangements made so as to start by the middle of September. Mr Ellis mentioned a few other pupils who are greatly interested in Carlisle and would like to return with us. Will tell you more about these pupils in the next reply.

We are spending a joyous vacation and hope Carlisle is doing the same. I remain,

Very Truly Yours,

Julia.A. Perrine.

The outing records show that Julia Perrine was placed in three homes during one year. She stole money from one home and deserted from another. She was impertinent, untruthful and undesirable under the outing.

Florence Perrine was also in three outing homes during one year. She wrote false statements. She was careless, indifferent, untruthful and undesirable.

Both girls were placed out and kept under the outing one year because of the father's request that they should be sent out. He thought they would be helped thereby. Both are outing failures.

Dear Friend:

Answering your letter of the 5th instant, I am this day writing both of your daughters that they should remain in an "outing" home this winter. I hope that you will write them likewise.

It is an unwritten rule of this school that every boy and girl get at least one whole year's training in an "Outing" home. The girls get a practical knowledge of the things they will need to know about a home after their school days are over, and gain in ways they cannot do at a school where there are so many to care for. They have good comfortable rooms, good healthful food, and pleasant home influences every day. They have splendid school opportunities and a chance of attending public school with white boys and girls all day. This daily contact with people other than Indian, and competing with bright minds in school will stimulate them to better efforts along other lines. Living with people of education and refinement alone is an education. I am sure we can place your daughters in homes where they will receive good home training and be under the watchful care and guidance of a good mother.

It is gratifying to me to receive such letters as yours from parents of the pupils whom we are trying to educate in the way we think best, and I thank you for your cooperation.

With best wishes, I remain,

Carlisle, Pa.,

Dear Mr. Friedman:-

I am writing you this letter for the purpose of knowing what you intend to do for my two daughters, Florence and Julia. Are you going to allow them to stay where they are, instead of letting them return to Carlisle this winter? What has been the Matron's report in regard to them since going out?

In all their letters home they have been highly satisfied in every way with their country homes, which they say could not be better and this has afforded us much gratification.

However, in Julia's ^{last} two letters she has been asking me to write you to allow her to return to Carlisle this fall.

We believe her sole desire to return is for the excitement of attending the sociables and dances etc more than anything else. She likes to dance and have a good time and where

there are several hundred girls and boys her opportunity
 for having her desires gratified are almost unlimited.
 I don't want to be understood however as ~~any~~ criticizing
 the healthy and innocent pastimes enjoyed by the boys
 and girls of Carlisle as they are very necessary and assist
 materially in passing a dreary winter, if they are proper-
 ly conducted and I believe they are. But if you think
 both Florence and Julia will be just as well off where
 they are and can attend the public schools ~~where~~
 when school opens for the fall term, then we will
 both be satisfied (her mother and I) and you can
 let them stay. We would much prefer to have them
 stay in their country homes, providing they are satisfied
 with their surroundings. I am writing Mr. and Mrs.
 Haines (Julia's country home) along these lines and if they
 are satisfied to keep her and allow her to attend school
 then I can see no necessity for them to return to Carlisle.
 In a former letter to you, I believe I stated we wished them to
 stay at a good respectable refined home ^{and} I believe they
 both have one, ^{and} I want to take this opportunity to
 offer you the sincere thanks of both Mrs. Perrine ^{and}

Your favor of recent date did not reach me in time
to make the change in destination on the tickets issued
your girls from Cut Bank to Carlow as you desired. The
tickets themselves were ordered several weeks ago because
at this time of the year there is always a great stress of
work and so many tickets to be prepared. Accordingly I have
had a telegram sent stating that the girls left here last
night for Cut Bank. I trust it will not inconvenience you
too greatly to meet them at that point.

In this connection I must advise that the escort from
this school who accompanied the party of girls from this
school to Harrisburg last evening discovered that your two
girls did not have one cent of money to pay for meals en-
route home. The amount you had sent to the girls was ex-
pended for clothes. Knowing that the girls could not possibly
get along without any money it was arranged to give them a
total of five dollars in cash and Florence's receipt for that

Dear Mr. Lipps,-

Your esteemed favor of the 12th inst. was received a few days ago and I was much pleased to know that the girls have done so well.

If possible, I would like to have their transportation paid to Carlow which is only 15 miles west of Cut Bank, and only 3 miles from my home, and I can meet them there, as No. 1 will stop to let off passengers if they come from as far East as Chicago. I sent Julia a check for \$20.00 a few days ago, so that they could get what little necessities they may require. In regard to Eleanor Houk I would strongly recommend that she stay at Carlisle for a few years longer, as her father has often expressed his intention of keeping her at Carlisle till she was 18 years of age so she could take care of herself when she returned home, as he didn't want her to grow up under reservation influences. That was the reason he sent her to Carlisle. You will remember her father was killed in Great Falls in March last, and I am simply trying to carry out his expressed wish.

Wishing you every success, I am,

Your favor of the 10th instant was received a few days ago and will say Cut Bank, Montana. girls arrived at home all right.

Dear Mr. Perrine: If we are very much pleased to note their improved appearance, as regards health and demeanor.

We are most I thank you for your kind letter of the 10th instant and for the five dollar check you enclosed therewith

transforming raw material into the finished product. Julia is talking of returning to Carlisle next fall and take up the professional to reimburse me for the amount that was advanced your girls I let her go and also a younger sister 16 yrs. old who is desirous of entering the school. in cash when they left here on June the 1st. I enclose the receipt for the amount that was signed at Harrisburg that are looking forward to a very prosperous season.

