NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

My dear Friend:

Your letter of the 10th instant has been received here and in the absence of Superintendent Lipps I extend best wishes for a continuing improvement in the condition of your health.

It is noted with a great deal of satisfaction that you are feeling very much better than when you arrived at home and that you expect to be entirely well soon. As the warmer weather of the spring must have come to your home much sooner than so far to the north as we are located it should help you to get well the more rapidly.

Again with best wishes, I remain,

Very truly yours,

Mr. James E. Henderson,
Superintendent, The Cherokee Agency,
Cherokee, N. C.

My dear Mr. Henderson:

In addition to this morning's report to the effect that Callie Wolfe is "feeling very well", our physician has stated that she "is comfortable with slight improvement in her general condition". In view of the fact that some slight improvement in her condition has been noted it is hoped the ultimate outlook will not be as unfavorable as was feared earlier this week.

I will keep you informed what progress is being made with the two Cherokee students who are now in the most serious condition in our hospital in spite of the fact that very unseasonable weather this winter has been the cause of a great deal of sickness among our students.

Very truly yours,

HKM. Superintendent.

Mr. James E. Henderson,

My dear Mr. Henderson:

Among the other reports that were submitted today by Dr. Rendtorff regarding the condition of students now confined to our school hospital was the one copied below:

"Callie Wolfe is tubercular. Although she is not suffering and has improved since entering the hospital her condition is such as to arouse anxiety."

Very truly yours,

HKM. Superintendent.

Febr. 17th, 1916.

Mr. James E. Henderson,
Superintendent, The Cherokee Agency,
Cherokee, N. C.

My dear Mr. Henderson:

I regret very much to report to you that on Tuesday of this week Callie Wolfe was brought in from her outing home to our hospital and that her condition is not at all satisfactory. Callie was taken ill some time ago with an acute attack of the grippe and just as soon as she could be moved with safety she was brought in as stated above. She was evidently tubercular as indicated by the troublesome glands on her neck and as the condition has been aggravated by complications our school physician has found it necessary to make a report as follows:

"In regard to Callie Wolfe I will say that she is very ill if indeed my surmise as to the true nature of her condition is correct. I fear that we are dealing with an acute tubercular process, but would like a little more time to render a definite decision. Please tell her people that we fear a tuberculosis in her case. This will prepare them for the news that will naturally be our duty to impart in the future."

Very truly yours,

HKM. Superintendent.

Mr. James E. Henderson,
Superintendent, The Cherokee Agency,

My dear Sir:

Upon receipt of your letter of June the 1st, containing the inquiry about the condition of Callie Wolfe's health, I referred it to our School Physician with a request that he make me a report. I submit below for your information a copy of the statement that was addressed to me on June the 5th:

> "Callie Wolfe has had slight glandular trouble. One of the affected glands was opened and curetted and is now practically well. Callie's general condition is very good, so that the father may rest assured that there is nothing to worry about."

Trusting that such a reassuring statement from our School Physician will enable you to convince Callie's father that the trouble she has had with the glands on her neck was not serious and that she is getting along nicely, I remain,

Very truly yours,

HKM.

The Superintendent,

Sir:

The father of Callie Wolfe states to me that he has been informed that his daughter is ill at your School with some swelling of the face; he appears to be very much troubled regarding the state of his daughter's health and has requested that I write you for a statement of her physical condition. Will you please, therefore, let me know as soon as possible, in just what physical condition Callie Wolfe is, and what the swelling of her face indicates if anything, that I may in turn communicate the facts to Mr. Wolfe? I have told him I would write you for full information in the matter.

My dear Friend:

I am greatly pleased to have your letter of March the 22nd, and although you do not state how much you have improved since you arrived at home I take it for granted that you are stronger. I trust you will let me hear from you again and that you can report an improvement in your condition.

As the spring time is coming on so rapidly it will afford you an opportunity to get into the outside air and with home care and plenty of sunshine you should continue to get stronger. Do the very best you can to carry out the instructions Dr. Rendtorff gave you.

With best wishes for a very pleasant spring and summer, I remain,

I have your letter enclosing a subscription for the Arrow and have sent it to Mr. Brown, the printer. If you do not get your paper regularly you can let me know and I will look into it.

You ask about Minda Hill; she is here at the school at the present time.

Relative to the baskets which you and your mother want to sell I have to advise that I think the small ones which the Cherokees make would be very good sellers. We have a little store on the school grounds where they could be handled very nicely if you had any such. I would recommend that you write to Mr. George F. Tyrrell, who has charge of the store, and he can let you know direct whether he can sell these for you.
