SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a non-reservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

NOTE.—Age limits, fourteen to twenty years. Preferably fourteen to eighteen. Students must be at least one-fourth Indian, preferably full Indian. Special cases beyond the age limit will be given consideration. An industrial course only can be taken and the term reduced to three years, in exceptional cases.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

My dear Friend: Your further co-operation will be extended, I am,

Replying to your favor of August the 11th, this is to advise you that I have not received the application for the transfer of your cousin from the Pierre School, but as there are yet several weeks before the opening day of school here it can probably be arranged to bring him here by that time.

I must also state that I have not heard from Mr. Yellow Robe regarding the party of students you advised me he could probably bring from the Rapid City School in South Dakota.

Complying with the request contained in your letter this is to state that you were enrolled here for a five year period, and if you are given permission to go to your home for a vacation an amount sufficient to cover the cost of your transportation home and back again to Carlisle will have to be placed on deposit here. Mrs. Josephine T. Condon,

My dear Madam:

When your son Andrew was seen at this office yesterday he stated that he has again received a letter from you requesting that he arrange to come home for the remainder of the summer months.

In view of the fact that Andrew is taking special school work this summer and the greater part of the vacation period will have passed by the time such special work is to end it is believed best that he should remain here for next year's work without taking the time to visit at home. You are also advised that Andrew's period of enrolment does not terminate this year and that you would be required to place on deposit the amount that would be needed to provide return transportation for him.

Andrew is making a very good record and you can rest assured that everything possible is being done for him.

Very truly yours,

HKM.

Mr. Meyers-

I believe you are acquainted with some of the dentists down town. Andrew Condon says his teeth need attention. Is working on farm for pay, but has no money + no pay-day until end of August. Can't we give him a note to one of the dentists + have the bill "charged" until Andrew gets some money so that he may have the dental work done now?

My dear Friend:

Andrew S. Condon, who was enrolled here last year, has informed me that you have spoken about escorting a party of students to Carlisle this year. I should like to see you bring a party and if all of them are as fine young men as Andrew the party cannot be too large a one.

Will you let me hear from you regarding this matter after you have consulted Superintendent House, and if I can then co-operate with you kindly let me know in what way?

My dear Sir:

Andrew Condon, who is enrolled here from the reservation under your jurisdiction, came to this office this morning to talk over the advisability of applying to have his share of "Sioux Benefits" in cash in order that he can use the amount to continue with his school work elsewhere after his period of enrolment at Carlisle has terminated.

Will you please advise me what amount would probably be Andrew's share and whether it could be used for the purpose mentioned above?

Andrew is a splendid young man and it is my opinion that any money he could use to pay for additional education would be well invested.

My dear Sir:

Replying to your letter of August the 25th, you are advised that Andrew Condon's period of enrolment at Carlisle terminates at the close of the school year in June of 1918. He was enrolled for a five year period in the fall of 1913.

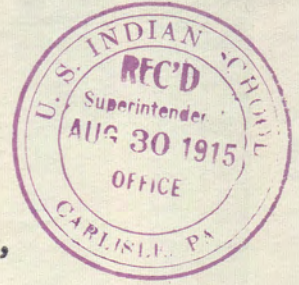

It is Andrew's plan not to return to the reservation and I agree with you that he could not expend his money for any better purpose than to pay for his tuition in some good school. I shall gladly co-operate further as may be required to get him located in some school where he will receive the greatest benefit for the money that can be secured for his use and will await your requests.

Dear Sir;

I enclose a letter from Andrew Condon, one of your pupils, requesting that funds be sent to him for the purchase of clothing. If you deem it advisable to accede to his request, kindly notify this office and funds will be transferred to your jurisdiction for his use.

This office has no advice as to the date when the sentence of his father to the State Penetentiary will expire.

His half-brother Silas is enrolled at the Indian School at Pierre, S.D., and will not be eligible for transfer to another school until his 3 year term there has expired. Will you kindly convey this information to Andrew.

Mr. Fred. C. Campbell,

My dear Sir:

Please be advised that Andrew Condon's second trip to Philadelphia for eye treatment cost a total of \$7.66. Of that amount \$6.16 is for transportation and \$1.50 is to pay for the one day's board while he was at the Medico-Chirurgical Hospital.

