Mr. Spofford Woodhull,
Walthill, Nebr.

Dear Friend:

I have your letter of April 15th in reference to Lizzie Lieb, your granddaughter, who is a student at this school, and is now living in a home near Philadelphia under our outing system. You state that Lizzie has written to you that she is homesick and wants to come back to the school.

Lizzie made application to go out under the outing system, and it was at her own request that she was permitted to go. She said that she had written to you telling you that she was going to the country, but that you never replied to her letter. Our Field Agent, Miss Johnston informs me that she has visited Lizzie three times since she went out on April 9th. I will have Miss Johnston visit Lizzie again very soon, and if we find that she continues to be unhappy and lonesome, we will return her to the school. Most of the boys and girls get lonesome and homesick after leaving Carlisle, but they soon get over it and many of them become very much attached to their country homes.

We will do what we think is best for Lizzie's welfare, and I hope you will have no uneasiness about her.

Very sincerely yours,

OHL:SR

MISS LIDA M. JOHNSTON, Girls' Agent.

MR. D. H. DICKEY, Boys' Agent.

Mr. O.H. Lipps,
Supervisor Indian School,

Dear Mr. Lipps:

Lizzie Lieb made application to go on the Outing on Feb. 24th. She tells me that she wrote to her grandfather in her home letter that month that she was going to the country. She tells me he never replied to her letter. It seems to me that had he any objections to her going on the Outing, he had ample time between that date and April 9th to state these objections. Lizzie also tells me that she wanted to come to the country "to learn".

I have visited her three times since she came out, April 9th. I felt she was none too robust so placed her accordingly. Lizzie tells me she does not like children. The work is not at all hard- two in the family- Mr. and Mrs. Waller and Mrs. Waller expects to teach a girl. I had a long talk with Mrs. Waller on April 17th, suggesting such things as I thought would be helpful to Lizzie's training and contentment.

True, I am sure Lizzie will be lonesome - most of the girls are at first but that will wear off in her efforts to become interested in her work. Mrs. Waller says she finds - Lizzie very forgetful when given directions-but seems willing and obedient. I judge the forgetfulness is due to disinterestedness as she ~~she~~ never fails to forget that which interests her personally, such as having her numerous letters written and laid on the window sill, ready for the mailman when he calls.

The cause of Lizzie's unhappiness lies in this fact:- she repeatedly forgets and when told over again she becomes discouraged and blue and thinks she cannot learn -wishes she had never come to the country, etc.

Here are some of the instances - had to be told three times to always wash glasses first in dishwashing- cannot remember to put coal on to keep up a small fire this warm weather-fails to remember about wiping the stove, and various other little things. I think the child feels swamped and never having any of these duties before, naturally thinks the best way out is to go back to Carlisle where she will not have any of these things to do.

In my judgment it would be very unwise to give in to her feelings to make an immediate change. Ten days in a home is not a fair test for either Lizzie or Mrs. Waller, but in my talk with both we have decided, subject to your approval, that if Lizzie still continues to be unhappy, that at the end of the month on my next visit, I will make a change of home for Lizzie.

Very respectfully, Lida M. Johnston.

April 30. -14.

My dear Grandfather -.

I will drop you a few lines to let you know how I am getting along.

I am well but lonesome in the home where I am.

I hope you are all well at home.

Its been long time since I have written to you.

I left the school 9th of April and Aunt Fannie was in the same train with me.

I guess she told you about me coming out in the country.

The work is not hard but I can't do it to please the lady I am working for.

II. I always try to do my best while I am out here.

Miss Johnston is here today and she said she will come in May to see how I get along.

If I am still unhappy she will make a change in it.

So you don't need to worry Grandpa.

I will do the best I can.

I will write later again and let you know how I am.

With love.

I am your granddaughter.

My dear Sir:

Noting in your letter of the 15th instant that the guardian and relatives of Lizzie Lieb desire that she shall be transferred to Haskell Institute when her period of enrolment at Carlisle has terminated, I must call attention to the fact that she has recently had to be returned here from her outing home to which she had gone to regain her strength and that she is not in as good physical condition as she should be to attend any school. When she leaves here she should go home or to some sanatorium where she will have a chance to recover from the tuberculosis with which she is now suffering.

If there is anything we can do from this end to make arrangements for her care after she leaves here do not hesitate to let me know how such help can be given.

