INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

Dear Sir:

ALL STATEMENTS OR AGREEMENTS CONTAINED IN THIS LETTER ARE CONTINGENT ON STRIKES, ACCIDENTS, FIRES, OR ANY OTHER CAUSES BEYOND OUR CONTROL AND ALL CONTRACTS ARE SUBJECT TO APPROVAL BY THE SIGNATURE OF A DULY AUTHORIZED EXECUTIVE OFFICER OF THIS COMPANY. CLERICAL ERRORS SUBJECT TO CORRECTION.

Further referring to our letter of September 19th and your wire of this morning, Peter Calac quit yesterday, stating that his mother was sick in California and that it was absolutely necessary that he return to her. This man has an excellent record in the shop; in fact, is considered the best man we have in the Motor Department. We have arranged to give him a three months' leave of absence and are writing our California Branch today to see if they can in any way make use of his services to enable him to be near his mother.

We believe under the circumstances it would be well for you to give him his release. We feel certain that Calac is not leaving on account of any dissatisfaction here and for any other reason than that which he gives us.

Gus Lookaround quit stating that he had business at home also. He firmly maintains that he has no complaint coming against the treatment received here and would be very glad to stay if it was not for the business interests which require his being at home.

We have had careful investigation made into the present feeling of the Indian boys concerning their work here and find that there is little dissatisfaction , with the exception of one or two men. These cases will be watched closely and their grievances remedied, if possible. The larger portion of the boys are coming to that point in their students' course where there is more machine work, and the work, of course, is not quite as pleasant as that which they have been doing in the past. It may be for this reason that some of them are not sticking it out as well as they did previously, although they are loathe to admit that this has anything to do with it.

We hardly believe it will be necessary for your representative to come here and talk with them, but, of course, if you feel you would like to do this, we would be glad to show him every courtesy possible.

Regardless of what nationality or type a man is, there is always a certain percentage of the men who will quit and who will not remain regardless of what opportunity is shown them and in view of the number of Indians here and the number who quit, the number quitting is only a fair percentage compared with what we find true of Americans.

Sept. 25th, 1916.

Mr. Peter Calac,
76 Midland Avenue, Highland Park,
Detroit, Mich.

My dear Peter:

Compliance with the request you conveyed to me last week by telegraph has been so long delayed because there came to me a rumor that some of our boys were not doing well in the Ford factory. Probably that was the result of the release from the factory of several of our boys, but I wanted definite information in regard to the matter.

This morning a very nice letter came to me from Mr. Griswold of Dr. Marques's office and in it he advises me that your mother is ill and needs you. That being the case I shall not object to your leaving Detroit and am enclosing herewith a check in the amount of $97.41 which represents the balance of your account here.

Mr. Griswold has informed me that you are being given a three month's leave of absence and that you are being referred to the Ford Company's California Branch. I trust you will secure work there and that you will continue until you have earned a certificate. You are one of the boys on whom we have depended and if you stick until the work begun is completed it will be an inducement to the other boys now in De-

troit to complete their courses. I hope I shall hear, therefore, that you will have an opportunity to go ahead with your work nearer your home until you are recommended to take charge of some establishment for the Ford officials.

Let me hear from you.

Very truly yours,

Encl.

Supt. J. H. Lippe,
Black Feet Agency.
Browning, Mont.

Dear friend:

I was indeed very glad to hear from you a few days ago.

So to-day while I have the time and after having talked to the Boys, I have decided to write you a short letter, and try to explain matters to you.

Well, I think all of the Varsity football boys are willing to go back again in the fall.

We are getting along fine and are in fine shape. I think we can give Wabash and Pittsburg three hands full.

There certainly is no reason why we should not have a good team this year, providing our system of play is not changed to some extent. I know if Bus will have any thing at all to say we will still have our old system.

I have heard that Coach Kelly's style of play is not very strong and if Bus can remedy it up I am sure will get along O.K.

I am certain that the "Pep" and "Spirit" and "Fight" will be among the boys this fall, for we certainly do intend to make some kind of a showing among The Eastern Colleges.

In order to make a showing we must have a team and have a good training table, equal to those in former years.

I wrote you some time ago, referring to all of this, in fact I want you the opinion of the boys and mine, but I do not know whether you received it or not, for you have not mentioned a word about it.

We certainly do, to have in our Building, now called the "Annex", as you noticed. We also could like our same training table at that building, as it was last year.

Since you say it is our critical year, there is no reason why we should not have things as in former years.

There is only one game in our schedule that we would like to have cancelled, that is if the committee is in favor of it, that is the Leigh game.

I know it will be the best thing for us, for we do not consider them but a "pushover", I heard that they used our lacrosse team very rough down there this spring. So it is all up to you.

If the student body is with the boys this year, I am sure it will give us a lot of encouragement, and also encourage the new students.

I have noticed that the "school spirit," has been very poor in the past year or two. In order to have a team we must have the "school spirit" as well as the spirit among the players. I know this by experience

The boys who do
not care to get back at
Fred. Schoendorf, B. Schoen,
Norman Thompson,
William Hall, F. Kittle
The rest may come
back.

