The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

My dear Friend:

This is to acknowledge receipt of your favor of September the 9th, with which you transmitted a forty dollar money order to be equally divided between your son and your daughter now enrolled at Carlisle. Due credit will be given them for the amounts and permission can be given them later to draw the same.

In this connection I will report that your daughter Mary returned to school from her Outing home the latter part of August and that she has now taken up the study of nursing at our School Hospital. David has elected to stay at his Outing home for the winter months and he is probably now in the public school near his home. He is located in one of our very best Outing homes and made a splendid record there during the summer months.

Assuring you that it is a pleasure to convey so favorable reports to you, I remain,

Very truly yours,

My dear Friend:

I have received your letter of recent date and have noted that you are anxious to have your children at home with you for the summer months. I appreciate your wishes in the matter and would not want to take the position of denying you the pleasure of having your children with you, but as David's period of enrolment does not terminate this year I should like to secure your consent to May's staying here also for at least an additional year's work. She desires to take advantage of what we can give her this summer and assured me earlier that she would write to you about the matter. In a recent letter from Superintendent Norton he also expressed his willingness to have May remain if you would give your consent.

As there is yet time to complete all arrangements whether or not May remains here further consideration will not be given your request until you have had an opportunity

hear from him and from you again.

Thanking you for the kind words of appreciation

for your children what you anticipated when you consented
to let them come to Carlisle, I remain,

Supt. O. H. Lipps,

My dear Mr. Lipps:-

I have your letter of March 25, 1916,
about May Horse Chief Eagle.

Horse Chief Eagle, the father is one of
the leading members of the Ponca Indian tribe here
and has one of the best residence on the reservation
and it is always kept very clean and considering all
things connected with May's home coming I believe
the surroundings at her home are better than the
average Ponca Indian family. As to the necessity
for her coming home to help her parents, her help
is not needed here nor at her home.

I am sure her parents would be very glad
to see her but believe it will be to her best in-
terest if she decides to do as she has told you and
stay during vacation and resume her studies at the

beginning of the new school year.

When I see Horse Chief Eagle again I will talk to him about this matter and suggest that it be for May's best interest to stay and he will probably consent thereto as he is one of the Indians who takes pride in educating his children.

My dear Mr. Norton:

When May Horse Chief Eagle was seen at this office last evening in regard to the suggestion and recommendation contained in your favor of March the 20th she stated that she has been planning to remain at Carlisle during the vacation months and to go on uninterruptedly with her studies here, but that her parents have been urging her to return home.

May will probably write to you direct within the next several days for information regarding her parents and their need of her help and services, but in order that the information may also be on file at this office it will be appreciated if you can let me have a report. I do not want to deprive May's parents of the satisfaction of seeing their daughter, but this is her school time and unless they can not be persuaded that they should let her remain at Carlisle I will urge her further not to go home until she has taken

My dear Mr. Lipps:-

I have your letter of March 16, 1916, in reply to my letter of March 13th, and especially referring to the case of May Horse Chief Eagle.

According to the records here May was born 1894 which would make her approximately 22 years old and of course she would be able to sign her own application for re-enrollment.

I would suggest and recommend, that if it meets with your approval that you use your influence toward inducing May to sign another application for enrollment at your School for a short term at least and to stay there during vacation to begin her work again with the beginning of the fall term.

I do not know this young lady as she entered your School long before I assumed duty here and would

In reply thereto I must state that such arrangements can not well be made because there are so many other girls going on the same date May is to start. The boys are to leave in one group on the following date because then we can have them use a special car as far as Chicago.

Please be advised further that May will have company as far as Lawrence, Kansas, and that David will be accompanied by another boy as far as Arkansas City. They should not have any difficulty about getting home and when they have arrived there please let me hear from you.

It is indeed gratifying to know that you are pleased with what we have been able to do for your children, and as I have this day informed Superintendent Norton that a vacation will be allowed your son David you will soon have the opportunity to see both your children and it is hoped you will then be as well pleased with their appearance as you have been with the progress their letters and other reports to you have shown.

Noting further in your letter that you are anxious to have an appointment tendered your daughter Mary so that she may have an opportunity to put into practical use the training that has been given her, I must call attention to the fact that the year's work seems to have been rather hard on Mary so that now she does not look very strong. It

Whiteagle, Okla.

