The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. Dear friend:-

I am in receipt of your letter of the 1st inst also the physician's certificate relative to your present health condition. I am glad to know from the physician's statement that you are in good health now and therefore able to return to Carlisle.

I would advise you to go and see the Agent relative to your transportation to Carlisle. You can tell Mr. Ferris that the fare from Browning to Carlisle would cost you about \$56.00. If he has funds belonging to you enough to cover this amount and is willing to give it to you, you can buy your own ticket to Carlisle. This would be the easiest way to handle the matter.

If you do not have this money with him now but expect to get it soon, you can ask him to make me a statement that it will be all right to

Leo Kennerly-2

place a ticket for you to be paid for from your funds in his hands.

Trusting that you can make satisfactory arrangements to return here in time to begin school in September, I am

Dear Sir:

I am writing to you regarding my transportation back to Carlisle this year. I was sent home from there last Feb. for having blood poison in my arm but at present I am getting along fine and in the best of health and I think myself capable of going back to Carlisle and making good. I only stayed at Carlisle about four months but the little while I was there I learned to like the school and only wish that I could go back there

in and try to graduate from
here. There are quite a number
of other pupils on the reservation here
that I know would like to go also.
I will now close my letter hoping
that you will try and have me
back to school there this year

He was weak and I thought he would need the whole amount for his incidental expenses enroute. I gave John ~~\$5.00~~ from government funds to see him through. If their parents can afford to pay these expenses, Leo's people can send me a check for \$55.66 and John's people for \$60.66.

I hope they reached home in good condition and that neither caught cold on the way. They were provided with good warm clothing and instructed to take good care of themselves.
