My dear Sir:

Upon receipt of your letter of the 27th ultimo, re-
garding your son Solomon's report that he is not getting
the work he should have, the same was referred to our Prin-
cipal Teacher with a request that a statement be submitted
relative to his complaint. On the 3rd instant a report as
follows was addressed to me:

"Courses in stenography and typewriting are not
given here now. Solomon claims to have finished
Grade VIII prior to coming here. He came so late in
the school year 1914-15 (he arrived January 4, 1915)
that he could not possibly have done any good with
the class above Grade VIII. Consequently, we as-
signed him to Grade VIII here to finish the year by
review. It soon became very evident that he was in
no wise making creditable grades even in Grade VIII.
We put him back in Grade VII as an experiment, where
he remained until the close of the year in May last.
Even in Grade VII his marks were very insatisfactory.
His final grades for the year were as follows:

U. S. History.....	61
Spelling.....	51
Arithmetic.....	60
Geography.....	48
Physiology.....	76
English.....	78
AVERAGE.....	<u>63.2</u>

I wish Mr. McGilbray would take Solomon out and
place him where he can get the subjects he wants;
namely, stenography and typewriting. The boy is not

doing any good here. He seemed to be in a dream of some sort all the time he was here in the academic department last year."

As Solomon has not made any progress here I shall not object to his leaving at any time a ticket for his use is provided for him. Awaiting your further requests in the matter, I am,

Dear Sir:

I am receiving letters frequently, from my son, Solomon McGilbra, who is a student in your school, with reference to his needs in the way of money. If he at any time is in need of money please advise me, as I desire to send him money at any time he really needs it, but I do not care to send him money unless I am advised by you that it is necessary.

The boy has finished the 8th grade, I believe, and he tells me that he can go no further there. He desires to take a course in short hand and typewriting and claims that he can not do so there. If this is true please advise me, as I would prefer that he be in school where he can carry these subjects. I am very anxious that he have an education by the time he comes of age and shall expect you to keep me advised as to his progress. If the boy makes any mistakes please correct and advise him as you would your own son.

I am going to write you a short letter in regarding of my being up here and why I came up here for and all about it.

I come up here for a term of three years with ~~the~~ understanding that I could return home every summer vacation if I pay my way up here so I pay my own way up here and I wrote to father asking him if I could return home and he goes and ask you if I could return home and the reply he got from you or your office saying that I could not come home because I said that I would stay here three years. If that the case I ~~were~~ promise that I could return home for summer vacation by Mr. Tidwell the field clerk at Muskogee Oklahoma. If you going to hold me to my word I have the same right to Mr. Brown don't you think so?

Let me tell of my aim of coming up here for and intering this ^{school} was taking a business course but after I got here I found out that it was abolish so I were compell to take up the eight grade again the same study that I had finish the past year and I will have to take it up again this fall if I stay here and I want to avoid it if possible so that the reason I wanted to come home do you understand what I am I am driving at?

x I realized that I haven't got a life time to get an education in, my aim is getting an good business education I am striving to get this and why can't you help me Mr. Brown by giving me permission to return home I do not intend to return home and stay my aim is to inter some business college in Oklahoma.

I were a student of Draughon's business college last fall in 1914 but I realized that I could get a good business education here at Carlisle, Penna at the Indian school at a low cost but it was abolish when I go there so what you think about it if your son went some college to take certain course and it was this continue how would feel about it

Mr. brown I have read so much about Carlisle business department
but it was abolish I didn't know what to do *When I get here*
wouldn't you let your son ~~return~~ home if he did not get what he ex-

My Dear Son:

I feel like I owe you a long story. I have received your report for February, but did not know what it meant until I showed it to people who understand such things, and I am very glad to know that you are doing so well. It will not be so very long now till you become of age. When you become of age, all I ask is that you walk out with a good name and a good record. Of course this is something that I can not do for you. It all depends upon yourself. I hope when you become of age you will be a man among men and able to hold your own among the people of the State of Oklahoma, and that you will be a much more able man than your father on account of the advantages you now have to obtain an education. There are many times when I feel lonesome for you, and I wish you were here with me now, but of course it is better for you to be where you are and to learn all you can about American ways so that you may be able to take care of yourself and your half brothers and sister when the "old man" passes out. You know I am subject to rheumatism, but I am trying to farm, and it takes quite an effort for me to make a little crop. I run my patch plumb up to Mr. Hammett's orchard, trying to cultivate it all. Your half brothers and sister are all well, and your stepmother also is well.

