NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

West Point, Ky.

My dear Friend:

Your letter of the 24th instant was delivered to me this morning and in reply thereto will state that I shall gladly arrange for your reenrolment if you return to Carlisle at your own expense.

Noting that you desire especially to take work which will prepare you for selection to go to the Ford Motor Company's factory in Detroit, Michigan, I can state that that privilege too will be given you, but at this time I do not know how many more boys can be placed in Detroit and as others here are on our waiting list no assurance at all could be given you that you would be selected after six months of preparation or later.

I am glad to know you have had an opportunity to make good use of your musical ability, but it is gratifying to know that you are anxious to be prepared in other lines of work to make your own way.

Hoping I shall hear from you soon when to expect you, I am,

Very truly yours,

HEM.

Your letter of May 5th in regard to the marriage of Charles Harrison, I will say that it is true that his father has land on this reservation, but I very much doubt that he will do or can do anything for Charles, he needs this for his own support. Charles has nothing and his determination as expressed in your letter of March 17, 1914 leaves me with no suggestion to make.

INFORMATION REGARDING RETURNED STUDENTS
PART 1
REPORT BY NONRESERVATION SCHOOL PRINCIPAL

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.
 2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.
 3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.
 4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.
 5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.
 6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.
 7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.
 8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.
 9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.
 10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.
- Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

My dear Sir:

It is gratifying to note in your favor of January the 16th that you are so well pleased with the reports that have come to you recently regarding your son Charles and the progress he is making here. We have reasons to be well satisfied with him and the work he is doing and there is no reason why he should not continue to make as satisfactory progress during the remainder of the time he stays at Carlisle.

It has been learned that Charles has an amount of \$103.38 yet to his credit in our school bank and that he has drawn but small amounts monthly this year for incidental expenses. Recently, however, he was allowed to expend \$75.20 to purchase an instrument of his own for use in our band and which he can use after he leaves Carlisle.

Assuring you that your interest in your son's welfare is appreciated and that I will be pleased to hear from you at any time I can be of service, I am,

In view of the fact that Charles Harrison is a young man 21 years old and will soon be going back to the reservation to make his living, the Office agrees with you that this money may well be used toward buying farm equipment, etc., and concurs in your opinion that the money should be retained for this purpose.

Dear Mr. Spear:

Charles Harrison has requested me to write you concerning the Treasury warrant in the sum of \$335.09, which he endorsed and returned to you some time ago, for deposit to his credit. He asked me to tell you that inasmuch as he has no land on that reservation, he does not intend to return to the West, but expects to live in the East and follow his trade. This being true, he requests that his funds be transferred here and deposited to his credit. I notice some correspondence in the files here regarding this matter, and I called Charles's attention to this fact, but he seems to think that you did not understand that he expected to remain in the East, and not return to the reservation. I told him I would write you about the matter, but you no doubt know best what should be done, and I have no desire to influence you in any way in your decision in the matter.

My dear Friend:

I have noted the request contained in the letter you addressed to Mr. Meyer at this school on September the 28th and have had it arranged so that transportation will be made available for your use with the Midland Valley Company's agent at Pawhuska. Herewith you will find enclosed the ten dollar check desired by you to pay for your incidental expenses.

I was pleased to note in your letter that you have made your own way this summer and that you have been at work. That is a recommendation and the experience you have gained should be of material help to you while you continue in school and after you start out for yourself.

Regarding your return to Carlisle I can only state that I will be pleased to have you come back to school, but you will have to make up your mind that you will stick to something definite and that you will endeavor at all times to make good use of your time. The majority of the stud-

ents who have been enrolled for this year's work have been told definitely that they must mean business if they expect to be retained here during the year. Some of those who were at home "on leave" were told definitely that they are not wanted here and several others were given permission to return only after they had assured me and others interested in them that they wanted another chance to prove their worthiness and their sincerity.

I bring this to your attention so that you may know what will be expected and required of you and so that you can decide before you come to Carlisle that you will make an earnest effort to profit by another year in school.

Hoping that we shall see you here soon, I remain,
