Mr. Lipps:-

Mr. Mann, teacher in charge of Room 12, reports the following:-

This afternoon, while "chapel" exercises were going on, James Crane, a member of Mr. Mann's group of students, was disorderly at times. As soon as the students belonging in Room 12 had returned to their room from chapel, Mr. Mann in the presence of the class reproved Crane for his disorderly conduct and stated that he (Mann) thought Crane ought to apologize to the rest of the class for what he had done. Crane then and there said he would not apologize, he didn't give a damn, he didn't care. Then Mr. Mann told him to leave the room. He left the room cursing and saying to Mr. Mann "You go to hell, you can't put me out, I dare you to come outside, I don't want any back talk from you, etc." Mr. Mann told him to meet him at the office of the Principal. Crane has not showed up.

I am not inclined to pass over lightly anything of this sort, much less from James Crane, whom I know to be lacking in the qualities that go to make up a gentleman.

Very respectfully,

Principal, Academic Department.

James agreed to apologize to Mr. Mann and to his class and requested that one more chance be given him.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mr. H. F. Cutler,
Mount Hermon Boys' School,
Mount Hermon, Mass.

Dear Sir:

I am returning herewith pledges regarding the use of tobacco signed by James Crane and Thomas Sheldon. These boys will leave here Wednesday for Mount Hermon, and I will ask you to kindly give them a little special attention until they get started. James Crane is a full blood Umatilla Indian, and Thomas Sheldon is a half blood Nez Perce. They may be a little timid at first, but I believe they will prove desirable students.

Relative to their tuition and board, I am requesting authority from the Indian Office to approve checks drawn against their bank accounts here for a sum sufficient to pay their expenses. I am giving each boy \$25.00 for traveling and incidental expenses and the money for their board and tuition will be forwarded to them in your care as soon as the necessary authority is received from the Washington office. I should be pleased to have you advise me from time to time as to their conduct and progress.

Dear Mr. Lipps:-

We are sending you our formal acceptance papers for the admission of the two Indian boys whose applications we have just received. As the term has just begun, we are sending immediately these papers so that they may come at once without losing any more than is necessary of the term. We are sending you the pledges which it will be necessary for them to sign in regard to the use of tobacco. If the boys come we shall do all we can to help them in this coming term.

Mr. E. L. Swartzlander,
Superintendent, Umatilla Agency,
Pendleton, Oregon.

My dear Mr. Swartzlander:

After James Crane had written the attached letter it was learned definitely that he will not require the amount of two hundred dollars he has requested in his letter, so James has asked me to state that he would be pleased to have you send one term's rent money for his use as is enumerated.

In this connection I will add that the School at Mount Hermon is a splendid one and that in my opinion it will be advisable to let James expend what is required to continue his education there during the summer months. I recommend, therefore, that his request be granted and that the amount received for one term's rent be sent to me for his use.

Very respectfully,

Mr. H. F. Cutler,
Principal, The Mount Hermon School,
Mount Hermon, Mass.

Dear Mr. Cutler:

I transmit herewith a self-explanatory communication that was brought to my office several days ago by James Crane. You probably recollect that James was enrolled at the Mount Hermon School for a short period last year with Thomas Sheldon.

James made a good record here during the year, except that he finds it a most difficult matter to curb a very unruly temper. I believe, however, that he has made a sincere effort to improve in that respect. I must also state that several weeks ago James was detected, for the first time as near as I can determine during all the time he has been a student here, having taken a drink of liquor with other young men here. He was told this morning that such information would have to be conveyed to you so that you could have complete details regarding his conduct before you for consideration.

Very truly yours,

HKM.

Mount Hermon, Mass.

Dear Mr. Cutler:

I have received your favor of the 14th instant
and have noted that you wrote to James Crane direct.

The decision you have made is the right one be-
cause James is no longer a boy and should realize that
something must be expected of him too if he desires to
be aided.

I can only hope that he will be benefitted by the
experience his conduct has brought on and that he will
decide that a renewed effort must be made to win the con-
fidence of his friends.

