INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mr. Philip T. Lonergan
Supt. Pueblo Day Schools
Albuquerque, N. M.

My dear Mr. Lonergan:-

I am sending to their homes at Seama, New Mexico, James Chaves and Harvey Concho, two Pueblo boys who have finished their five years term at this school.

James Chaves has been an excellent boy during all the time he has been here. He has worked on farms under the Out-
ing most of the time he has been here, and has a splendid record as a worker. He has saved One Hundred Seventy Five Dollars of his earnings. He has drawn Sixty Dollars of this amount leaving a balance of One Hundred Fifteen Dollars to his credit. He has asked that this amount be kept here for a time.

Harvey Concho is an excellent worker and has been a good boy with a few exceptions. About a year ago he raised three checks. As they were his own checks and he had money in bank, it was not such a criminal act. I do not think that he realized that he was doing anything so very wrong. He had saved Ninety Dollars and Ninety Cents of his wages and has drawn Sixty Dollars of this amount leaving a balance of Thirty Dollars and Ninety Cents due him. I enclose a check made payable to him for the balance due him. You can hold it for him until such time as

Lip T. Lonergan-2

you see fit to give it to him. As this is all money he has earned under the Outing, it will not be necessary for you to take it up as transfer of funds, if you do not wish to.

I trust that these two boys will put to good use the things they have learned at Carlisle. I know that they will appreciate anything you can do to get them jobs.

With kind regards, I am

Very truly yours

Superintendent.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Supervisor O. H. Lipps,

Dear Sir:

Your letter of January 13th relative to the return of Harvey Concho home from your school is received and the matter taken up with Mr. Cassady, farmer at Laguna, who reports conditions as follows:

After making an investigation into the family conditions I will have to advise that I can see no necessity whatever of returning Harvey home to help his father for the following reasons:

His father is healthy and stout, and he has another boy at home 16 years old, who does not go to school any place. He has another boy 11 years old in the Seama day school, and a girl 7 years old in the Seama day school. Both of these children are at home mornings and evenings, Saturdays and Sundays.

Therefor, I would suggest that the boy be kept in school till his term expires.

My dear Sir:

Harvey Concha, who has been enrolled here since the fall of 1911 and whose period of enrolment will not terminate until after the close of school in June of 1916, claims that his mother has died recently and that his father needs him at home to assist in earning enough to care for the large family in the home of his father, Mr. Lorenzo Concha.

The young man has not had as satisfactory a record here as we should like to report, but he has saved more than enough to pay for his transportation home if you believe it advisable to give him permission to leave this school at this time.

I would thank you to advise me and to recommend what consideration should be given Harvey's request.

It seems that you raised the amount on three checks issued you since December 31, 1914, trying thereby to secure for yourself more money than was due you. Since you do not seem disposed to be honest in handling the checks issued to you, we do not think it would be a good thing for us to issue any more checks in your favor. Dear Sir:-

Harvey Concho tells me that you are the proper person to whom to write regarding his return to his home out there. Harvey has served his five years' term at Carlisle and I am sending him to his home tonight in company with James Chaves, another of our Pueblo boys.

Harvey has been a good boy most of the time he has been at Carlisle. I hope his friends will appreciate the advancement he has made while a pupil here. He is a good worker and I hope that after he makes his little visit at home, that he will try to find work so that he may be able to help the old people.

He has a balance of \$30.90 due him which I am today sending to Mr. Lonergan. Harvey can go to him for this money when he needs it.

I will appreciate it if you will let me know when he reaches you.

I have a letter from the superintendent at Harvey Concho's home saying that this boy is needed at his home. Dear Sir :

Referring to your letter of the 26th ultimo, in regard to sending Harvey Concho home, whose term of enrollment at your school has expired, wish to advise that I have investigated the matter and find that his father really needs him to assist in supporting the family and that his younger brother, Stephen, cannot attend school until there is some one to take his place in earning a livelihood for them.

Therefore, I recommend that Harvey be furnished transportation to Laguna, N. Mex., as soon as practicable. Harvey should notify his father, whose postoffice is Seama, N. Mex., the date he will arrive at Laguna.
