Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

Mr. James W. Henderson,
Superintendent, The Cherokee Agency,
Cherokee, N. C.

Dear Mr. Henderson:

Noting in your favor of the 20th instant that Margaret Bradley's mother is too desperately poor to expect her to lend assistance in arranging for the return home of the girl, it has been planned so that Margaret can leave here on Wednesday afternoon of this week. A ticket for her passage to Ela will be provided for her use to be paid for from Government funds.

Margaret has an amount of \$14.34 to her credit in our school bank and I have had instructions issued that not less than \$7.00 of the amount be retained to be given to the girl when she leaves here to pay for incidental traveling expenses enroute home.

Hoping that the girl will make the trip without difficulty,
I remain,

Very respectfully,

HKM.

Mr. O. H. Lipps,
Superintendent,
Carlisle, Pa.

My dear Mr. Lipps:

I have your letter of the 13th, saying that your school physician had recommended that Margaret Bradley be returned to her home, and, asking that in view of the fact that she had only been enrolled at your school for so short a time, that her transportation be paid from personal funds.

It would seem from Margaret's statement to you that I have been guilty of sending you a sickly pupil. As to the matter of her having been seriously ill prior to going to Carlisle the matter was never brought to my attention. My recollection of her case was that she was not considered as robust as someother pupils but this was not sufficiently serious to hinder her progress in school.

The mother of Margaret is desperately poor and has a large family of illigitimate children and I am sure she would be unable to furnish the necessary transportation for her daughter without taking some of the necessities of life from her children.

Very respectfully,

James E. Henderson
Superintendent.

My dear Madam:

Our School Physician reported to me some time ago that your daughter Margaret is afflicted with incipient tuberculosis and recommended that she be returned to her home before the opening of the next school year. Arrangements are being made accordingly and she is to leave here on Wednesday afternoon of this week. Transportation for her passage to Ela will be provided and she has assured me that she can get to the Cherokee School from that point.

I would be pleased to have you notify me when Margaret has arrived at your home.

Mr. James E. Henderson,
Superintendent, The Cherokee Agency,
Cherokee, N. C.

Dear Mr. Henderson:

Our School Physician has recommended that Margaret Bradley be sent home before the beginning of next year's work and when the girl was seen at this office this morning she stated that she had frequently been ill prior to her coming to Carlisle. In view of the fact that she has been enrolled here but a little longer than six months and has been in poor physical condition for several months of that period it seems that personal funds should be used to provide transportation for her return home. However, if her parents are not in such circumstances that they can well afford to send money for her transportation it will be arranged to send her home at Government expense.

I would thank you to let me hear from you at your earliest convenience.

Very truly yours,

HKM.

Acting Superintendent.

Dear Sir:-

Your letter regarding the health condition of Margaret Bradley, was received this morning. Dr. Rendtorff, the school physician, is away on his annual leave just now but I got a statement from Miss Cornelius, the nurse in charge, which is as follows:-

"Margaret Bradley has been sick three different times since March 15, 1915. The last time was in the hospital from May 31st to June 28th, running a temperature of 99 degrees. Dr. Rendtorff has her case diagnosed Pulm. T. B. Even now complaining of pain upper part of right lung. Her chart of physical examination is stated by the school physician as "not entirely satisfactory" when she came here. "

Miss Cornelius reports that Margaret was discharged from the hospital about a week ago by Dr. Rendtorff and is now in Girls' quarters.

Mr. Meyer:

In view of the fact that I am about to leave for a thirty day vacation period I would recommend that both Lillian Barnhardt and Margaret Bradley be sent to their respective homes. Although these girls are both in good condition at this writing it is my opinion that they should not enter upon another school year.

Respectfully,

Better arrange to send them.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
