Dear Frank:-

Your letter to Mr. Bradley comes to my attention. I shall be glad to print your letter in the Arrow because it will be of interest to your friends to know that you have about completed the course at the Ford Factory and because I believe it will be an inspiration to other boys who might have it in mind to do as you have done.

We are getting out an Outing number of the Arrow next month and I can use your letter in that number very nicely.

I congratulate you my boy, upon having done your work so well. You have made a good start and I hope you will be as successful in all you do hereafter.

With my best regards to you, I am

Dear friend Mr. Bradley

Knowing that you appreciate a word now and then from the past scholars of Carlisle it occurred to me not out of place to add my bit about my appreciation of what Carlisle has done for me.

It was most fortunate for me to be one of the class of May 30, 1917 representing the Carlisle school in the students course at the Ford factory, ¹⁹¹⁸ ₁₉₁₅ parent plant, Detroit Mich.

It gives me exceeding pleasure to inform you that I will be the first one to finish this course completing it in two weeks. I have worked hard, studied studiously, and have carried myself as befitting a scholar of the Carlisle school.

I want to again thank Carlisle
for its intrests, in my behalf for
the opportunity it has afforded
me to enter this course.

It has been of great value
to me, having acquered considerable
experience both mechanically
and theoreticallly.

I beg to remain,

Very truly yours

Dear Frank:

I have your letter asking for advice about placing your money in the bank or putting it into a life insurance policy.

I have given this matter careful thought and my advice to you is to ~~put~~ your money in the bank. Mr. Bradley tells me that you are careful in the spending of your money and if you put it in the bank you can draw as you say when you are ready to use it. Then, too, I understand you are subject to draft for the Army, and with Army pay I think it would be rather difficult to manage to pay the premiums on an insurance policy.

So after all I believe since you have no difficulty in saving money that you could put a certain amount in the bank on every pay day. Best wishes for your success.

It will be satisfactory to have you return to school in October, but as it would be to your advantage to come before that time I hope you will yet be able to make the arrangements necessary to do so.

My dear Frank:

This is to acknowledge receipt of your letter of April the 24th, in which you convey your mother's desire that your sister Christine and your brother Frank be given permission to return home early this month. In reply to your letter I must state that Christine cannot well be allowed to leave her Outing home until June 1st, but arrangements have already been made to effect her release at that time.

Your brother has gone to an Outing home for the summer months, and it will cause some inconvenience to make the necessary change by which his return home could be effected. I would thank you to explain the situation to your mother, and if then she yet insists that Frank return home I will be pleased to hear from you again. I presume your mother understands that Frank's transportation home would have to be provided for.

My Friend:

I have your letter of February 25 transmitting one from the chairman of the local board of Old Town, Maine, regarding your liability to the draft. You claim that you are a non-citizen Indian; that your tribe does not pay taxes, and that your people still maintain their tribal relations, receiving food, fuel, etc. from the local agent.

The Federal Government exercises no jurisdiction over your people, and the aid received by them is from the State authorities. I am therefore not in a position to pass upon your status as a citizen or non-citizen. The local board has apparently decided that you are liable to the draft, and the question is now on appeal before the district board. Your liability to the draft is one for the military authorities to determine, and I have no jurisdiction in the premises.

Your friend,

(Signed) E. B. Meritt

Assistant Commissioner.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without special permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mitchell Frank.
