In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Georgina:-

I have Miss Johnston's report of her visit to you and learn that you have not been doing your very best. We want you to understand, Georgina, that you were allowed to go under the outing not because you had proven yourself especially worthy of the privilege but because we thought you needed the outing and would profit by it. Your mother urged that you go out because she realized and appreciated what it had meant to her and she expected that you would get the good she derived from it. You do not want to be a disappointment to her and to us.

You are not out just for a good time. The outing is a part of the school just the same as any department here and we expect you to learn as much as you can while you are out. Miss Johnston says you have improved in some ways and I am glad to know this but I want you to try harder and improve a whole lot more.

I shall watch your future reports and I want to see improvement every month.

My dear Madam:

Your daughter Georgianna came to this office this morning with a request that a telegram be sent to you asking for money with which to purchase several articles she desired to secure before Christmas Day.

It seems that Georgianna lost her purse while out on the campus on Saturday morning and the efforts that have been made to locate it have been without result. However, as the amount lost was evidently not very great, and is not known exactly by Georgianna I report the matter to you more fully by letter than would be possible by telegram.

Sir :

I understand, my daughter Georgina Collins is going out to work to the Sea Shore this month, and she is going out there with not very good company, that is not the place for Lillian Walker for she is too wild, and I do not want my girl to keep company with her at all, that is the reason why my girl got in trouble shortly after she went to Carlisle was keeping company with this girl. My girl can go out and work to the sea shore providing you put another good girl with her. I dont say she can not go, because it is nice for them to go out and earn money for themselves. This is only for you to know.

Dear friend:-

I have your letter relative to your daughter and have to say that no arrangements have been made for Georgina to go under the outing this summer. I am sorry to tell you that her conduct the past winter has been such that she will not be allowed the privilege of an outing this summer. If she continues in her present good conduct, she may be allowed to go out another season. I think Georgina made just the one mistake in her conduct. She is getting along nicely now, is in good health and works each day in either the sewing room or laundry.

My dear Madam:

When your letter of January the 29th was received here it was referred to our School Matron for her information and guidance in dealing with your daughter. However, as you did not state what charges against the Matron were contained in your daughter's letter to you there is nothing definite that can be done to adjust the reported grievances.

Your letter was also referred to our Director of Music and he has assured me that he will give your daughter a place as soon as one becomes vacant. You understand, of course, that the students who were enrolled earlier than your daughter were given first chances at the limited number of periods open for instruction in piano music.

Rec'd the

with dissapointment,
Our daughter enrolled

for three years and we
paid the transportation
when she went and for
this reason I did not
have any doubt about
you sending her right
away, I don't see why
it is that I would

have to stand for her transportation, where one of the girls she went there with came home last year and her transportation was paid by the boys, and Georgiana's time has expired, if she wishes to return in the fall she may do so, but I need her right away and also it is the wish of her sister before it is too late.

Your daughter Georgianna was seen at this office this morning before your letter of the 15th instant was delivered to me. She stated that she had received a letter from you about the serious illness of her sister and that her return home would be requested. When your letter of the 15th was delivered to me it was learned that Georgianna does not have any money to her credit which can be used to pay her transportation home and so the telegram as noted on the copy herewith has been sent you. Your daughter will be held in readiness so that she can start for your home just as soon as money for her transportation is made available.