You have wanted money so many times when I was not able to send it to you, and it has occurred to me that probably it would be well to sell 80 acres of your land, pay the debt we owe to Mr. Hammett,

- 2 -

and have a little money left for you to go to school on and finish up your education. I will not sell unless I can get all that the 80 acres are worth. So please let me hear from you just as soon as you get this letter and let me know whether you wish me to sell 80 acres of your land.

With kindest wishes for your success and happiness, I am

My dear Sir:

When your favor of March the 1st was received here the enclosure therewith was at once brought to the attention of your son Solomon. He denied having written the letter, but yet declares that a coat, a watch and a ring were stolen from him soon after he arrived here. There is no reason to believe that he did not lose the articles enumerated, but he seems unable to give any very accurate description of the watch and has confessed that he must have laid the ring down somewhere. Why he failed to report the various losses when they occurred is also undetermined.

Solomon is well and has gotten along satisfactorily. He still has sufficient clothes of his own to get along and is entitled to a full outfit at government expense if he can be satisfied with what is supplied to all the students enrolled here. It is his desire, however, to purchase a suit and to have money to his credit in our school bank on which he can draw monthly for spending money. I shall not object to his having any amount you see fit to allow him,

but whatever amount is sent to him should come direct to me. It will then be placed on deposit in our school bank to his credit and he will be given permission to request what sums are needed on the regular monthly "money days".

My dear Son : - I find that it will be necessary to sell a part of your allotment to raise funds to put you through school, and I shall be pleased to know what you have to say about it, and if you desire me to sell it for that purpose.

I am not able to put you through out of my own means, on account of the fact that you have some brothers and sisters that I will have to educate, and it will be necessary to sell a part of your land to get the money to educate you to the point that I would like to have you go.

I want to do by you as I did for your deceased brother, and I have sold his allotment and have used a good deal of the money for your schooling thus far.

I will not sell the land unless you see fit to consent to it, and unless you think it is proper to do so. But that is the only way for you to finish your education, on account of funds.

You may write to Hon. Wm. M. Harrison, U.S. Probate Attorney, at this place, and tell him about it and get his advice as to the matter.

We owe Mr. Hammett on the place yet for the improvements, and as it is we will not be able to get any money for you as rent for a long time, as it will take the rent to pay Mr. Hammett.

But if we can sell we can pay him off and have the rest of the money for you. If we can get your restrictions removed, we will do so and then sell the land, that is an 80 acres of it the north half of your farm. And if it is sold the Department will have charge of the money and will not be spent unless it is used for you.

I will say this to you as your father, you will please answer this letter as soon as you can.

This leaves all well in the family, and I hope that you are the same.

Your father,

If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. My dear Mr. Superintendent:

I have recd. your response to my letter written you a few days previously relative to the son of Lewis M^o. Gillivray - Solomon, now in your school.

Mr. Gillivray expresses thanks to you for the kindly, and very practical interest you have taken in his son, and assures me that his son had written him also that he intended to get down to business and endeavor to do better school work than he had been doing, much the same as he has expressed himself to you.

He therefore expresses the desire that he may remain in the school where he is as long as the government will permit, and that he will in a short time provide him Solomon, with means with which to provide himself with clothing for the winter.

I have received your favor of the 24th instant and have noted that Solomon McGilbray's father yet believes that his son should be given an opportunity to do more advanced work than that which has been given him here. Let me submit herewith a copy of a letter that was addressed to Solomon's father on the 6th instant and which is self-explanatory?

