Miss Alice Logan
The Sanitarium
Mont Alto, Penna.

My dear Alice:-

The little package of handkerchiefs which you returned to Mrs. Denny a few days ago, was the first indication we had that you had returned to Mt. Alto. When did you return there and how are you now? We shall all be glad to hear from you and I hope you will write me before long, telling me all about yourself.

We have started with our winter's work with a very nice set of pupils, boys and girls who seem ambitious and are willing to work hard. The outlook is very bright for a good year at Carlisle.

Last evening the boys and girls were allowed to have a masquerade dance and I think they all had a good time judging from the noise and racket. There was no rowdyism however.

Do you get the Arrow? If you do not, let me know and I will have it sent to you each week.

With my kind regards to you, I am

Very truly yours

June 22, 1916

Miss Alice C. Logan,
c/o Tuberculosis Hospital,
Mt. Alto, Pa.

My dear Alice:

I have your letter of June 20th, and I am sorry, indeed, to have such discouraging news from you. However, I cannot but think that perhaps you are not so badly off as you think you are. You will have to pass through a long period of discouragement and impatience before you can ever be your old self again. This, it seems, is a common experience with all people who are suffering from the malady from which you are suffering.

As regards your request to be taken from the Sanitarium and returned to your people, I am going to leave that for Mr. Lipps to decide. He will be here day after tomorrow and I shall bring this matter to his attention as soon as he returns.

Above all, Alice, do not lose your nerve, for that is one of the worst things that could happen to you. Keep yourself firmly in the belief at all times that you are going to get well. Do not let yourself think for one minute that you will not recover. The chances are strongly in your favor and I see no reason why you should not come through all right. However, you must make up your mind that it is going to be a matter of months and months and not one of days or weeks.

Very sincerely yours,

Dear Sir:

Your letter
was gladly received, and
am glad to think you have
taken my matters into
consideration about leaving.
I hope it will turn out
that I can go home after all
because I feel as if I cannot
be contented. I am losing
in weight right along.
I need the farm at home
and the change of food is
my only trouble. I need
something different than they

have up here. My Grand-
father understands my case
and hopes I can come home
so he can take care of me.

I have become worse
since I came up here and
many of the patients say
the same thing, but I am
able to walk around yet
but I haven't been out of
bed to go to ^{the} Swimming Room
or outside for seven weeks.

I had my examination
by our two doctors today
and I'm quite sure I didn't
pass a good examination,
by the way I felt then.

I hope Mr. Johnson the

head doctor since permit
me to go home soon.

I will close my letter
wishing for an early reply.

Mr H. K. Meyers

Dear Sir:

I am writing to you in regard of my leaving Mt Alto. I wish I could explain matters personally in regard to my coming and the food they have here.

Mr Meyers I haven't gained any in weight to what I saw today. My courage is about lost, and since my grandfather and his daughter (my mother) have a place for me, they are wanting me home besides my grandfather is a doctor, so I know

I would be with my relatives. I am quite sure last year my term expired but I stayed over time, and since I haven't improved any I'd rather go home and be there with my people. My mother would like to have me come near the last of this month and will you kindly let me know early.

Patients are leaving daily for the same thing, besides they are dying of. This is a beautiful place, but it can't do me any good. so I hope you will kindly help me in my trouble.

How is Mrs Meyers and
little Harvey.

I will close with
best regards to the

My dear Sir:

May I bring to your attention the enclosed letter that has been received from Alice Logan, the Indian girl from this school who has recently been admitted to the State's institution at Mont Alto? There is attached to the letter the reply that has been addressed to the girl.

Alice is evidently quite homesick and it will be appreciated if you can have the letter referred to the proper authorities with a request that a recommendation in the premises be submitted for consideration.

Assuring you that we will gladly cooperate as may be recommended, I am,

My dear Sir:

I have taken up the case of Alice Logan, a patient at the Mont Alto Sanatorium, with the Medical Director of that institution, and am enclosing herewith a copy of his reply. I am also returning the letter addressed to Mr. Meyer by Miss Logan.