Referring further to the request that Lizzie Lieb be transferred to Haskell Institute when her period of enrolment at Carlisle has terminated, I am having copied below for your information and guidance a report that has just been sent to this office by our school physician:

"Further observation of Lizzie Lieb has convinced me that the best thing to do in her case is to recommend her for sanatorium treatment. Failing this she should be sent to her native climate. Tuberculosis has been so prevalent during the winter and spring that it will be well to dispose of our cases as speedily as possible."

In view of the recommendation contained in the physician's report, will you please have me advised whether Lizzie can be cared for if she is sent home? She does not have any money to her credit to pay for incidental traveling expenses.

Mr. Lippa,
Dear Sir,

March 31, you sent
Lizzie Diet to me - she
seems to be a very
nice girl - as polite,
neat, and attentive
as any girl I have
ever had - We all
like her - and I hope
she likes her home -
I am sending a
letter to your school

physician which
hope will reach him
and receive attention
at once.

I have been giving Lizzie
attention since the
day she came as her
cough worried me -
especially when she
told me how long she
has had it. Her ex-
pression is not that
of a well healthy girl
and back ache at her
age - with the light

work she has here would indicate
some trouble - and she is
not a "complainer". I had to talk
quite awhile with her before she
told me -

Yesterday she got breakfast
and went to S. School - later
a walk - no other work as we
had dinner out - also lunch -
to-day - meals with which I helped
and her own clothes to wash - then
she & I mended awhile -

She is not sick at all, but
the cough and pain in back
near lungs made me feel
anxious -

She has done so nicely - tries
to please and I hope we
can help her -

Very respectfully,

Mrs. W. C. Stoner -

Dr. Rendtorff,

Dear Sir,

Could you tell me what
you had given Dizzie Diet
for pain in her back?

She came to us Mar. 31 -
and had a cough when
she came - I have been
watching it up and got
medicine from our
physician for her - it
seems better - but she
still coughs - This is - I

But she had left it in her room.
She says she was at the diet
table & she asked you if she did
not have tuberculosis but you
said not -

Me like Siggie - she is doing nicely
and is quiet, neat & nice but
I do feel worried about her -

She will not have any heavy work
here and I will do all I can
to help build her up but if
she has any tuberculosis
trouble I should know it -
as I have a small child
and I have been most careful
about him - and if she has
any of that trouble I could
not rest easy & she should be
where she could receive special
care - if however, she is only
run down, then I feel I can
help her - Not I hope you.

asked her to go with us
walking but she said
back hurt - as she had
had a very light day's
work - in fact we sat
& mended & darned part
of the afternoon - I asked
her if her work had caused
it she said no - ever
since she had quiffe
she has had pain in
her back - I asked if she
had told you - she said
she had and you gave
her some thing for it

be perfectly frank
with me - for its not
only to my interest
but Lizzie's as well.

I will send this to
the Outing department
hoping it will reach
you and receive prompt
attention.

Lizzie my Mr Wright
dropped and she
also told me she ate

lemons with salt of -
which of course would
help her weight to
drop.

We all like her, and
there she likes it

Mrs. Denny: I can find nothing wrong with Nesbit Weeks. He seems to be in splendid health at the present writing.

In answer to the enclosed letter inquiring about Lizzie Liep will say that the girl has been delicate and that I kept her under observation for this reason. There has never been any sign of more serious trouble although I had thought that she might become tubercular and have watched her for that very reason. It is very likely that her present cough is due to cold. Should this persist it would be well to send Lizzie home. I enclose a belladonna plaster which please direct Mrs. Stoner to apply firmly to Lizzie's back.

My dear Friend:

I was pleased to receive your letter of July 15th and all of us are glad to know that the doctors have expressed the opinion that you are not suffering from an attack of tuberculosis. With the care that can be given you at the Sanatorium you should soon regain your usual strength and then you can go ahead with your school work.

In regard to your sister I can state that she did not seem to be very strong when she went to her present home on June 1st. Her patron seemed to think at first that Mary could not remain, but arrangements were then made to give her an extra supply of milk and eggs and evidently she is now becoming stronger. You can assure your grandfather, therefore, that Mary must be well and getting along satisfactorily.

Thanking you for kind personal wishes and hoping that we shall hear further encouraging reports regarding you, I am,
