The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

Mrs. J. M. Hartman,
Yardley, Pennsylvania.

My dear Madam:

I thank you for your communication of recent date, advising that Boyd Crowe is now at your home and that he desires to return to Carlisle. Boyd had an excellent record here and I shall gladly enroll him for an additional period, but he is now more than twenty-one years of age and cannot be provided with transportation at Government expense.

As this is a season when outdoor work can be secured it is my suggestion that Boyd work on a farm until he has earned enough money to pay for his passage to Carlisle.

Please ask him to advise me whether the suggestion can be followed.

Very respectfully,

HKM.

My dear Sir:

This is to inform you that your son Boyd left here this morning to go to your home. Since his period of enrolment at Carlisle had terminated transportation was provided for his use to Ela.

In this connection I will state that Boyd has made a very good record for himself at Carlisle and that he has shown by his earnestness that he should continue with his education for a few years longer, at least. If at any time I can be of help in carrying out your plans for him do not hesitate to let me know in what way such help can be given.

Hoping that you will let me hear from you when Boyd has arrived at your home, I am,

INFORMATION REGARDING RETURNED STUDENTS
REPORT BY NONRESERVATION SUPERINTENDENT OF RESERVATION SCHOOL
SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. Boyd Crowe,

My dear Friend:

It is noted in the information on file here regarding you that you are now 22 years of age, but the record you made here would justify recommending to the Office at Washington that special authority be granted to effect your reenrolment if you can arrange to pay for your transportation and you have not made any other plans for the year.

With your possible return to Carlisle in view I take the liberty to enclose herewith a blank in duplicate upon which an application for your transfer may be submitted to Superintendent Henderson for approval.

Let me hear from you if I can be of service in any other way.

Very respectfully,

HKM.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Mr. Tippo

I received your letter last evening, and was rather surprised to know that I had such big debt due to pay. I thought that was settled about time ago. I had made arrangements before I left home that summer. but - I guess they had forgotten about it. I'd to a warden Jim has let this pass by so long, and I am glad he has written. he has treated me right, and I am sure he is welcomed to receive the same from me any time. sorry that I had not paid him sooner. I think the best and most perfect way, is for you to send the money from there

because our room

up here and we pay

be satisfactory to you.

I have your letter relative to your age proof and have to advise that your card shows that you were born February 7th, 1893. This date was taken from the information you furnished last fall just prior to your going up to the Ford, and which is also given in your regular application blank for your enrollment here.

I would suggest that you see Mr. Griswold about any money which you wish to send to your people. I want you to know that you are about the only Ford boy who is drawing upon his earnings up to the notch, that is you are spending just about as fast as you are earning. I fear this may stand against you and would advise you hereafter to be more economical and to save more.
