## *SPECIAL NOTE.*

This form must be executed in duplicate when a child is transferred from a reservation to a non-reservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

*NOTE.—Age limits, fourteen to twenty years. Preferably fourteen to eighteen. Students must be at least one-fourth Indian, preferably full Indian. Special cases beyond the age limit will be given consideration. An industrial course only can be taken and the term reduced to three years, in exceptional cases.*

## *INDORSEMENTS.*

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

Feb. 15th., 1916.

Mr. Meyer:-

Complying with your request of the 12th., inst. in reference to Chauncey Williams and Henry McKay, I hope Mr. Lipps will send Chauncey home at once, as one more or a dozen chances will not improve his conduct, as he is indifferent to all school rules, and therefore not a good influence to other students.

Henry McKay is younger and aside from this whiskey deal has been a good student.

He promised me that if given one more chance he would make good, I therefore ask that Mr. Lipps grant Henry' request.

Respectfully,

L. J. Fehrenbacher

Disciplinarian.

DEPARTMENT OF THE INTERIOR

Feb. 15, 1916,

Mr. Lipps

Dear Sir. Mr. Geringer requested me to write you about my intentions. I think that I ought to be at home, as I have stock of my own to care for, I intended to go under the outing in some shop and to use the money I earn to pay for some cattle that I bought from the Government under an reimbursing agreement. Under the present conditions it is useless for me to stay here.

I can make good at home, because there are no evil influences there as there is here. I never touched a drop of liquor before I came to this school. What little I have drank has been given to me here by students of this school.

I dont feel as though I have been given a square deal. I have never been accused of drinking before and have made a good record in my industrial department.

hile some of the boys that are in the Ford Shop are the ones that led me in wrong, and then went to Detroit with the Carlisle Indian School back of them.

I know all of them well. I traveled with them all fall, and I know that most of them were drinking on the trips. On the last trip they were drinking as usual and the matter was reported to the school, but yet they were recommended. I worked hard all summer for .75 a day, and during Mr. Weber's vacation I was in charge of the engineering department, while all the other shops were drawing a dollar a day. I never objected as I was in hopes of going to Detroit in the fall.

I was blamed for influencing some of the boys to march out of the back

oor of the dining hall because Mr. Gerringer had just announced that that we were not to use that door, I was not in the bunch that came out the back way. I was also told that you thought that I had a bad influence over the boys.

I left my reservation with a clean record, and now everybody at home thinks that I am a drunkard which is not so. I was never drunk in my life. I only took one drink with Edwards, but as I was working with him the disciplinarians naturally thought I must have been drinking too. I could have easily hid out of it. I was not given a suit of clothes by the Athletic Association, which I rightfully earned.

The only chance I want is to leave here with a clean record. I will try and get money from home to pay my expenses.

Very Respectfully

Chauncey D. Williams

Febr. 17th, 1916.

Mr. F. C. Campbell,
Supt., Cheyenne River Agency,
Cheyenne Agency, South Dakota.

My dear Sir:

This is to acknowledge receipt of your favor of the 4th instant in behalf of Chauncey Williams and those who will be embarassed with him if his release from Carlisle has to be effected while he is not in good standing. I appreciate fully the situation in which Chauncey and those closely related to him will be placed, but his attitude is such that his request to return home should be granted for his own good and the improvement of the discipline here.

Chauncey's indulgence in strong drink is not the only reason why it is undesirable to keep him here. He has shown a general disregard for the simpler rules of the school upon which so much depends and since his release from the school guard house for his latest offense he has refused to be in line for the usual roll calls and the prescribed drill by the Troop of which he is a member. He is not taking any academic work, but I must state that he has made an excellent record in his work in our plumbing shop and wherever he has

had physical labor to perform.

He states that he purchased cattle under the reimburseable plan and requests that he be given permission to go home to care for his property, and in view of the fact that he is not doing any good here it is believed advisable to effect his release just as soon as the amount required to pay for his transportation is made available so that he may have the opportunity to take care of his property.

It is especially deplorable that only at Carlisle has the young man had so unsatisfactory a record, but it is only fair to add that after an enrolment of six months in 1912 and 1913 he deserted just four days after his brother DeForest or Fred had taken similar leave. Since his return to Carlisle he has been a constant source of annoyance to those in authority because of his apparent unwillingness to do what he knew was required in the way of conforming to certain rules upon which the proper handling of several hundred boys rooming in one building must depend, and while I regret very much that Chauncey will not make an effort to regain our confidence it will be appreciated if you can cooperate as is required to effect his return home without delay.

Very respectfully,

HKM.

Superintendent.

DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE

Cheyenne River Agency, S. D.

February 4, 1916.

