SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the reservation school records. The reservation superintendent should send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Illness of
George M White

The La Pointe Indian Agency,
Ashland, Wis., August 19, 1916.

Mary Roundwind White,
Odanah, Wisconsin.

Dear Madam:

Agency Physician, Dr. Sincock, has recently submitted to me a detailed report concerning the health condition of your son, George M. White. This report indicated that George has active pulmonary tuberculosis process, and the Doctor recommends that he be immediately sent to some Government sanatorium. He advises against having the boy return to Carlisle school the coming Fall, as was intended. I regret to also note in this connection that recent examination of your own health by Dr. Meyers of Superior also indicates pulmonary trouble in your case.

The Doctor states that your son's health can be readily reclaimed if he is sent to some sanatorium and the disease is taken care of during its early stages. You will recall that two or three young boys from Odanah have been to the Toledo, Iowa sanatorium, and their health has been greatly benefited, and their troubles, similar to George's, have been practically cured.

August 19, 1916.

If you will agree, I will ask Dr. Russell of the Toledo sanatorium to admit your son, George, as a patient. I will take care of the expense connected with his transportation and other incidentals preparatory to his departure, if you will grant your consent to have him sent away.

Please let me know of your decision at an early date, because it is vitally important that some action be taken immediately.

Yours very truly,

My dear Friend:

I have received a copy of a letter from Superintendent Everest containing the information that you have not become stronger during the vacation months and that now it is advisable to send you at once to one of the Government Sanitoria. I am very sorry to hear such news, but trust that you can be placed where you will have a good chance to regain your health.

In view of the fact that your return to Carlisle can not be effected this fall I enclose herewith a check in the amount of ten dollars to close out the balance of the sum you deposited when permission to go home was given you.

Take good care of yourself and make every effort possible to become stronger.
