INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

My dear Friend:

The letter you addressed to Mr. Lipps recently was forwarded here by him from the Blackfeet Agency with a request that careful consideration be given it and that you be advised what you should do about remaining at the Ford Company's shops to continue with your work.

I understand that it had been agreed you should return here for a part of the work of the school year in order that you could get the additional preparation that would be of value to you when you do go to work at your chosen vocation. However, it will be best for you to talk the matter over with Mr. Lee and to decide whether the loss of time and money at this time could be made up to your advantage upon your return to Highland Park with the additional preparation that would be afforded you here. The question as to our need of your services on the football team must be of secondary importance, if any consideration is to be given that side of it at all, although I am just as anxious as any one to get the best possible

-2- Mr. Everett Ranco.

material from which our coaches can build a representative team. With Harvard and Pittsburgh on the schedule of games it is to be expected that the Indian team should play a creditable game and any help that can be given by any one will aid toward a successful season.

Let me hear from you after you have come to a decision in the matter.

Very truly yours,

HKM.

Mr. O. R. Lippert,

Dear friend,
For the past month
or so I have been
thinking of staying
here, and take
about two months
more of the student's
course. But after

reading your last
letter to Colac, I feel
as though I should
return to Conville.

Some time
ago I consulted Mr.
Lee, about staying
once or for twice
he was willing that
I should, providing
you would approve
of my doing such.
But if you
really think that I
should return, I
am willing to co-
~~operate~~ operate with
you.
I like this work
very much, and so

for I have been
quite successful,
and you know
that I am not much
good at football,
but if you think
I am needed I
will gladly return.

Hoping to
hear from you
at once about my
staying I will
close. I am
very truly yours

Dear Everett:

Your letter came while I was away, but Mrs. Denny says she wrote you and sent you a check for \$218.21 this being the full amount of your savings.

I want to say to you, Everett, that I have been pleased with the record you have made so far since going to the Ford factory. Out of the six boys in that party you and Joe Gilman are the only ones who stuck to it until the completion of the course. The other four have been "quitters". I suppose you have heard how well Joe is doing, and I know you can do fully as well. I am expecting to hear of your holding down a good position with the Company before a great while, or what is still better according to my way of thinking, having a good, little growing business of your own where you will be your own boss. Save your money with this aim in view. A fellow can't go in business without some capital and the fellows who spend

Everett Ranco-2

their money as fast as they make it will not have the capital when the opportunity comes.

I have been glad to do what I have for you in the way of giving you an opportunity. I am also glad that you appreciate what the school has done for you. I have never had any doubt about your making good, but some of the boys have at times caused me some worry and trouble. Your record has been good right along and I have at all times placed great confidence in you. I believe the Company will do well by you and I know you will continue to make good.

Please let me hear from you when you get settled in your new location. I want to keep in touch with you.

With kind regards and best wishes, I am,

Sincerely yours,

L/B

Dear Everett:-

I have your letter of the 12th and I am glad to hear that you and a friend had just bought out a garage and consequently you will have use for all the money you have in bank here. I am enclosing a check for One Hundred Nine Dollars and Fifty Five Cents (\$109.55) which closes your account with us.

As you have now branched out into a business of your own, I will also have your name dropped from the rolls of the school. I want to commend you for the manner in which you have applied yourself to your work during the time you have been with the Ford people. You have shown a steadfastness of purpose which looks good for your future success and I hope you will have all the success you deserve. Our aim in placing the Indian boys in the Ford Factory was to prepare them to do just what you, Joe Gilman and Fred Skenandore have done. Dropping your name from the school rolls does not mean that we will lose interest in you. I shall always keep up an interest in your work and hope that you will write to me now and then and let me know what progress you are making.

If at any time, I can help you in any way, I want you

My dear Mr. Lipps:

I received your letter also the check which closed my account at school and I want to thank you for your prompt attention to my request.

So far business has been very good for this time of the year but we expect to improve at least fifty percent after March 1. Our storage capacity is forty-five cars and we have been filled to the door every night. We sub-lease our two show windows and the rentals from them nearly pays our garage rent so we don't need to worry much about the high rent which naturally goes with a good location such as we have.

I have not seen any of the Carlisle boys lately but no doubt they are all getting along well and working every day to keep up the record the Carlisle boys have made with the Ford Company.

Thanking you for your kind wishes and trusting you will write me some time, or better still call on me when you next visit Detroit, I beg to remain

Very truly yours,

My dear Sir:

Upon receipt of your favor of June the 1st, it was brought to Everett Ranco's attention that you were anxious to have a copy of the contract with him on file. He stated then that the delay in returning it was due to the fact that he desired to send his latest photograph with the contract.

He was seen again this morning at my office and he advised me that he had also received a letter from you regarding the same matter. He will write you within a few days.

At Everett's request I am assuring you that he understands fully why you desire to have a statement of his past record on file and that he is looking forward to the time when he can go to work with your force.

Please be assured that this is in no sense an indication of any doubt in our minds that Mr. Ranco is not thoroughly qualified, from every possible point of view, to serve as councilor and I beg that you convey this assurance likewise to him, as, judging from his failure to acknowledge our recent letter, enclosing a form of agreement, a copy of which is to be returned to us, we infer that he might feel sensitive regarding our inquiry and may possibly be not disposed to accept the appointment.

I thank you for your very kind and gracious cooperation and would have you believe that Mr. Ranco will have a very pleasant and profitable summer and that he will thoroughly enjoy his experience.