Supt. O. H. Lipps,

Carlisle Indian School,

Carlisle, Pennsylvania.

Dear Sir:

I have your letter of January 27th with reference to Chauncey Williams and I regret very much the conditions you mention with reference to this boy and, while I do not question the justification for your action, still I desire to saya word or two, particularly with reference to the family.

The Williams family is one among the best families on the reservation and I cannot help but think that this young man will see the error of his way and brace up. If it is consistent at all, at this stage of the proceedings, for you to talk this matter over with him and explain to him just how it would affect his family and his friends and others here that are interested in him, I believe that he would take a new tack and proceed to make good. Our records show that he is 20 years of age and I am

hopes that he has pride enough at this time to ask your further indulgence and that you will give him another chance. At this time he has no funds to his credit nor is he likely to have any soon.

I wish you would tell him for me that his record at Carlisle will have a great deal to do with conditions here, so far as he is concerned. He should know that we keep a file of every Indian on the reservation and furnish a copy of the same to the Indian Office and the history he is making now is a matter of permanent record in his case and that he will regret very much, later on, if it becomes necessary for Carlisle to take the step it is now contemplating. I believe with you that if he is not disposed to do the right thing that he should pay his expenses back to the Agency or wherever he plans on going and that the Government should not further assist him until he shows a disposition to do the right thing.

I wish again to appeal to you, particularly on account of his mother and immediate family. He has a brother now in the Service, slightly older than he is, who is making good and this step on the part of

Carlisle would be a great humiliation to his brother.

Please keep me advised as to the history of this case and if I can do anything towards the reclamation of this boy I will certainly be glad to do so.

Very respectfully,

F. T. Cartwell

Superintendent.

Mr. F. C. Campbell,

Cheyenne Agency, S. D.

My dear Sir:

Replying to your letter of August the 31st, with which you transmitted a communication that was addressed to you by Mrs. Helen Williams in regard to her desire to have her son Chauncey enrolled at the Haskell Institute, this is to advise that there is very little information in our files here regarding the efforts he made to advance himself.

It has been reported to me that Chauncey came to Carlisle with the idea of taking up High School or College Preparatory work outside of this school. It seems, however, that he did not begin such work and that later he was given permission to enter the Senior Class at this school. A report just received from our Principal Teacher indicates that he attended classes but for a short time in October and that he was not even given a mark for the work he did.

The records kept at our School Hospital indicate that Chauncey was a patient there from January the 28th to February 19th and that he made a good recovery from the attack of

tonsilitis and bronchitis from which he suffered.

The information on file here, with that given me by those who knew Chauncey personally, leads me to believe that he evidently did not know what he wanted to do when he was at Carlisle and that he was not willing to profit by what could be done for him here.

I shall not object at all to his enrolment at the Haskell Institute, but could not recommend the expenditure of government funds to give him the chance his mother desires for him.

Very respectfully,

HKM. Supervisor in Charge.

9-10-14.

r. Meyer:-

There is very little on record about him here; and that little was somewhat hard to find. He seems to have attended class in Room 14 here a little while in October, 1912. His name does not appear upon the report for any other month. He was in our Senior class - that is, he was ready to take first year high school.

Incidentally, I might mention that, according to the 1911 course of study for Haskell, that institution has no academic work to offer Chauncey which he has not already covered.

...ndly advise me what school ...ord was made by Chauncey Williams, Sioux, who was enrolled from Oct. 6th of 1912 to April 26th of 1913.

It seems that Williams came to Carlisle to attend Conway Hall. Later he desired to take High School work and finally he asked permission to devote all his time to the learning of a trade. He ended it all by deserting.

I submit herewith correspondence for your information.

Dear Sir:

There is inclosed herewith a letter from Mrs. Helen Williams, an Indian of this reservation, with reference to the enrollment of her son, Chauncey, at Haskell Institute. This young man enrolled in your School about a year ago and deserted after having been in attendance a short time.

You will note that the mother gives the damp climate of Carlisle as the reason for his desertion. If this is a reason and not an excuse and your physician will give a certificate to the effect that your climate was injurious to the young man, I might feel somewhat justified in recommending him for enrollment at Haskell; however, unless it is a question of his health, it is my opinion that he should return to your School at his own expense if he attends an Indian school.

Please return the inclosed letter with your views on the matter and also advise whether you will consent to his enrollment at Haskell.

Very respectfully,

F. C. Campbell

My dear Madam:

I have received your letter of the 27th ultimo making inquiry about your brother, (Chauncey Williams.) In reply thereto I must state that a favorable report regarding Chauncey cannot be made and that at this time he is serving a period of confinement to our guard house for being drunk.

