INFORMATION REGARDING RETURNED STUDENTS
PART 1
REPORT TO NONRESERVATION SUPERINTENDENT OF RESERVATION SCHOOL PRINCIPAL

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Information regarding pupils to test eligibility and whether in need of Federal aid.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

My dear Sir:

Leslie James desires not to relinquish his right to the Indian allotment you referred to in the papers you transmitted to me with your favor of September the 26th and so has signed a blank accordingly. I return it to you herewith, executed as was requested.

Leslie desires to find out whether more than one year's time could be given him from this date to make settlement on the land, because the plans he has now in mind would keep him away from his home longer than the period of one year.

Kindly let me have the information desired and I will then advise Leslie as may be necessary or as you may suggest.

Very respectfully,

HXM.

Dear Sir:-

I inclose herewith two statements, relating to an Indian allotment application for certain lands in Michigan, made by Leslie James, an Ottawa and Chippewa Indian, who, I understand, is a student at the Carlisle School. One of the statements should be signed by said Leslie James, in accordance with his wishes in the matter, and the other may be destroyed.

I will say for your information, that the applicant cannot obtain a patent for the land applied for without making bona fide settlement on the land; if, therefore, he does not intend to make actual settlement on the land he should sign the statement requesting that the application be canceled and held for naught.

An early return of one of the statements, signed, to me to Mt. Pleasant, Michigan, will be very much appreciated.

Very respectfully,

O. M. McPherson

Special Indian Agent.

Leslie James:

I submit below for your information a copy of a letter that was addressed to Mr. Jipps on October the 3rd:

"I have received your letter of October 1st, returning, duly signed, the "Statement" of Leslie James, an Ottawa and Chippewa Indian, requesting to be granted a reasonable time within which to make actual settlement on certain land in Michigan filed on by him as an Indian allotment; and asking whether James will be granted longer than one year from date within which to make the required settlement.

You are advised in reply that there is "no hard and fast" rule as to the time within which an Indian may settle on land covered by an allotment filing. The time usually allowed is about three years, and about two years have elapsed since James made his filing. In all such cases the General Land Office must be satisfied that the Indian is acting in absolute good faith about the matter."

Very respectfully,

Secretary.

My dear Sir:

Leslie James, who is enrolled here from Saganing, Michigan, has recently been advised that he is not entitled to receive an allotment on the public domain. Thirty days time is given him to show cause why his application for an allotment should not be rejected, but because the letter was addressed to him at Saganing and had to be forwarded here more than half of the thirty days time given him has already passed.

At Leslie's request I am writing you for such information as you have which might be used to show why he should be given similar privileges to those given other Indians who have the same status Leslie has.

I assure you that any information you can give will be appreciated by the young man and that I will do what I can to help him get the matter adjusted.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.