Ranco has been known to me personally only a very few months, and to our other officials here less than a year. Under the circumstances he has been asked for the names of employers and others to whom you may refer. I submit below the list of names and addresses he gave:

Dear Sir:

It gives me pleasure to advise you that we have engaged Mr. Everett Ranco as Councilor at Kamp Kohut for the ensuing summer. We are well pleased with him and thank you for the opportunity you afforded us of making his acquaintance.

While we have every confidence in his character and athletic ability and have reason to believe that he will prove a valuable adjunct to our faculty, I would appreciate it if you would furnish us with such testimonials and references touching upon his personality and character, from persons who have known him for a number of years, as may confirm our own impressions. We are often obliged to show these to our patrons, on demand, and as our boys come from representative families from all over the country, we feel that we ought to have these documents on file, in case of need.

My dear Sir:

Referring to your favor of May the 15th, this is to advise that very good connections can be made from New York City to Carlisle by taking a train on the Pennsylvania Railroad from New York City to Harrisburg. There connections can be made in the same depot with frequent trains on the Cumberland Valley Railroad for Carlisle.

This is also to state that the young man from Maine who can be recommended for the summer's work with you will accompany our Lacrosse Team to Brooklyn next Saturday, the 23rd, where a game will be played with the Crescent Athletic Club, Bay Ridge, Brooklyn. If it would be convenient for you or your Mr. Friedrich to see the young man while in Brooklyn it will be entirely satisfactory. The young man's name is Everett Fanco and he has been advised that this letter will be addressed to you.

Any day will be satisfactory to interview the young men here if that is preferred, except that athletic contents

Please accept my thanks for your very kind favor of the 7th advising me that you ~~have~~ have two candidates, among your students whom you can recommend as possible councilors for my Summer Camp for Boys. We should prefer to get in touch with the young man who is from Maine, as he is, no doubt, familiar with the home woods and would be of greater value to us. Since there seems to be no other way of reaching them, I shall endeavor to have our athletic director, Mr. Henry Friedrich, visit your School and confer with you personally on the subject. He will be ready to leave on Friday or Saturday next and if you will be good enough to advise me which would be the most direct way to reach Carlisle from New York City, I would greatly appreciate it. We do not seem to be able to ascertain the facts from this end and are sorry to trouble you in the matter.

This reply to your letter of April the 28th had to be brought to my attention by your letter of May the 6th because one of the young men who could be recommended to assist you in your Summer Camp in Maine has been awaiting news from his home in Minnesota regarding his return there for the summer months. Under the circumstances it was believed best to hear definitely whether he could consider your proposition if you found him a suitable applicant. However, up to this time he has not had any definite news from his home.

Another young man here who could be recommended is a native of the State of Maine and has resided there practically all his life. Therefore, at any time it is convenient for you to come to Carlisle to see the young men I have mentioned or any others who could be selected I will gladly put you into touch with them.

Registrar,

Dear Sir:

Have you on your list of students a man whom you can recommend to act as councilor in our Summer Camp for Boys, located at Oxford, Maine?

We require an exceptional combination of qualities. While we devote considerable time to athletics and, as a rule, the councilors are record men, not a few of them members of 'Varsity teams, the candidate, in this instance, need not be a star athlete at all. However, he must be one who has had considerable experience in outdoor work, in nature study and especially in woodcraft. He must be a powerful swimmer and good canoeist. He should be able to act as guide to groups of boys, conducting them on tramping and canoeing expeditions. Of course, a prime essential is that he be a man of considerable personal charm and magnetism, devoted to young boys and ready to become their big brother. His character must be vouched for by your Faculty and by such other people *as* have known him for years, as we cannot afford to engage anyone, whose personal record is not absolutely clear. We have a very grave responsibility, in the charge of 100 boys and must take every possible precaution ~~to~~ to surround them with none by the best influences.

The camp season extends from July 1st to Sept. 3rd. The work of the councilor is, aside from his supervision over a small group of ~~eight or~~ ten boys, practically nominal. Indeed, it is really more fun and recreation than anything else and opportunities *are* afforded to a fine young man to spend an agreeable and profitable summer, with no expense to himself and sufficient compensation to make him feel a sense of obligation towards the duties he is to assume. We generally pay our first year's councilors \$50.00 for the season of nine weeks, and traveling expenses from New York City to the camp and return. If you think that this proposition is likely to appeal to any of your students, and you have a young man of mature years to recommend, from 21 to ~~25~~ years of age, I shall be glad to have you put me in direct touch with him, at once.

Thanking you for your courteous attention to this matter and asking you to acknowledge my request, that I may know that it has been received, I am,

The next year or two is practically all the time you will ever have to do much more school work and it will be best for you to take advantage of every opportunity.

I am arranging to have Mr. Meyer come to Detroit to see all of you boys and if anything further remains to be done he will talk the matter over with you and when his report is submitted consideration will be given it.

Mr. Lee.

And it has
been decided
that the few months
of schooling would
not enable me to
make up the
money I would
lose in that time.
Therefore if

you will slide
let me remain
and continue my
work of which I
am very much
interested in, I
think it will be
the best thing for
me to do.

It is an I told
Mr. Lippin I am
not much good in
football, and if
I stay here I will
go to some night
school, and will
always have the
school at heart.

Hoping to
hear from you
very soon I will
close with best regards
yours Truly
Cecilia Blanco
