Miss Mabel E. Hodge,
Hampton Institute Press Service,
Hampton, Va.

My dear Miss Hodge:

This is to acknowledge receipt of your favor of the 29th instant relative to information about Henry J. Flood and the talk he is planning to give at the Hampton Institute on the evening of February the 8th.

When Flood was seen at this office he stated that he has not written out the talk he is planning to give, but that he has previously made a study of the subject, Indian Citizenship, and that he will use notes to follow out the general theme that Indians must educate themselves if they are to receive the full benefits of citizenship.

Flood is a half-blood Sioux whose parents reside at Martin, S. D. He was enrolled at the Haskell Institute prior to this year and came to Carlisle to prepare in a local preparatory school for college. He is best known for his athletic skill, but is a splendid student and unusually ambitious. In 1914 he was selected for All-Missouri Valley honors as a football quarterback and he won favorable

mention in other contests. He is a forward on the basket ball team that is to meet the Hampton boys and thus far he has given a good account of himself in our games.

Trusting there has been given in the foregoing paragraphs what will be of use to you, I remain,

Dear Mr. Lipps:

Miss Andrus has just shown me a telegram from you saying Henry J. Flood would take part in our Indian Citizenship Day program here. We would like very much to secure an advance copy of his talk and some personal information about him. I am not sure just what is the proper method to go about securing this material -- whether through you or if I should write to Flood himself. If the latter is the case will you please drop me a line to that effect, or if it is all right, coming through you, we should appreciate very much having you send us this information and material.

Very sincerely yours,

Mabel E. Stodge

Dear Dr. Hutchison:

Mr. Henry Flood,
Martin, S. D.

Dear Henry:

A number of changes are being made in our employee force at Carlisle for the coming year. Among others, Mr. Gehringer has been transferred to the Phoenix school as disciplinarian, and Mr. Duran has been promoted to Mr. Gehringer's place here. It has been found necessary to discontinue a number of positions and reduce the salary list on account of a provision in the last appropriation bill, limiting schools to the expenditure of \$167 per capita. Among the positions abolished is that of assistant disciplinarian in large boys' quarters.

I want to get a good young man to assist Mr. Duran mornings, evenings, Saturdays and Sundays, and I would prefer to give this to some worthy young man who desires to continue his education and attend the Conway Hall or Dickinson College. I thought that you would like this opportunity as it would enable you to continue with your school work at Conway Hall. I could pay you \$20 a month and board at the assistants' table in the students' dining hall, and give you a good room in large boys' quarters. The work required of you should not seriously interfere with your studies, although it might necessitate your putting forth a little greater effort.

You would be expected to assist Mr. Duran before and after school and on Saturdays and Sundays. The experience should be worth a good deal to you, aside from the opportunity it would give you to earn your own way through school. The \$20 a month should pay your tuition and incidental expenses, and if you make good I could carry you on during the summer months and give you your vacation with pay, which would enable you to save enough to buy your clothing, so that, on the whole, this would seem a very good proposition for you, if you are really anxious to continue your schooling.

Please wire me on receipt of this letter whether or not you will accept the position.

Very respectfully,

OHL:SR

Superintendent.

Mr. Henry Flood
Martin, S.D.

Dear Henry:-

I am writing to you relative to your bringing some pupils to Carlisle when you return. If you can get ten or more pupils, boys or girls, I will pay all your return expenses.

You understand that we want only healthy children between the ages of 14 and 21. We can get special authority to enrol pupils 21 years old or over but they will have to pay their own transportation and they must be young men and women who are ambitious and who want to come here for a definite purpose. You know the kind Carlisle wants.

The rules regarding the enrolment of pupils from one non-reservation to another are very strict now so that you must exercise great care in selecting only those pupils who have completed the course at another school, not a term but a course.

I am sending you under separate cover, some copies of our last Arrow, also some catalogs, which you can use for distribution.

Trusting that you may be able to get up a nice party for Carlisle and with my best wishes, I am

Very truly yours

My dear Friend:

I have received your letter of the 21st instant and have noted that you must give up the idea at this time of continuing with your school training. I am sorry that such is the case, but doing your duty now as you see it may be the means of so adjusting conditions that you can resume your studies later this year or at the beginning of next year.

Extending you best wishes for success in your new undertaking and hoping I shall hear from you at any time I can be of service, I remain,
