INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

I have noted the request you conveyed to me in your letter of April the 22nd, and although I would much prefer to have your girl, Lottie Wayshe, remain in school during the time she has yet to be here before her period of enrolment terminates, she can be given permission to go home because of your need for her services, providing the required amount to pay for her transportation is placed on deposit here.

About \$36.00 will be needed to provide her with transportation home and with which a ticket can be procured for her use when her period of leave has ended.

My dear Madam:

One of the surgeons who does the dental work for our students has advised me that attention should be given at once to a number of bad teeth that are now troubling Lottie Wayshe and which should not be neglected any longer.

It would cost between ten and fifteen dollars to relieve Lottie by temporary fillings, and about thirty dollars to fix her teeth with permanent fillings. Lottie has stated that you could send what is required to pay for the work, but before any action is taken I would be pleased to hear from you.

Assuring you that a prompt reply to this letter will be appreciated, I remain,
