The laws relating to the transfer of Indian children from reservations and schools are as follows:

Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Owing to the lack of job last summer I did not earn enough money to spend for the various articles during this winter. And I am in need of money rather bad now. So will you please send me some money about \$5.00 if it is convenient.

I have two more years up here yet before my time is up. I would like to start in farming at once, but then at the same time I need some agriculture experience. So I think I will enter a agriculture school after leaving Carlisle. This is my highest ambition ever since I secure a land in Oklahoma.

I like to hear from you soon.

Pursuant to your verbal request of yesterday, you are hereby authorized to make arrangements for taking lessons in the English language from one of the city teachers of Carlisle, beginning with this date or any other date which may be more convenient to you.

At your earliest convenience, I wish you would let me know what are going to be the charges of this teacher for her services in this connection.

Robert Geronimo:

With reference to the matter of your taking instruction from one of the teachers down town, I wish to have a statement from you showing just what is your present program of work for both forenoon and afternoon. During which half of the day are you taking work down town, and what are you doing the other half day? What are your hours for study with the teacher who is instructing you now? Please give this matter your very early attention.

c/o Large Boys' Disciplinarian.

This is to advise you that your arrangement for taking lessons in English from one of the teachers from down town meets with the approval of this office. However, I am not sure as to the advisability of your taking up algebra at this time. I am informed that the weakest point in all your career as a student here is that of constructive English, and I wish you would arrange to give your attention to that subject and eliminate the algebra for the present, unless you can show very good reason why you should take up algebra at this time.