June 21, 1916.

Hon. Samuel G. Dixon,
Commissioner of Health,
Harrisburg, Penna.

My dear Doctor Dixon:

I have yours of recent date concerning the case of Alice Logan with enclosed correspondence, which I am returning herewith. In reply I regret to say that this patient, admitted April 28, 1916, is a hopelessly advanced, active case confined to bed, gradually losing weight and strength without any apparent prospects of material improvement, but on the contrary, a case that bids fair to continue progressive with a decidedly unfavorable prognosis. She has marked consolidation of the upper and middle lobes on the right side with abundant moist rales and a moderately sized cavity in the upper lobe posteriorly. On the left side there is marked infiltration of both lobes with numerous rales throughout this lung. The afternoon temperature is usually about 102, pulse 112, and respirations 24 per minute. Her cough is troublesome, expectorates rather profusely, there have been occasional attacks of pleurisy and she frequently has night sweats. As may be imagined, her appetite is poor and while she makes no specific complaints concerning the food, except mention of eggs on two occasions which she claims were not altogether fresh, but which she said nothing about, states that on the whole it is good although she cannot eat it

on account of what she terms the monotony in preparation. She is very homesick and while nothing has been said to her concerning the prognosis, it is altogether probable that she realized that her case is hopeless.

As to the matter of removal, would say that it does not appear advisable as it would probably be attended with an element of danger under the most favorable conditions, but if this ^{is} desirable, it will be necessary for her friends to furnish a cot or stretcher, necessary bed clothing and an attendant en route to her home.

It is impossible to offer any very definite idea as to the duration of life but it appears to be a matter of a few weeks only and her general condition is such, that with the development of any serious complications, a comparatively sudden death would not be unexpected.

Trusting you will assure the friends of this patient that she is receiving every possible care and attention, I beg to remain

Very truly yours,

(Signed) FRED C. JOHNSON

Miss Alice Logan,

Carlisle, Pa.

Dear Madam:

I am sending you herewith new application blanks to replace the ones which you signed some time ago and which was suspended for the reason that you are enrolled as "Alice Logan" and you signed the application blanks as "Alice C. Logan". The difference in your signature and the way you were enrolled escaped my notice at the time and was forwarded to the Indian Office, but it was disallowed for that reason. It will be necessary, therefore, for you to submit new application blanks and see that you sign your name as it is written in the body of the application blanks. Your name should be signed on the lines indicated by lead pencil cross and you will then have two persons identify you by signing their names on the lines on the back where indicated by lead pencil cross and then have them swear to it before a Notary Public, who has a seal. Be sure that the Notary attaches his seal. When this is done return the blanks to me and I can submit the application.

My dear Sir:

I am having enclosed herewith Alice Logan's application in duplicate for her share of the tribal payment that was made to the Senecas in 1915. Each copy has been signed by her as was directed by you in your letter of the 4th instant.

Alice does not have any money to her credit and at the present time is entirely without funds, so it was not feasible to have the copies of the application further executed as was requested by you on account of the fee that would have been charged by a Notary Public. The liberty has been taken to have the certificate of identity executed before me in my official capacity.

Dear Dr. Dixon:

Alice Logan, one of our Indian girls who came to us originally from Corydon, Pennsylvania, has been afflicted with tuberculosis for the past several years. She has kept up her strength very well, but our school physician now believes that she should have the benefit of Sanatorium treatment.

Will you please have me advised whether it can be arranged to admit the girl to the State's institution at Mont Alto and how I can cooperate with your department to complete all arrangements necessary if favorable consideration can be given my request?

Very respectfully,

Dr. R. L. Russell,
Superintendent, Sec and Fox Sanatorium,

My dear Dr. Russell:

In June of 1914 you agreed to enroll Alice Logan of this school in order that she could be given special treatment to arrest the incipient tuberculosis that was then evident. You had transportation placed for her use, but at the request of the girl herself her going was delayed and later she improved so generally that it was believed unwise to send her away.