We are having a splendid spring, lots of rain, and consequently the prairie day by your daughter Florence.

I enclose herewith my check for \$5.00, the amount you so kindly advanced the girls, and Having noted in your letter that Julia may decide to

return here to take up the study of nursing, I must state that only specially selected girls can be given that privilege and that Julia would have to serve a further period of probation until there could be no further question about her sincerity of purpose before she could be allowed to enter our Hospital as a nurse. However, I shall co-operate to do what I can for her.

Mr. O. H. Lipps, Supt.,
Ind. Industrial School,
Carlisle, Pa.

Dear Mr. Lipps,-

Your favor of the 2nd, instant was received a few days ago and will say in reply, that the girls arrived at home all right.

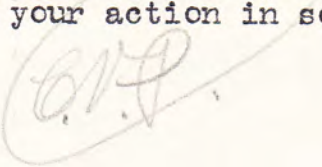

Mrs. Perrine and myself are very much pleased to note their improved appearance, as regards health and demeanor.

We are more than pleased with what Carlisle can evidently do in transforming raw material into the finished product.

Julia is talking of returning to Carlisle next Fall and take up the profession of trained nurse. In case she is sincere about it, I will let her go and also a younger sister 16yrs. old who is desirous of entering the school.

We are having a splendid Spring, lots of rain, and consequently the prairie is one vast ocean of grass. The dry farmer and stockmen are looking forward to a very prosperous season.

I enclose herewith my check for \$5.00, the amount you so kindly advanced the girls, and I appreciate your action in so doing.

Very truly yours,

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

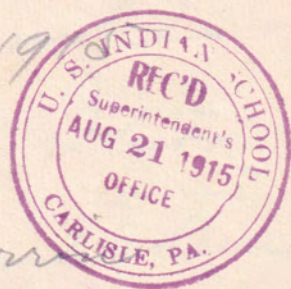

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. DeKuff -

Lorenzo and Julia Perr

Came up to see me this morning about returning to Carlisle. Their mother is very anxious to have the girls return and they are anxious also.

While it is true that these girls did not do very well during the first years of their stay at Carlisle still last year they made very good records. They realize now their errors and are old enough to look at things differently. Also their coming home and seeing how other girls on the reservation are going to the Carlisle has had its influence on them, and they

2

assure me that they will make
the most of their opportunities
at Carlisle if allowed to return.

I have decided to admit them
for another term provided
they pay their own traveling
expenses. The girls are willing
to do this, but I have not
seen their parents. I have talked
the matter over with Supt. Ellis
and he understands that the girls
are to pay their own expenses
in returning.

Please call this matter to the
attention of Mr. Meyer.

Hastily,
O. H. P.

Mrs. J. A. Perrine,
Cut Bank, Montana.

Dear Mrs. Perrine:

This reply to your letter of recent date has been so long delayed because it was believed that your two girls might come on with the party of students from Browning who came in yesterday evening.

Referring further to your letter this is to state that after I had a talk with the girls in Browning I told them that another chance would be given them at Carlisle if they could come here at their own expense for transportation. They must realize fully, however, that no more indifference on their part can or will be tolerated and that they will be allowed to return here because they proved during the last year that they can make satisfactory records if they will. There are so many requests for entrance at Carlisle that only the best recommended young people need be accepted, and time cannot be given to any one who is not at least willing to make the best possible use of the opportunities that are given at Carlisle.

-2- Mrs. J. A. Perrine, Cut Bank, Mont.

I am sure, Mrs. Perrine, that you will impress it upon your girls that they are now at an age when they can not lose any more time in girlish pranks. They are now young ladies and must prepare themselves to get into homes of their own. On their work during the next three years will depend altogether their chances of happiness during the entire remainder of their lives. If they will even try to profit by the training that is given here they will repay manyfold all of us who have had to exercise great patience in dealing with them.

Very truly yours,

HKM.

Superintendent.

My dear Mr. Lipps:

I find since talking with you I will not be able to come to Browning. I regret very much that I could not speak to you a little more about the girls going back to Carlisle.

It is their utmost desire to return there for at least ~~another~~ term and I am heartily in favor of their doing so. I know the girls perhaps did not do so well the first year but I feel now that they are older, would see the need of making the

most of the advantages of find
in the school and improve
themselves.

There is no society here for
the girls which is another
disadvantage and which I
think is one reason the girls
wish to return. We have a nice
home and try to make it as
pleasant as possible for them
but you know that does not mean
all to the younger element. They
must have society and if not
placed in with the elevating class
their future does not always turn
out the best, and I want to have

their influences to be of the kind
that will bring out their finer
qualities and help them to make
good homes later in life.

Since the girls have returned
home we have had various talks
on these same points, ^{They} and are
where they have made a mistake
and would ~~like~~ ^{like} have the opportunity
of making good and are
sincere in their wishes to return
for their betterment. The girls both
think a great deal of you Mr. Lippa
and the advice you gave them
while at the school, and should
they return I feel and in fact

know they would profit more by
them now than before.

Hoping you will be able to give
them a favorable reply.

I beg to remain

Sincerely,

Mrs. J. A. Perrini.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