In this connection I must also report that Andrew desires to have additional dental work done. The dentist who has worked on Andrew's teeth states that it will cost \$12.00 to have the work completed. This latter proposed charge is referred to you for consideration, as it seems that Andrew's health will not be endangered if the bridge desired is not put in.

Trusting we shall soon receive a remittance to pay the charges that have been incurred in sending Andrew to Philadelphia twice and that you will advise definitely what shall be done about the expenditure for additional dental work, I am,

As you know I am always glad to do all that I can for you and the children.

In regard to Andrew Condon, about whom I have intended to write, he should not be sent down down to me unless absolutely necessary, as he in not in good favor at the Hospital - He is always losing his ticket or claims to lose it, and I understand the last time he was down did not get in until 2 o'clock. The last time, I let him work out his salvation so far as the ticket went, as he seemed to want us to supply money. We are always pleased to help the boys and girls out whenever, but I think he was not exactly straight. I feel sure you will understand my attitude in this matter, for I feel I do not wish to be responsible for him when he comes down. ^{with money} ^{necessary}

My dear Sir:

Replying to your Mr. Greene's letter of July 11th with reference to the period of enrolment for which Andrew Condon was received at Carlisle this is to state that he came here in August of 1913 for a five year term. Under the circumstances the government cannot be expected to pay transportation for his return home before the close of the school year in June of 1918.

In this connection I must state, however, that Andrew has done practically nothing for himself for the past half year and just as soon as he has earned enough money to pay for the cost of a ticket back to Carlisle I shall have him called in and will then send him home if money for his transportation can be provided. Of the amount of \$100.00 that was transferred here recently but \$20.02 is left.

He is now at an outing home because when he went to Philadelphia recently for eye treatment he sneaked back here to get his clothes and reported to some of his friends that he had enlisted in the United States Cavalry. When he became

stranded he wired for money and when a ticket for his use was placed he drifted into one of our outing districts and was there found and assigned to go to work.

As Andrew is not doing anything for himself and is a constant source of trouble his release will be advantageous to every one here and I hope I shall receive from you for his use an amount that will be sufficient to pay for his transportation home.

Dear Mr. Lipps,

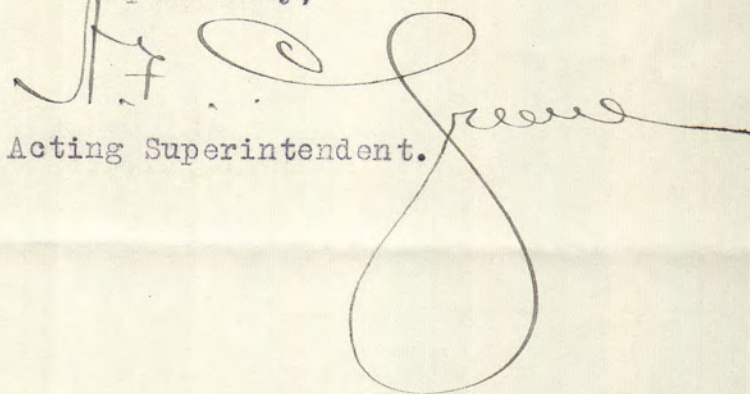

This office is in receipt of your letter dated July 17th, with reference to Andrew Condon, and his relatives have been advised of the decision that the government will not advance funds to pay his transportation home, but that, if he earns sufficient funds himself for that purpose this summer, a ticket will be purchased for him to his home.

In view of your report on this boy, it would seem to me that, for his own best interests, he should remain until the expiration of his enrolment term at Carlisle, where he can be kept under discipline.

His home on this reservation is in the Cherry Creek district of the reservation, 100 miles from

the Agency, making it impossible for us to keep close watch of his actions and, in view of his apparent bad habits, I fear it would be but a short while until he would be in trouble. However, I realize that you are equally averse to keeping him at your school, and we will endeavor to keep an eye on him if he should return here. However, while he has funds in this office to his credit, I think it would be advisable for him to earn the funds by his own efforts necessary to pay his transportation back here, and unless you insist on his removal from your jurisdiction, we will not advance him any of these funds for that purpose.