Very sincerely,

Mr. O. H. Lipps,

Dear Mr. Lipps:-

I have just written James Crane telling him that we did not advise his coming to Mount Hermon. I feel that we ought not to take him on account of the record which he has had with you this year. The boy told me very frankly that he had sometimes taken intoxicating liquor before he came to Mount Hermon a year ago. I feel that we should not be justified in allowing the boy to come here until he has a clear record behind him about these things. Do you feel that this is the right decision?

Yours sincerely,

Mr. E. L. Swartzlander,
Superintendent, The Umatilla Agency,
Pendleton, Oregon.

My dear Sir:

I return to you herewith the letter from Mr. Cornelison which was transmitted to me with your favor of the 18th instant for my information relative to James Crane. Replying as was requested I must state that a year ago James was given permission to go to the Mount Hermon School at Mount Hermon, Massachusetts, but after an enrolment of but a week or two he elected to return here with another young man from this school who was not desirable for enrolment at Mount Hermon because of habits not allowed there. This year it was again James's desire to enter that school, but several weeks ago he was detected having drunk liquor and when the information was conveyed to the Principal of the Mount Hermon School with his application for re-enrolment he was refused entrance.

James was captain of a Troop here and had to be reduced to ranks for not aiding in the stamping out of the

drinking referred to, although as near as it can be determined he has not indulged in strong drink habitually while at Carlisle.

James has an ungovernable temper, but is a likeable young man in many ways and has given but very little trouble except when impudent because of his lack of self control.

In view of the fact that he is not in as good standing just at this time as he has been heretofore I would not be justified in recommending him for entrance at a school where special attention is given to religious work, but James knows I am personally interested in his welfare and that I will gladly assist him in any way possible just as soon as he demonstrates to me that he is in earnest. For the present, therefore, his request for funds need not be given consideration.

Very truly yours,

HKM.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Are home and local conditions favorable _____

Should he receive assistance to find employment _____

At what employment do you think he would do best _____

Remarks: _____

Suggestions for Supplying the Information Requested on this Blank.

1. The report of Non-reservation School Superintendents should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the year, provided the pupil is 18 years of age and over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with him, for the purpose of getting more in personal touch with the returned student, and finding out something about his wishes etc. The answer to this letter when received will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very essential in placing them properly, but height and weight could be approximated very satisfactorily, though from the pupil records now being gotten up, all information called for in part 1, of this blank, could readily be secured and be definite.

3. The State, Agency, and Tribe are important, and where the pupil is not attached to any agency, this fact should be stated as "no agency," and in such cases the Superintendents should give all available information as to the home and local conditions surrounding the pupil.

4. Where the out-going pupil has passed the Civil Service Examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the out-going student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be stated, as this fact largely determines the amount of efforts that will be made on behalf of any particular returned student: Qualifications being equal or even nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colorado.

8. Reports on out-going students from Reservation Schools, are made only on pupils leaving the school who are 18 years old or over, and who will probably not go away to school.

9. If Part 1, of this report is made out by the Principal of the Reservation School, the Agent or Reservation Superintendent should supply information called for in Part 2, if the Principal has not the necessary information on home surroundings and local conditions. Information in regard to home surroundings and local conditions is very essential to properly understand the pupils' difficulties and needs.

10. When Part One is made out by Non-reservation Superintendents, this blank will be sent by the Supervisor of Indian Employment to the Agent or Superintendent of the Reservation, where the out-going student belongs, to have Part 2 filled out. This should be filled out and returned to the Supervisor of Indian Employment, Denver, Colorado, as promptly as possible, for, practically nothing can be done, till the receipt of this blank, with Part 2 filled out by the Reservation authorities. The information "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. James Crane,
Carlisle Indian School,
Carlisle, Pennsylvania.

Dear James:

I have received your letter of April 13, and will say that your bank account at this date is \$1234.31. It will not be possible to send money direct to you while you are in attendance at a government school, but I have no objection to sending some of your money to your Superintendent if you will confer with him, and show that you are actually in need of money. My books show that I sent your Superintendent \$200 for you April 13, 1914. Please take the matter up with the Superintendent, and let me hear from you again.