Our school physician has now reported that she is again breaking down and has recommended that she should be placed in one of the Indian sanitoriums. Will you please advise me whether you could find room to accommodate the girl and in what way you could cooperate with us to give her the special care of which she is in need?

Whatever consideration this request can be given will be appreciated.

Dear Sir:-

Your letter to Dr. Dixon was read by
him and referred to me for reply.

As the patient in question is a resident
of Pennsylvania there will be no difficulty as to
arranging her admission to one of the State Sanatoria.
She should present herself at the Carlisle Dispensary,
located at No. 51 West High Street, on either Tuesday
or Friday at 12 o'clock. Here, she will be examined
by the physician in charge, Dr. Harvey B. Bashore,
or his assistant, Dr. E. R. Plank and her application
for admission will be forwarded to this office. She
will be notified to report at the sanatorium when her
turn is reached on the waiting list.

Sincerely yours,

Karl Schäffle

Dear Sir:-

Your kind letter of the 11th, instant,
has been received.

Have received the application of Alice Logan
and note that she is being treated at Carlisle by being
placed on a sleeping porch, which is a splendid idea.
Rest, plenty of fresh air, nourishing food and proper
hygiene are the requisites to be carried out until the
notification is received for her admission to the sanatorium.

The enclosed pamphlets will be of help.

Sincerely yours,

Karl Schaffle

Dear Sir

I thought I would write to you this evening, I am well and happy. I am very glad that I got my big yard all raked up for the summer Mrs Rawlings has set a lot of chickens to have some little tiny chickens to take care of we have some chickens just all ready hatched they are two weeks old, Mr Rawlings was putting his buggy away in the wagon house. I ran to him and said Mr Rawlings what do you think I went

ice house and
found four dear little
pittens just born their eyes
are not open and they
do not know how to walk.

Dear Mrs. Logan:

Answering your letter of the 2nd instant, relative to information regarding a trunk that your daughter, Alice should have received, have to say that as yet no trunk has been received for her. The way to handle that matter is this: You go to your depot agent, or express-man, or whoever received the trunk from your boy, and make them trace the trunk. You should keep after them until they locate the trunk. The search should come from your end of the line. If the trunk had been received at the Carlisle depot it would have been received before this, as two expressmen come out here every day. The trunk should be traced from your end of the line.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

"I advise that Alice Logan be sent to one of the Government Sanitoria, or failing in this that she be returned home. She has an incipient pulmonary tuberculosis."

Alice was seen at this office this forenoon and she is anxious to be given an opportunity to go to the Government's new Sanitorium at Toledo, Iowa. Her transportation to that point would probably be provided from Government funds and she would have a good chance to make a recovery under the special treatment that would be given her there.

My dear Madam:

I submit below for your information a copy of a report that was addressed to me on the 18th instant by our School Physician:

"The following patients, all of which are tubercular, I recommend to be sent home as soon as arrangements can be made: (Three other names are listed with your daughter Alice's. OHL) All these children are now in excellent condition, having had weeks of treatment. They are in fact to be considered as having recovered so that I can hardly recommend them for sanatorium treatment. In case the home conditions of any of these children is very unsatisfactory that child may be retained, but otherwise I consider the confinement and strain of school life undesirable."

In view of the fact that your daughter's health is now in such improved condition and her period of enrolment would terminate at the close of school, will you advise me whether it will meet with your approval to have her sent home to you? A reply at an early date will be appreciated.

My dear Sir:

Alice Logan, who is the daughter of Mr. and Mrs. Chas. Logan of Corydon, Pennsylvania, is afflicted with tuberculosis. Careful treatment has had to be given her for the past several years and though she is now in good condition it is the recommendation of our School Physician that she be taken away from the necessary confinement of school life.

When the question of her return home arose it was learned that the father and mother have separated. Alice desires to go to her mother and the father has written me that he does not want to have her do so. At the suggestion of the father I am writing you for advise and I assure you that any assistance you can give which will help me to decide how best to care for Alice will be appreciated.