Respectfully,

My dear Mr. Greene:-

I have your letter of the 21st inst relative to Andrew Condon and have to say that he was brought in from the outing last Saturday and I have had a talk with him and have decided to give him another chance at the school. He has promised me that he will think over what I have said to him and he will see me again.

Andrew has not been a bad boy here in school. His fault is that he does not spur up and try to make anything out of himself. He simply drifts along and does not stick to any work very long at a time. He looks for the easy jobs and does not stick to these very long. at a time. It was in my mind when I wrote the other letter that a young man of his age, twenty years, should be getting out of the school now and getting at some definite work and make room for a younger more ambitious boy.

I will give Andrew another chance and if he does not improve, I will then have to send him home.

Very truly yours

Dear Mr. Campbell:

I have given Andrew Condon permission to attend Conway Hall in Carlisle this year. His expenses for tuition will be about \$75.00 for the year and the books he needs will be an additional expense.

It is now Andrew's request that I ask you to transfer an amount for use during the year, but if any money is placed to his credit here he will be worried and will worry every one else in this office until the very last cent is spent. On that account I believe it will be best to submit bills to you for settlement if such an arrangement does not inconvenience you and you are willing to have the matter handled that way.

Dear Mr. Campbell:

Andrew Condon, a student enrolled at this school from your reservation, has requested me to write you for \$35.00 of his funds to be used by him in the purchase of clothing -- suit, hat, shoes, shirts, etc.

Andrew is now attending Conway Hall, a preparatory school in the town of Carlisle. He appears to be getting along very well, but I must confess that he is a boy that is hard to understand. He is not a bad fellow at all, but somehow he has never had a great amount of industry and steadfastness of purpose. He appears, however, to be doing better this year, and I presume he wants to dress like the other boys in the school and perhaps he could not use his funds for a better purpose than for his school expenses.

So if he has funds to his credit with you that are not more urgently needed for other purposes, I recommend that his request be granted.

Very respectfully,

Dear Sir:

I have your two bills, one against Andrew Condon for \$1.85, and the other for 40 cents, against Henry Flood, and have to advise that neither of these boys has any money to his credit here. I have written to the Superintendent in charge of the Agency from which Andrew Condon comes and hope that I may be able to get the money due you from him.

Henry Flood is not a student any longer at this school and I am returning his bill to you. His present address is Martin, South Dakota.

I would suggest that you get cash from the Indian boys for whatever you sell to them as they have no authority from me to run any bills in town.

March 29, 1917.

Supt. Carlisle Indian School,
Carlisle, Penna.

Dear Sir:

I am enclosing herewith for your information a letter from Andrew Condon, which is self-explanatory.

In reply I have to say that he has drawn already since September 28, last, \$151.45. The fund from which he has been drawing is his Sioux Benefits, which is now nearly exhausted.

The indebtedness which he has incurred has no bearing on his school expenses and I do not think the same should be paid from his account in this office. However, the debt should be paid, and it might be a good lesson to him to make him earn the money to pay Mr. Bell. He would at least find out that it takes a great deal longer time to earn \$15.00 than it does for him to spend \$15.00.

I note that he is planning on returning to this reservation for the summer. Please advise him that his money deposited in this office will not be checked against to pay his expenses either way. He would develop more character and be more of a man if he would take advantage of the Outing and earn at least a part of his school expenses for next year.

His Sioux Benefits should be held in reserve until he finishes school and then used for making a start in life. Perhaps a good heart-to-heart talk with him might open his eyes to his approaching responsibilities. I would suggest that Andrew remain in the East, and not only complete what Carlisle can give him and assist him to but further take advantage of his opportunities and do something really worth while, and forget the Reservation for awhile and if he can make good there he will have little trouble in doing the same here later on.

Dear Sir: March 26, 1917.