Gentlemen:

This communication will be handed to you by James Crane, who has been awarded credit to the amount of \$15.00 for the tailoring of the piece of suiting he brought you some time ago. A bill for an amount of \$15.00, counter-signed as was requested in other communications similar to this one, will be given prompt attention if it is submitted direct to this office.

CARLISLE INDIAN SCHOOL

December 13, 1915.

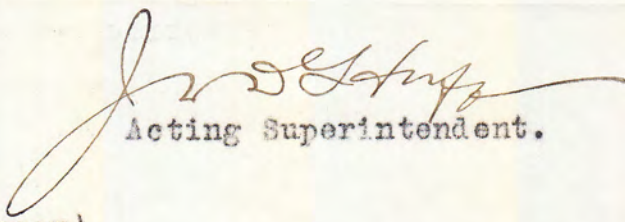

Mr. James Crane:-

Mr. Bradley reports to me that this forenoon, at a time when you were supposed to be working on your industrial detail, he found you in the so-called "athletic quarters" engaged in pastimes other than what constituted your duty at that time. It has also come to my attention on more than one occasion that you have not been faithful on your industrial detail.

I want to advise you that both Mr. Lipps and I are determined to support Mr. Bradley in his effort to secure proper attention to duty upon the part of every boy enrolled in this school. If you find it impossible to comply with the reasonable regulations of this school, it is desired that you take your departure. And if you persist in "cutting" or neglecting your duties in this school, it is not only DESIRED that you take your departure, but you will be COMPELLED to take your departure.

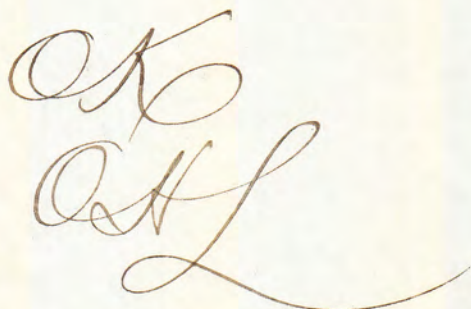

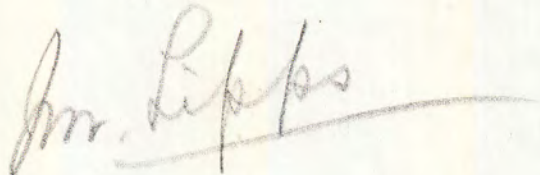

About one more act of neglect upon your part, and you are going to be dismissed from this school with a black mark upon your record. If you value your good name, you should now take the hint and see that your time is spent as it should be spent.

Very respectfully,

Acting Superintendent.

You will please have it arranged so that James
Grane will no longer eat with other men on the foot-

I have just learned definitely that the language
he used was a great deal lower than swearing and I be-
lieve it is only fair that Mrs. Gunderson and all who
assist her should not have to face James any longer at
the training tables.

There is no objection to James's playing with the
team if the coaches desire to use him.

Very sincerely,

Mr. E. L. Swartzlander,
Superintendent, The Umatilla Agency,
Pendleton, Oregon.

My dear Mr. Swartzlander:

I take this opportunity to inform you that arrangements are being completed to send James Crane to his home on the reservation under your jurisdiction. He will leave here on Monday evening of next week and a ticket for his use to Pendleton will be provided.

James has not made much of an effort this year to profit by what has been given him and I have finally concluded that it is not fair to him to allow him to fool away more of his time. He states that he has a good allotment and I have suggested that he go home and that he put in his time this summer helping his stepfather with the farm work. I have also requested him to apply to you for the help he will need to arrange so that after the fall work is completed he can go to the State School at Pullman to take the course in agriculture. He has promised me that he will do as I have requested and as he is not doing any good for himself here I believe it may awaken James to the realization that he must make an effort at once to demon-

-2- Mr. E. L. Swartzlender, Superintendent.

strate that he desires to do something worth while. He is not a bad fellow by any means, has many likeable qualities, is popular among students and officials here in spite of his indifference and displays at times of an uncontrollable temper, and should turn out to be a creditable citizen. It will be appreciated if you can take time to keep in close touch with James and if you will let me know from time to time how he is getting along. If you believe that any suggestions from me would help James I shall gladly do what I can to assist in getting him started right at home.