Say Mr Lippe I
would like to ask,
if you could not get
the same opponent, Varsity
sweaters? I would
like these sweaters
with big necks, The
neck part being gold
and the body red, with
end of the sleeves being
Old gold and edge of the
pocketed at the bottom
also being Old gold. The
other sweaters, it seems,
everyone is wearing.

them, and it really is no honor now to wear a sweater there. I remember the time when no one could wear a big sweater only the football men, the track and Lacrosse teams had their own sweaters, but now it seems that every one is wearing them.

The post-bad jersey I hear are being worn by everyone around there. I do not think that a very good idea.

Why do they not turn them in after the Carnegie season? in fact after each season?

Now for the rest of school, and I am certainly going to do my part of keeping Old Carlisle back to type.

We will probably be going back about the first of Sept. I hope to see you soon.

I remain
your friend,
Peter Calac

P.S. Say McLupe, could you arrange it some how with the Co, that I draw all of my money on

the last pay. I said that I would
ed it. I guess that I will be very
lad.

We spent a very good
Vacation.

Aug. 19th, 1915.

Mr. Peter Calac,
54 LaBelle Ave., Highland Park,
Detroit, Mich.

My dear Friend:

Mr. Lipps forwarded here from the Blackfeet Agency the letter you addressed to him at that point. He stated that he has written to you regarding some of the matters mentioned therein.

Referring to your desire that the game with Lehigh University be cancelled, your attention is called to the fact that a contract for the game was signed months ago and that the Lehigh authorities now have a right to expect that the game will be played as agreed upon. The difficulty our boys had when they played the Lehigh lacrosse team was taken up with the Director of Athletics at the University and it resulted in nothing more than as many charges of unsportsman-like conduct on the part of the Indian boys as were charged against the Lehigh players. Whatever truth there was in the charges the fact remains that if the Lehigh players alone had erred there would be sufficient reason not to arrange another lacrosse game, but as far as the football game already arranged is concerned I do not see that there could be any honorable

course of action now except to play the game and then to take into consideration the Lehigh players' conduct in that game when the question of arranging a schedule of football games for next year has to be decided.

Referring further to your letter you are advised that there is no objection to your drawing the entire amount of wages due you for the month of August. If you will take this letter to Mr. Lee I am sure he can arrange the matter as you desire to have it.

Hoping that we shall soon see all of you boys at Carlisle, I remain, with best wishes for success as captain of the football team you are to lead,

Very truly yours,

My dear Friend:

I was pleased to receive your letter of the 23rd instant and to learn that it has been definitely determined which of the boys now at Detroit are to return here to take up their studies on the opening day of school. I have also noted that you are planning to start from Detroit on Monday night of next week and that you and the other boys desire to have it arranged so that your transportation can be paid from funds you have to your credit in the school bank.

At the request of Mr. Lipps I am having a representative sent from this school to make the arrangements necessary for your return and when you return here you can then sign checks for what it will cost to provide tickets for you. A party ticket can probably be used and those boys who have sufficient funds for their tickets should not purchase them until after the arrival of some one from Carlisle.

In the absence from school of Mr. Lipps I hereby acknowledge receipt of your letter of the 9th instant and take this opportunity to state that I am glad to know you and the other young men taking the special work at the Ford Motor Company's factory are getting along so well.

It must be a satisfaction to you to know that Mr. DeWitt has reported renewed interest in the academic work that is being given all our boys now in Detroit and that an earnest effort is being made to secure a standing that will appear creditably on the diploma that can be earned thereby. The arrangements whereby so much help is being given afford most excellent opportunities and all of us here are anxious that all of you shall make the best possible use of your time.

My dear Peter:

The lacrosse outfit that is to be used to secure the pictures desired by Mr. Wagstaff went forward to you on Saturday afternoon under check as part of the baggage carried on William Hall's ticket.

The box in which it was shipped should contain the articles listed below:

12 Lacrosses
12 prs. Lacrosse Pants
8 Caps
14 Gloves
4 Jerseys

Not more than four jerseys could be secured to date from the boys who used them this spring. It has been reported, however, that the boys who played on the team and who have already gone to Detroit took their jerseys with them, so that there will probably be a complete set of jerseys after all for the use of a team.

As all the supplies belonging to the Athletic Association are to be kept stored hereafter in the rooms for that purpose in the cage it is desired that you speak to all the

boys now at Detroit about returning with the lacrosse outfit that has been sent all supplies they may now have belonging to the Athletic Association. As everything need-ed at Carlisle is always supplied the boys who play on the various teams there is no necessity to hold out from one season to another any part of an outfit that may have been used. Your co-operation in this matter will be appreciated.

Trusting that William Hall has already gone to work when this letter reaches you and that he too will do well, I am, with best wishes to you and all the boys,

Dear Friend:-

I just thought of writing you a few lines to-night. First of all I will state that we are all well and are getting along fine.

Ada is away

I know all of the boys here have felt very sad over it, some have even felt like giving up athletics as you can for yourself see how much spirit there will be in the boys this fall about it. Furthermore I would like to know who are going to be our coaches this fall.