A year ago, I was going to Philadelphia, for a operation on my eyes, and I just had enough money to pay for my car-fare, to there and I staid over there couple of weeks and I had no money to pay extra charges and these man, Mr. George Bell the friend of Indians was kind enough to lend me fifteen dollars ^{\$15.00}, and he was away since then and has return recently and now he said he need the money he loaned me a year ago which I promised to pay him back, now Mr. Campbell I wish you would look into the consideration and do Mr. Bell the honesty which he claim if you are to send him the sum send it to Superintendent, so he can get the receipt for it. Mr. Bell is clerk in Lee Co here in Carlisle Pa. and has helped many Indians, so I hope to

Close with my best regards and
success to you. I remain yours

Cheyenne, S. D.

Dear Sir:-

This is to inform you that Andrew Condon deserted from the school last Wednesday. Cards received at the school indicate that he is on his way west.

I have learned since he left, that he cashed a money order for Fifty Dollars at the post-office. While the post-office authorities cooperate with us to the extent that they will not cash any money orders for pupils excepting those coming to them through the office here, in this case they did, because Andrew in some way had gotten Dr. Hutchinson, Headmaster at Conway Hall, an innocent party, to identify him.

Andrew's conduct while at Carlisle, has been so generally unreliable that I would not want him to return here even though he has not completed his full term.

Very truly yours

Mr J. Francis May 17, 1917
Dear Sir:

In regards
to me as a deserter, from
your school, I was paying
for my own tuition at
Conway Hall, and as
a matter of fact I went
there because I did not
have the chance that I
deserved and now I am
home, but my ambition

for¹ education is not ended
 but lies all upon you
 because you know very
 well a boy of my condition
 can not enter no other
 Indian School and I am
 a full - blooded Sioux
 Indian and why can I
 have another chance I
 am willing to go as far
 as pay my fare there
 or else if you pay
 it I can repay within
 a year; but here is the
 cause of my departure
 from Carlisle I served

four years, and like
 a boy would I asked
 permission to come
 home, but was rejected
 a year ago, so I knew
 I would be this year
 so I came home any
 way, as you see I have
 a step-father and he was
 in jail for three years
 and that put us out
 ofⁿ home and everything
 and he was good to me
 when I was young and
 now he is out and, he
 wrote to me in regards

to build a home⁴ again
I consented for the sum
and in the fall I would then
to school again back to
old Carlisle and settle down
until I finished there my
hope is with you and Mrs
Francis I will promise that this
will never happen again I am
willing most willing to come
back there if you consent
for my return I can bring
some more students with
me last part of August so
please write and let me know.
The reason why I did
work one year as stated
was I was going to
school at Conway Hall

we helped our every
time they asks us too
Fred and I, well as far
as my character concerned
I have no bad habits
and I am proud of them
so far I am willing most
willing to do any thing
to do my best and all
I can do to influence
others at that school I
will try and get all
the students I can
around these Indians
Mrs Derby wants me to
return and complete
my course so I was

asked to write for another
chance which I know
with my most hopes
I deserved from you
and the school because
I am sorry in one way
to leave the school in
another to help my folks
out and get them started,
so now I know I can
finish the school I know
you would not like to see
me end my school days
now no one does so I ask
for another chance. Yours
Trully Andrew S Condon.

Dear Andrew:-

I have given your request for re-enrolment at this school careful consideration, have consulted with those who were most closely associated with you while you were a pupil here and have decided that I cannot grant your request to return to Carlisle.

Carlisle is trying harder and harder each year to get into its ranks young men with nobler purposes and higher aims, ambitious young men who are willing to work, and to weed out those young fellows who are here with no other purpose than to have just an easy good time without any effort on their part. Your record, I am sorry to say, shows that you belong to the last class I name.

If you are in real earnest about furthering your education, you will not let this letter discourage you. You will make other plans for yourself and I hope you will.

Very truly yours

Superintendent.

Dear Sir:

I wonder if you cannot locate Andrew Condon for me and send him the enclosed check No. 5417 for 26 cents. I am anxious to close out his account here, and think he might be ready for this check. It represents the interest that accumulated on his funds while they were in bank during the six months ended December 31, 1917. I shall appreciate it very much if you will tell him to be sure and cash the check so it will not remain outstanding. Sometimes our Indians destroy checks of small amounts of money. They want a lot or none at all.

Thanking you in advance, I am,

Very truly yours,

W. C. Randolph
Chief Clerk.