I remain,

Very truly yours,

My dear Mr. Trippe:

I thank you for the kind favors you addressed to me on the 8th and 18th of this month relative to conditions at Alice Logan's home and the wishes of her father regarding the care that is to be given her in the immediate future.

I believe that Alice should not be confined in school, but as she is being given the best of care here it has been decided that we will keep her here. If at a later date further hospital treatment becomes necessary that too can be secured for her. While here she will at least be saved from a far worse end than could come to her thru illness alone.

Alice has had several very good homes under our Outing and as charitably inclined patrons are sometimes willing to have a girl come to them for the benefit of her health it may be possible to secure such a change for Alice.

Assuring you that your kind co-operation is appreciated, I remain,

Very truly yours,

My Dear Sir:

In regard to his daughter Alice her
father Charles Logan ^{in his name} writes that it
is his opinion and desire that she be
sent to some hospital for treatment for
Tuberculosis, if she can do a little
work that a place be found where she
will be kindly treated and not worked
beyond her strength. He does not want
her sent to the reservation because it is
bad for morals and for health especially Consumption
In no case send her to her Mother

Thank this is sufficient but if you desire
any ^{more} information please write,

Very Sincerely

Dear Sir:-

In reference to the Logan case will say:
Mrs. Logan has left her husband and home and gone away with a young and rather
worthless Indian. He has no home of his own and as he drinks, he would not be
able to give Alice such care as a girl in her condition ought to have.

The father, so I understand, has the two children to look after and if Alice
is able to do any house work she should go to her father and help him care for
her little sister and her brother. It is a hard matter to give advice in this
case because, if the father drinks he would be no protection for Alice and his
home would ^{not} be a safe place for her physically or morally.

I have been off my field for three months and do not know really the
conditions at Cornplanter. Will go there on Saturday of this week and on my re-
turn home Monday will write you how the father is doing.

At any rate Alice should not ~~be~~ sent to her mother. If she is too sick
work she should not be sent back into this valley, that is if there is any
of her living. If she must ~~die~~ then she, perhaps, ought to be permitted to
among her friends on the reservation.

Respectfully
W. F. Lipps

My dear Sir:

Referring to correspondence we have had recently relative to the return home of your daughter Alice, this is to state that it has been decided to keep her here for the present. Every possible care will be given her and it is hoped we can continue to keep her in as good condition physically as she appears to be now.

In this connection I beg leave to call attention to the fact that it would be appreciated by Alice if occasionally you could send her small amounts of money with which she could procure for herself the things that are dear to a girl of her age. I bring this to you as a suggestion and I know that it would help Alice to become reconciled to the fact that her parents are able to do so little for her in the way of providing a home when now she needs it most.

Hoping you will let me hear from you from time to time so that we can keep in touch with you for Alice's sake, I am,

Very truly yours,

Mr. Ezra L. Jacobs,

216 Calyer St., Brooklyn, N. Y.

My dear Sir:

I have been informed by your sister's daughter, Alice Logan, that you have extended her an invitation to spend the summer with you at your home in Brooklyn.

Alice has tuberculosis, but is at this time in excellent condition. Her return home would have been effected before this time but I have learned that neither her father nor her mother can provide for her at this time.

Alice can be granted leave of absence for the summer months if you desire to have her visit you, and under that arrangement funds would have to be placed on deposit with me to pay for her return transportation between Carlisle and New York City.

Will you please let me hear from you? The envelope I enclose may be used without affixing a stamp.

Very respectfully,

HKM.

My dear Sir:

Referring further to my letter of recent date relative to the care that is to be given Alice Logan, I now submit herewith a copy of a letter I have just had addressed to Alice's uncle in Brooklyn.

If you can give me any information regarding Mr. Jacobs or have any further suggestions to offer please let me hear from you. I enclose an envelope in which your reply may be mailed.