I would like to stay here this fall, since I am getting along as nicely. I do not think that I will be able to finish by Sept. I do not know how you feel about it. Of course if you insist on me coming back, I will gladly do so.

We are only working a half days a week now.

I will probably ship back the lacrosse outfit soon.

We have had a lot of rain.

Have you heard there?

Well M. Kipps, I think we are going to have two days off two weeks from thy. And since I am short of money, I would like to know if you will send me about $30.00 for I can and I will send it up if possibly can. I wish you would send it soon.

Preparing to athlete at this school, I know that you have decided to change our training rules which, is true, is very bad made, according to my opinion.

Why can't we have our training table and building the same as in former years?

The boys had all had a lot of interest in athletics, as here they have had a place of honor to live in.

have been very much disappointed. for I think Mr. Myers promised the boys a chest protector and some other ~~athletic~~ and failed to ship them. We all just sure that we would receive them but have managed to get along the best way possible.

I hear that the athletic goodsare in a very bad shape down there also. Now in the athletic field, I hope it will be in a good shape by fall.

I hope you do not think that I am trying to find fault, but just thought would hurt you and let you know how we all feel about it.

The training table and building up the main ~~of~~ left among the boys here. They want a place where they can eat and have the honor of saying, "I room with your friend,

Dear friend;

Your letter
received and will
now answer.

The boys
arrived O.K. We met
them at the station
and found rooms
for all of them
right near us,
they send to

a bacon roast - Pit here, to the company. They want to take a moving picture of the game and have asked us to pose for it. We are all willing.

The company will ~~to~~ pay for the expense, and because the suits and slicks will be sent back, soon after we are through with them. Mr. Ford is a great believer in sports. We have built ten tennis courts and four

(2)

like it here. They all went to work this morning.

I had forgotten all about Romaine Montoya. I will gladly lunge a check to the amount, for I do not have the change just now.

I am sorry for having caused him for so long.

Mr. Wagstaff has asked me to write, and ask you, if you could not send

baseball diamonds for his employees.

As we expect to do some ~~exercising~~ exercising

We are all well and are enjoying good health.

No doubt there are only a few there now, since the ~~X~~ home and country parties left.

Will & hope to hear from you soon.

February 18, 1915.

Mr. Peter Calac,
c/o Ford Motor Company,
Detroit, Mich.

My dear Peter:

I have just received a copy of "The Ford Times," for February, in which is contained a very complimentary notice of the six Carlisle boys now in the Ford Works. This pleases me very much. I would much rather have the recommendation contained in this write-up, if I were you boys, than to have the reputation of being great athletes or great musicians. Music and athletics are splendid things in their places, but what I want our boys to see is that they are only accomplishments and not the chief things to be desired.

When a great manufacturing concern like the Ford Motor Company refers to you boys as being industrious, clean cut gentlemen, anxious to learn and not afraid to take hold, this means something. The facts that you are good athletes, that you play in the Carlisle band, are merely incidents and of no value to you only when you are first class young men in every other respect. I am very much pleased with the record you boys are making, and I expect when you return to Carlisle that your influence among the other boys will be of great value to the school here. My main object in sending you was

in order that you might get a different prospective and outlook upon life and see things as they really are, and to realize more fully just what the world is demanding in the way of trained and skilled workmen and leaders.

While I am addressing this letter to you, Peter, it is intended for the other boys as well. You will please pass it around to them so that each of them may read it. We are all interested in your welfare and your progress, and the Commissioner of Indian Affairs is very much interested in what you boys are doing and anxious to know how the experiment is turning out. I am keeping him advised as to your records there, and I sure when he sees you again he will feel very proud of you.

With kind regards and best wishes, I remain,

Sincerely your friend,

OHL:SR

Supervisor in Charge.

PETE CALAC

Pete Calac, the famous Indian football player who has played on the West Virginia Wesleyan team for the past two seasons, was selected last night by his team mates, at the annual football banquet which was held at the New Valley Hotel, to pilot the Wesleyan team of 1918. Calac is one of the best football players that has ever played on any state team, he understands the game thoroughly, and as captain of the team he will without doubt prove to be a wonderful leader. His election met with the hearty approval of the entire squad, and all supporters of the team as well.

Detroit, Michigan.

Gentlemen:

I thank you for the very reassuring letter your Mr. Griswold addressed to me on the 22nd instant regarding the young men from Carlisle who are yet at work in the factory. I was uneasy about them because of reports that had come to me and do appreciate hearing so definitely that only a few apparent failures have been reported from your various departments. I do not ask favors for any of our youngmmen for I want them to make good records under as rigid requirements as are specified for any of your men.

I have noted especially what is said about Peter Calac and am complying with his request by sending him a check today in the amount of $97.41, which represents the entire sum now to his credit with us. I trust he will find work in your California Branch and that he will continue with his work until he has completed creditably all you have to offer in your courses.

Assuring you that your close cooperation is appreciated, I am,

Very respectfully,

HKM. Superintendent.
