INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN SERVICE

Carlisle, Pa.

March 23rd., 1916.

Mr. Meyer:

Josephus Senega has been ill in the hospital for the past five or six days but is at present improving. Physical examination has proven negative. A tuberculin test is decidedly positive leading me to think that a local tubercular focus exists and that this accounts for the existing temperature. In my opinion, with rest and proper diet, this boy will make an uneventful recovery.

Respectfully,

Walter Lindstrom M.D.

Mr. Jacob S. Seneca,
Irving, New York.

My dear Sir:

Josephine

This is to acknowledge receipt of your letter of March the 27th and to advise you that your brother's removal to some Sanitorium is recommended by our school physician. He is yet in such good general condition that at his age he should be able to overcome the tuberculosis that is becoming evident.

I expect to hear within a very few days whether any of our students can be accommodated at the Government Sanitorium at Toledo, Iowa, and I would thank you to let me know whether your brother may be sent there if there is room. Could you arrange for his care in your state if he is sent home?

Assuring you I will gladly do what I can to cooperate with you to care for your brother so that he may have the best possible chance to regain his strength, I am,

Very truly yours,

HKM.

My dear Sir:

Your letter was received, and am very sorry about Josephus Seneca's illness.

Will you please send Josephus report every week, so that we will know about his condition, we hope it is nothing serious.

Very truly yours

Mrs. William C. Morey,

My dear Madam:

Referring to the part of your kind letter of March the 29th in which you state that you may be able to arrange so that Josephus Seneca can be admitted to the Iola Sanitarium at Rochester, New York, I hasten to state that if such arrangements can be made I will send the boy to Rochester without delay. He is evidently afflicted with incipient tuberculosis and is yet in such good physical condition that the care and treatment which could be given him at the Sanitarium would enable him to regain his strength in a very few months.

Kindly let me hear from you soon whether the arrangements mentioned can be made and in what other way I can cooperate with you.

I enclose herewith envelopes you may use to mail letters to me and on which stamps will not be required.

Very truly yours,

Mr. O. H. Lipps,
Supt. Indian School,
Carlisle, Pa.

Dear Sir:

I am enclosing rules for your outing system which I have subscribed to, and will comply with.

My chief desire in taking Victor Seneca is that we have had his sister with us for over a year and expect to keep her and give her a good education. She is very eager to have her brother go with us to our summer home.

and if Victor should
prove to be as fine a
boy - as Adolphe Seneca
is a girl - we may
decide to keep him
also. As it would be
wise for these children to
be kept together - Their
father and mother are both dead
and their home broken up.

My small farm is
in Coldwater, Michigan
about ten hours ride from
here. I grow Paparagus
and Garden truck, and
keep a good gardener -
Victor would assist the
gardener - and cultivate the

over garden - keep the
 lawn in order etc.
 He would have no heavy
 work -

His sister Roberta who
 is with you knows all
 about my family and
 my place -

My Josephus ^{since} develops
Tuberculosis. I think we
 can arrange to place
 him in the Lola Sanitarium
 in Rochester. It would
 be the best place for him -
 He has relatives here - and
 we will look after him -
 Very sincerely,

Mrs. William C. Morey

Mr. Jacob S. Seneca,
Irving, New York.

My dear Sir:

Since writing to you on the 29th ultimo I have been informed by Mrs. William C. Morey of Rochester, New York, the lady who is now caring for your younger sister, that she can probably arrange to have your brother Josephus placed in the Iola Sanitarium at Rochester. I am taking the liberty to state to her in reply to the letter in which her kind offer is contained that we will send the boy to Rochester just as soon as he can be admitted to the institution named.

I trust such action will meet with your approval and that you will let me hear from you to that effect. As Josephus is in physical condition to regain strength rapidly under treatment we should not delay about sending him where the best of care can be given him and where absolute rest will be required.

Very truly yours,

HKM.

Superintendent.

March 23rd, 1916.

Mr. Jacob S. Seneca,
Irving, New York.

My dear Sir:

Your daughter Roberta came to my office yesterday to speak to me about the condition of her brother Josephus, who is now confined to our school hospital. Our school physician was at once requested to make a report in the case and this morning a statement as follows was issued:

(Josephus Seneca) has been ill in the hospital for the past five or six days, but is at present improving. Physical examination has proven negative. A tuberculin test is decidedly positive, leading me to think that a local tubercular focus exists and that this accounts for the existing temperature. In my opinion, with rest and proper diet, this boy will make an uneventful recovery."

In view of the fact that an improvement in your boy's case is noticeable no alarm need be felt at this time. Our physician will give every attention possible and it is hoped we can report soon that he is out of the hospital and regaining his strength.

Very truly yours,

HKM.

I am leaving for

I understand from
your previous letter Victor

Victor expects to come

Therefore I would suggest that you send both Victor and Josephus here at the same time and the earliest date which I could have them would be on Easter April 23rd or the day following - the 24th of April -

I expect to take this matter up immediately with the head physician

Mr. John Whitbeck the
superintendent of Cold

and before I leave for
New York I shall know
just how long it is
necessary for Josephus
to remain in Rochester
before he is or can be

This information I will
advise you of - as soon
as possible -

I expect to leave
for my summer home
the last of April - in order
to get started on the
summer work on May 1st.

I am very glad Victor wants to be with me - on his sister's account. She is eagerly looking forward to seeing him -

I will pay his fare to Michigan one way, and give him ten dollars a month, and all living expenses - I have never seen Victor, and my desire to take him is solely on account of his sister.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