Trusting you are not being inconvenienced by my requests, I remain,

Very respectfully,

My Dear Mr Lipsley:

Egra Jacobs the Uncle of Alice
is a no good Indian. The last
heard from him he was a prisoner.
Rather send Alice any where else
than to Egra Jacobs.

Of Course I am writing you in con-
fidence but must tell you the
plain fact.

Am going to Compulsory School
and if I am mistaken as regards
to Egra and the father in that
Alice sent to him (Egra) with ^{you} while
but otherwise you receive no word
from me Consider that I have told the

Dear Sir

I am in receipt of my daughter's letter, dated the 24th, in which I was exceedingly surprised to learn that she be held by your administration, because of my (so called mix up in my family).

I believe you are a person of good judgement, and to put yourself in my place, and I br. Charley Logan. - and then I will tell you the whole truth, - "only the worst treatment Charley Logan has given me!"

Now, you had three little children, just big enough to give motherly care over them

OFFICE OF INDIAN AFFAIRS

Constantly, - I, "Char Logan" go away
and leave the wife ^{and} children
all to themselves, and let the wife
do the best she can to care for
the little children. How would
you feel, if you was in my place?

If one of the children had died,
that could tell you the same thing,
and one is still in this world,
and she is under your care,
she can tell you the whole
thing of it.

I will tell you another
incident, that was shown to
me by this same man, Char Logan.

We was living below Warren
City, when the incident happen,
Charley Logan was on his usual
spree, he came back way in a
night with another man,
both of them were drunk.

'Charley Logan' got me up from the bed and told me to do (9) and get money out of this person he had with him.

I resisted on this, and 'Charley Logan' threw me across the bed put his elbow, and his whole weight across my abdomen, - and called his friend in and said, "Now come in and have your share" (11). This person came as far as bed room door, and seen what was going on, he turned back, and went away, I can mention this man's name if it be necessary, - How would you feel toward Charley Logan if you was in my place, I could tell you many

of bad treatment "Charley Logan" has
given me.

I have a good nice home awaiting
for Alice, and I long for her to be
with me, and I am sure I
will give her a good treatment,
and the climate would help her
very much. A better home
than Charley Logan could ever
give to his daughter,

Thanking you for your
kind consideration, I am
respectfully
yours.

My dear Mr. Trippe:

Only this one time more will I trouble you about the question that has arisen what to do with Alice Logan.

There is enclosed herewith a letter from Alice's mother, and as Alice herself is anxious to go to the mother I desire to be advised whether that might not be the better for the girl after all.

Your usual prompt and definite reply will be appreciated and I would thank you to return the enclosed letter with your reply.

Dear Mr Lipps;

Do not hesitate to write me as often as
necessary concerning our Indian children I will
pay attention at once to any communication from you;
As to this "Mother's" plea for her daughter. Against the
protest of her father and brother and all the neighbors
she deserted her husband and two young children
and went away with a younger Indian than her husband.
She was infatuated by this young fellow who may
be kind to her even if a drunkard
C. Taylor Logan may be rather ugly when under the
influence of liquor but he has provided well for his wife
me

and Children. She is acting the
part of a fool and unnatural
mother to leave her home and her children
I simply beg of you to keep Alice in
Cairish, to send her to that home
and usurpation will, I fear, be her
Everlasting undoing.

Very Sincerely

My dear Sir:

I have received your favor of the 8th instant, stating that you can give Alice Logan a home if transportation for her use can be provided. In reply thereto I must state that since the girl's parents cannot agree how to care for her the entire situation will be presented to the Commissioner of Indian Affairs at Washington, D. C., with a request that I be advised what to do. In the meanwhile Alice will have to be kept here.

Dear Sir:

I am sorry to inform you that I can not extend the invitation to my sister's girl. I have all I can do to earn my board at the present time, as times are slow. I can give my niece a good home and give her good medical attention, but I can not forward any cash money for fare at the present time.

Would you kindly  me know if there is any way I can have her fare paid, Hoping to hear from you soon I remain