Chauncey is an excellent worker, but he has proven himself so unreliable that very little good has been accomplished by him. It is doubtful whether keeping him at Carlisle would benefit him and if an amount required to pay for his transportation is deposited with me I will release him and will send him home.

Very truly yours,

My dear Sir:

Chauncey Williams was again drunk last Sunday and we have finally come to the conclusion that nothing can be gained by keeping him at Carlisle any longer.

When he has served a term in our guard house his return home should be effected and it is believed that any funds he has to his credit under your jurisdiction should be drawn on to pay for his transportation.

Will you please advise me what cooperation you can extend in the case?

Dear sir:

I am in receipt this morning, of a letter from you in regard to a balance due the Government from Chauncey Williams on a mower and rake. As stated in my letter of August 11th, I have been paid four dollars of the six dollars and five cents due, and I will forward this amount to the Superintendent's office with your letter, and a full explanation of the transaction. As soon as Chauncey gets the $2.05, please forward the amount together with the Reimbursing Agreement, which I sent Chauncey to sign, to A. F. C. Greene, Act. Supt, Cheyenne River Agency, S. D.

Mr. Forrest R. Stone, Farmer,

Dear Sir:

This morning, Chauncey Williams, a student of this institution, brought me a letter written by you to him under date of August 11th, asking him to sign an agreement for a mower and rake which his people bought for him recently, and also requesting him to remit a balance due of $3.05.

Chauncey along with several other boys has a considerable amount of money coming to him in the form of wages for work done here during the current summer months, but no payment of these wages can be effected conveniently until our regular Superintendent, Mr. Lipps, returns from Montana, about September first. Chauncey has no money to his credit in our bank fund. If it is not going to be too inconvenient to you, we shall have Chauncey delay forwarding this balance of $3.05 until he receives his settlement of wages at the time of Mr. Lipps' return.

If this arrangement is not satisfactory to you, please advise us and we shall attempt to get the remittance to you in some way or another without waiting for Mr. Lipps' return.

Very sincerely yours,

Dear Chauncey.

I am enclosing for you to sign, an Agreement for a mower and rake, which your people bought for you recently. You will see that there was $6.05 due on this property at the time the sale was made. Four dollars of this Lillie paid, which leaves a balance of $2.05 still due. Please send this amount when you return the papers. I have marked the places on these papers where you are to sign, on the back of the first three, and on the face of the other two. I would be very much pleased if you can return these by return mail.

My dear Madam:

This is to acknowledge receipt of your letter of the 14th instant in behalf of your brother, Chauncey Williams. In reply thereto I must state that Chauncey is evidently unwilling to make a better record at Carlisle than he has made and now requests that permission be given him to go home so that he can take care of the stock he claims he purchased under the reimburseable plan. In view of the fact that Chauncey is a grown young man and is not doing any good for himself here it is believed best that his request to return home be granted and that his release from Carlisle be effected without delay.

Herewith is enclosed a copy of a letter that has just been addressed to Superintendent Campbell and it will be appreciated if your further cooperation in the most unfortunate matter can be extended.

Dear Madam:

I have this day received a copy of a letter from O.H. Lipps, superintendent of the Carlisle school with reference to your brother Chauncey Williams. In connection wit this, I am sending you a copy of a letter I recently sent to Mr.Lipps about this same matter and as soon as you have read this letter I desire that you return it to me for our files. I think we should do what we can to keep Chauncey in Carlisle and have him make good. I think it would be a very grave mistake if it become necessary to expel him at this time from Carlisle on account of drunkenness. I think if you folks would write Chauncey and try to induce him to brace up that he has pride enough on account of yourself and his mother and the rest of the family to start in and do better.

I trust that you will see this in this light

and write Mr. Lipps along this line and write Chauncey and see if we cannot bring about more favorable conditions in his case.

Mrs. A. Williams,

Box 111, Eagle Butte, So. Dak.

My dear Mrs. Williams:

When your letter of the 16th instant was received here this morning I had it arranged at once to see your son Chauncey Williams once more in my office. After I had talked the matter over with him and appealed to him once more on your account he finally consented to try to make a better record than he has made. At first he was not at all willing to do anything for himself and repeated his request that permission be given him to go home. I assured him that if he will show the right attitude and will try to do what is required of all our boys I will gladly recommend him to go to Detroit, Michigan, after the close of this year's work to begin the course of instruction that is given to boys of this school in the Ford Motor Company's factory.