I take pleasure in adding, however, that Solomon came to my office a few days ago and acknowledged that he has not made good use of his time at Carlisle, but assured me that he has fully made up his mind to get down to business and prove that he can do better work than he has done. He came so late in the school year 1914-15 (he arrived January 4, 1915) that he could not possibly have done any good with the class above Grade VIII. Consequently, we assigned him to Grade VIII here to finish the year by review. It soon became very evident that he was in no wise making creditable grades even in Grade VIII. We put him back in Grade VII as an experiment, where he remained until the close of the year in May last. Even in Grade VII his marks were very unsatisfactory. His final grades for the year were as follows:

U. S. History.....	61
Spelling.....	51
Arithmetic.....	60
Geography.....	48
Physiology.....	76
English.....	78
AVERAGE	<u>63.2</u>

I wish Mr. McGilbray would take Solomon out and place him where he can get the subjects he wants; namely, stenography and typewriting. The boy is not

doing any good here. He seemed to be in a dream of some sort all the time he was here in the academic department last year."

As Solomon has not made any progress here I shall not object to his leaving at any time a ticket for his use is provided for him. Awaiting your further requests in the matter, I am,

Very truly yours,

My dear Mr. Lipps:

My friend Mr. M^c Gillivray, father of Solomon, informs me that his son ^{has} matriculated some time since in the Carlisle Indian school, informs him that he has completed the literary course usually taught in the institution. He is anxious for him to remain in the school, but if he cannot be retained and taught the more advanced branches, he will of course have to come home. He asks to hear from you on the subject, and that you write either himself or me relative thereto at an early date.

Trusting we may soon learn of you of this matter, I am as always,

Yours sincerely

In view of the fact that Solomon yet believes he could do better elsewhere I shall not object to his release at any time the required amount to pay for transportation is made available here.

Dear Sir:-

This office is in receipt of a letter from Solomon McGilbray, a student in your institution, asking to be permitted to return home because of the fact a business course is not now embraced in your curriculum. He states he has finished the Eighth Grade and is desirous of taking up High School work, and that this desire was his principal reason for returning to Carlisle.

I should be glad to have you advise me of such facts as you may have in connection with this student's qualifications.

Sincerely yours,

Dear Mr. McGilbray:

Receipt is acknowledged of your letter in which you state you are desirous of returning home as you have completed the eighth grade at Carlisle and the business course is not now given there.

In reply you are advised, from reports rendered by the superintendent of the school, it does not appear you have been as diligent in your studies as you should have, and that your grades are exceedingly low.

I am very sorry you are not satisfied with your school life, and I am sure if you could realize the opportunity within your grasp you would be more content^{ed} and more energetic in your class rooms. I believe you should remain at Carlisle the remainder of the present school year, and if at the end of that time Mr. Lipps is able to give a favorable report of your conduct at school, I should be glad to consider your desire to enroll in some institution where you may secure a business education.

Sincerely yours,
C. E. Barnes
Field Clerk.

Dear Mr. Lipps:

The enclosed letter from Solomon McGilbray was received in due course of the mail but it was held pending a report from the Field Clerk. I have just conferred with the Field Clerk and he reports there is no objection to Solomon's spending the vacation at home, therefore if he has funds sufficient to meet the regulations and his record justifies I have no objection to his returning home for the vacation.

Dear sir.

I am going to write you a short letter this P.M. to see if you will give me permission to return home for the summervacation because this is my second summer here at Carlisle and I would like very much to return home and spend my vacation with my father this summer if you will give me the privilage to do so.

I was talking to Mr. Meyer who is in charge of these matters here at school and he told me that he is welling to let me go home if I would write you a letter and get your concent to return home and as far as my father is concern and he is also my guardian he is perfectly welling to let me return home so it is all up to you.

I don't see what would hinder me from returning home as far as my record show at my quarters I have done better than I thought I had done.

So let me hear from you by return mail in regarding to this matter. Wishing you a pleasent summer I remain.

Respectfully.