James does not have any money to his credit here and we will arrange to let him have ten dollars to pay for his incidental traveling expenses. I would thank you to have him return that amount to me after he has arrived at home. If he has ample funds to his credit under your jurisdiction it is believed that he should also be required to pay for his transportation home from his own funds, as it is more and more becoming the policy of the Office at Washington to expect Indians who have money to contribute in some way toward the cost of their education in the Government schools. You will know best how much of his money James will need for purchasing farming implements and for improvements on his allotment and your recommendation regarding payment for his

-3- Mr. E. L. Swartzlander, Superintendent.

transportation will be considered as final.

I have gone into such detail about James because I believe he is worth while and that he will turn out all right if a little help and encouragement can be given him. Do not hesitate to let me hear from you if there is anything at all I can do on this end to assist.

Very truly yours,

HKM.

My dear Sir:

When your letter of the 13th instant regarding
James Crane's credits here was referred to our Principal
Teacher he submitted a statement as follows:

"James Crane would belong in First Year High School under the customary organization of high schools. From September 1915 until the time of his separation from this school a few weeks ago he took English readings and composition, theory of agriculture, mathematics and shopwork. English: Hecley's Handbook of Composition, Pushing to the Front, Rob. Crusoe, Treasure Island, Swiss Family Robinson; Agriculture: Burkett Stevens and Hill's text, with several others as supplementary, together with lectures and readings; Mathematics: 12 weeks vocational arithmetic, 12 weeks vocational algebra (this term not finished, he took about ten weeks and got as far as simple equations with some considerable practice in factoring). Shopwork, woodwork and painting and some masonry. He ought to be able to qualify by the end of the current school year for promotion to Second Year High School."

Assuring you that it will be considered a favor if you will call on us for such additional help as can be given in James's case, I am,

Very respectfully,

Should he receive assistance to find employment? _____

At what employment do you think he would do best? _____

Remarks: _____

_____, Supt.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Information regarding pupils to test eligibility and whether in need of Federal aid.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Mr. James G. Crane,
Chemawa, Oregon.

Dear Sir:

I have your letter requesting
that the Commencement Arrow be sent to
you and have placed your name on the list
of those waiting for that paper.

We have been short of printers
and owing to having had a lot of new cuts
made, we have not been able to get the Arrow
out as early as we have in past years.

With my best wishes to you,
I am,

Very truly yours,

D:R

Superintendent.

Chemawa Oregon,
June 17. 1917.

Mr. Francis,
Carlisle, Pa.,

My dear sir:

Being rather interested in the
school at which you are head of.

I am asking a special request to
have the Commencement Arrow sent
me, to which I will appericate very
immensely.

I am old student of Carlisle.

Hoping to receive the "Arrow"
and will thank for same.

I am

James G. Crane.

Mr. James G. Crane
Chemawa, Oregon.

Dear friend:-

I received your letter and am sending you under separate cover the Arrows published since the opening of school.

Hereafter we will not send the Arrow free of cost to our returned students. It costs us so much to print the paper now that we will have to ask all to pay the subscription price of \$.50 a year. We have changed the name of the weekly paper to the Arrow and Red Man and hope to give our readers a better paper and have therefore raised the price.

Trusting that you will like the new paper well enough to send us your subscription,

I am

Very truly yours

NRD

Superintendent.

Chemawa Oregon.

My dear sir.

Heav in school and sure enjoy the surroundings.

Glad to hear the success of the football team so early in the season.

The team has not started as yet here.

I am interested in the doings and affairs of Carlisle, always was and always will be.

Id like to go back and finish but it seems that I can't leave Oregon.

I am a senior here at Chemawa.

Mr. Francis would you kindly have the Arrow sent to me.

Regards to the team, wish them worlds of success.

Friend,

James G. Crane.