In this connection it is only fair to state that to very few boys enrolled here have I given as much of my personal time as I have given to your son. Let me state again, however, that he is not at all vicious and that even his in-

dulging in strong drink could have been condoned if he had not so utterly ignored heretofore all the rules upon which must depend the proper handling of so large a group of boys as we have here. His failure to report promptly for roll calls and his failure to get the required permission when he desired to leave the school grounds has made it extremely difficult for Troop officers to keep control of others enrolled in the same Troop of which Chauncey is a member and when he insisted on going home I felt it was probably the best we could do for him. I believe we have had more patience with Chauncey than with many others enrolled here because he has been so excellent a worker and has made so splendid a record in the department under our school engineer.

The failure to send you reports regarding him has been due to the fact that he has not done any academic work, as reports are sent out from Carlisle with the monthly "home letters" that are written as a part of the academic work. It is the aim here to let all parents have reports regarding their sons and daughters and I am having it so arranged that hereafter reports will go out regarding those who do not take the academic work as well as those who do write monthly letters.

It is with a great deal of satisfaction that I can write you such a letter, containing so favorable action in your son's

d- Mrs. Helen A. Williams.

case, and I do hope that favorable reports can be conveyed to you from this date on. All we ask of Chauncey is that he show the right attitude and a willingness to cooperate with those in authority, and I am sure that he should profit by the experiences he has had so recently.

Very truly yours,

HMK.

Dear Mrs. Smith;

I am in receipt of a letter from Supt. O. H. Lipps saying that he thinks it is best for Chauncey to return home rather than to continue at the School. As you have a copy of the letter Mr. Lipps has sent me you are entirely familiar with the situation as it is at Carlisle and I would advise that you notify your mother at the earliest possible opportunity and have her arrange for the necessary transportation for Chauncey.

It is very much to be regretted that this affair has turned out as it has. I am satisfied that Supt. Lipps' action is proper under all the conditions. He is one of the reliable men of the Indian Service and he would not take the step he has unless it was for the best interests of all concerned.

Very truly yours,

(Signed) F. C. CAMPBELL.

Dear Mrs. Smith:

Since writing you my letter of February 26th I have received a carbon copy of a letter from Carlisle, dated February 21st, to your mother which has to do with Chauncey Williams and it surely is very gratifying to know that this change in conditions has come about. I am very much in hopes that Chauncey will realize the chance he now has to make good where he might have lost out.

I trust that your mother will look at this in the same way and that by all working together Chauncey will re-establish himself in the place where he properly belongs and his experience at Carlisle will eventually turn out very creditably to himself and also to the school and at the same time will be a source of great satisfaction to his mother as well as the rest of the family.

Very truly yours,

My dear Madam:

I have noted the inquiry that is contained in your letter of the 8th instant and must state in reply thereto that at this time we do not have any places available at the Ford Motor Company's factory in Detroit, Michigan, where your son Chauncey could begin the work you desire he shall do. He is doing well here and I am keeping his application in mind for consideration when again an opportunity is given to select additional boys for the work in Detroit.

Very truly yours,

Dear friend:

Your kind letter is received and I was so glad to get it.

It has been my hope and wish ever since Chaunceys return to Carlisle to have him recommended for enrollment in the Ford Factories.

Every time "The Arrow" comes we each in turn

can its pages
is of seeing
mention of
Chauncey, and I was
very much disappointed
when we read the list
of names of boys who
had the opportunity
given them to work
in the Ford Factory
and Chauncey was
not among them.

Chauncey was strictly
a temperance boy, when
he left home and I
believe the influence
of bad companions

has ruined

my oldest son Forest.
taking care of this
ranch and when he
was 21 years old he
sold some of his stock
so that he might go
to Carlisle and learn
some trade.

In the spring I had
no one to help with
the work so I wrote
to Supt. Freedman and
asked to have him
excused.

He answered that
Forest was doing so

he would
have him re-
-at Carlisle.

Forest came home and has been doing well, he takes care of all the cattle for himself, also Channey's and Luthers, besides his sisters stock.

Carlisle is proud of their returned students and Forest is well worth their pride.

Please ask Channey to write often as I am always anxious to hear from him.

... me know
... you decide to
... about his enroll-
ment at Detroit.

Believe me to be al-
ways your friend,

Helen A. Williams.

Dear Madam:

Your letter of the 30th ultimo was received here this morning and at the request of your son Chauncey it is being arranged so that he can leave here this evening for your home. His ticket for use to Eagle Butte will be paid for from the amount of $50.00 you enclosed with your letter for transportation and the balance of the amount will be handed to him to pay for incidental expenses.

Will you let me hear from you after Chauncey has arrived at your home?

Very truly yours,

HRM. Superintendent.

Dear sir:

Just now we have so much work to do around this ranch.

The cattle, especially the cows need close attention and I am wanting Chauncey at home to help with the work.

Will you give him an honorable dismissal?

will find enclosed
for this trans-
lation and in-
cidental expenses.

Very Respectfully