My dear Sir:

Your letter of the 24th ultimo referring further to Horse Chief Eagle's request that his two children be allowed to spend the summer vacation months at his home has been given consideration and in view of the fact that May's period of enrolment terminates this year and she has earned a rest I have decided that she may return home as is desired. David, who is much younger and who has not been at Carlisle for the full five year period for which he was received, should not return home for a vacation regardless of the promises that have been made to return him in time to begin our next year's work on the first day of school.

Please let me hear from you whether or not this meets with your approval as well as that of the father of the two children.

Very truly yours,

EKM.

Dear Mr. Lipps:-

Referring further to the matter of vacation, of May and David Horse Chief Eagle, to spend the same at their home with their parents, I would be willing to recommend that they come home for this vacation, should you not be able to induce them to stay there at Carlisle.

I still believe that it will be to their best interest to stay there and not come home this summer, but if they can not be induced to do so with reasonable persuasion I would recommend that they be allowed to come home and I then will do what I can to induce them to return when the proper time comes.

With the Ponca children it often^{be}/comes necessary to actually round them up and send them back to their schools by force when the proper time comes. They make all kind of good promises that they will return as soon

as vacation is over, but in the majority of cases they fail to keep these promises and we are forced to get out and run them down and employ various other means in order to get them back in school at all, for which reason you will see why I ~~will~~ reluctantly ~~not~~ recommend that they be allowed to come home if they can in any reasonable way be induced to stay,

Very respectfully,

Charles E. Norton

My dear Sir:

I have received your letter of recent date and have noted that you spoke to Superintendent Norton about the return home of your children and that he will write too about your request. Let me take this opportunity to state that I have not heard anything lately from Superintendent Norton about the request that has been under consideration and that I will await his recommendations before it is decided definitely what we will do about letting Mary and David spend the summer months with you.

There is being enclosed herewith a blank upon which application must be made for David's vacation if it is finally decided by your Superintendent that he can approve your request.

Very truly yours,

Encl.

Carlisle Indian School.

Dear Sir:-

Allow me please to express my great pleasure in behalf of my childrens at your school (Mary and David Eagle). I have talked with our Agent, Charles Norton, who will write to you also.

Now I wish to explain to you that my wife is not able to get around for she is having ailments right along. We have no one to help us. As Mary can be of service to us now we kindly ask her to come home, also David. We have no interpreters and so far we are getting along with our white friends. If they want to return to school they can do so. I do not want to hinder their progress and will see that they keep up their work at home. Hoping that you could do so. I remain
Yours Truly
Harschief Eagle.

Mr. Charles E. Norton,

Dear Mr. Norton:

I have received your letter of the 26th instant, informing me that tickets have been made available at Ponca City for the return to Carlisle of Newman Little Walker, Zilla Roy and Martha R. O. Water. It has also been noted that tickets for the use of David and May Horsechief Eagle are required, and in compliance with your request it is being arranged so that the additional transportation should be ready for use within a very few days.

In this connection I must call attention to the fact that our records give May Horsechief Eagle's age as 21 and that it will not be possible, therefore, to pay for her transportation from official funds. Let me suggest that a sufficient amount be transferred to May's account here to pay for the ticket when the bill is submitted to me for consideration thru the regular channels.

Herewith I enclose a blank upon which an application for May's reenrolment may be approved and forwarded here to

-2- Mr. Charles E. Norton, Superintendent.

complete our files and as she will be required to pay for her transportation from her own or her parents' funds the enrolment may be for a shorter period of enrolment than the required three years when transportation is furnished.

Thanking you for your assistance and hoping I shall receive a remittance soon for May's transportation, I remain,

Very truly yours,

HKM.

Dear Mr. Norton:

Your letter of September 25th transmitting application for the re-enrollment of Mary Horse Chief Eagle has been received. We will be very glad to have Mary with us again and hope it can be arranged so that she may leave without delay in order that she may lose no more time than is absolutely necessary from her school work.

It is noted in her application that she was 21 years of age last May. For this reason I can not pay her transportation to Carlisle, but it is presumed that Mary has funds to her credit under your supervision that may be used for this purpose.

Thanking you for your co-operation in this matter,
I remain,

Very truly yours,

Superintendent.
