The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

### INDORSEMENTS.

---

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

*Provided*, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Mr. O. H. Lipps  
Carlisle, Pa.,

Dear Mr. Lipps:

I received your kind invitation of coming in for commencement week. I thank you very much but I will think this over. It does not cost so little to go there although I am very anxious to see you. I remember you and your little daughter Lucil very well but slightly remember Mrs Lipps. I use to clean your office at White Earth, every Saturday morning.

I remember when you were leaving for Chilocca my

sister went with your party of students you took with you I cried because I could not go unkind of my eyes being sore.

I still have that trouble and all last winter I did not go to school, I was there at Carlisle. And so it is this winter but I manage to go this far. I find on Sunday's they feel better than any other day. Before I came out last fall I got a pair of glasses I wear them but still I have a headache especially over my right eye.

I don't think I can stand it much longer so I am asking you if I could stop

My eyes get so inflamed  
at times and leave spots Dr.  
Fralic use to call them ulcers  
he was afraid to let me come  
out unkind of my eyes.

I am tired of complaining  
about my head aches and  
Miss Butler thinks my eyes  
need rest so she never  
lets me read on Friday  
evening after school and  
Saturday. They are very  
careful about me.

Other wise I am in perfect  
health. My hundred days of  
going to school will be up last  
of this month. I don't think  
I can stand it till then.

I would like to come in  
more to see you than any

thing else but it is too  
bad I am so far from  
Carlisle. How I wish you  
were to be our superintendent  
for all the time.

Would be very glad to hear  
from you.

With kind regards,  
yours truly  
Frances Roberts

March 10, 1914.

Very sincerely yours

Miss Frances Roberts,  
c/o Mr. A. E. Bittler,  
Sharon Hill, Pa.

My dear Frances:

I was very much pleased to receive your letter of March 8th. It is always a pleasure to me to hear from my old pupils. I remember you very well and since you have reminded me of it I remember distinctly of taking your sister with me to Chilocco when I left White Earth. If I should remain in charge here for any length of time I hope to get out among the outing pupils and see some of them in their country homes, so if you should not come to Carlisle while I am here I hope to be able to see you in your country home.

As to your eyes I am very much interested to know whether or not anything can be done for them. I am informed that Dr. Fox, of Philadelphia, has for many years treated the eyes of our pupils free of charge. I wonder if your country mother could not take you to Philadelphia to see Dr. Fox. If so, let me know at once and I will write to him and make arrangements for you. He is, no doubt, a very busy man and it will be necessary to notify him several days in advance in order that he may arrange a date to see you. I believe we have an arrangement whereby pupils who have to remain in the city for treatment get their board at some hospital in Philadelphia for \$1.00 per day.

Your eyes are worth more to you than your books, and while I do not feel justified in departing from the rules of the school in your case until a competent specialist has examined your eyes, still I feel that it is very important that you attend to this matter at once, even should it be necessary for you to remain out of school for a while in order to do so. Please show this letter to your country mother and after talking the matter over with her let me know if she can arrange to have you go to see Dr. Fox and when.

In your letter you speak of my little daughter, Lucile. She is now quite a good sized girl and when I write to her I will tell her about you. With kind re-  
f

gards and good wishes, I am,

Very sincerely your friend,

Frances attends her own church at Sharon Hill but at Ocean City the Catholic Church is about 8 mi. distant and is not safe for Frances to go alone as she goes at rather an early hour. She has decided to live up to the teachings of her church as well as she can till she can attend in the fall. She wishes to return to the school for the winter.

The home is some distance from the crowded section of Ocean City, close to the ocean and a very delightful place for one of our girls. There are four other Indian girls near her and it is a very happy home.

Mrs. Bitner would like a girl of Frances' ability for the winter.

## SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Miss Frances Roberts,  
White Earth, Minnesota.

My dear Friend:

Upon receipt of your letter of the 2nd instant I had inquiry made regarding the work you have completed at Carlisle and learned that you were a very excellent worker in whatever department you were placed. I also learned, however, that last year you made the plea that you should be allowed to discontinue your academic studies because you believed yourself too old to make the progress that was expected of you. That being the case it would not be advisable for you to take a course that requires as constant study as does the one outlined for the training of nurses.

Believing that you would do better as an employee in the Indian School Service I beg leave to suggest that you apply to the Commissioner of Indian Affairs for an examination to test your fitness for appointment to a position where your duties would be along the lines of work you desire to do. If your letter is addressed to the Commissioner and sent here it will be forwarded to Washington with a recommendation and a

Please do not delay about the matter because there must be a number of positions in the Indian School Service that will have to be filled between this time and the opening day of the schools throughout the Service.

Very truly yours,

HKM.

Dear Mr. Lipps:

I have been wanting to write for some time and tell you what I am doing. My mother is the housekeeper at the hospital here and I have been at home with my small brothers. She wants me to go out working now, for I have been home long enough, so I write and ask you for help. I would like to get

any kind of work but teaching I am not capable of doing.

If for no reason I can not get work I will go back and finish my one desire nursing.

I hope that you and the rest of the family are well.

I see Anna King quite often she talks of going back in the fall.

And Mr. John Webster has a little boy old enough and a very good boy he wants to send to Carlisle if he can enter. Mr

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
