SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the reservation school records. The reservation superintendent should send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Dear Mr. Ellis:

Having noted in your letter of the 9th instant that Walter John Winsborough and Henry Racine were sent on before my rejection on account of their physical condition was received and that now you hope they can be retained here, I take this opportunity to state that we will do what we can for them and that we hope to effect an improvement in their condition.

Referring further to your letter, this is to state that we can probably accommodate any number of students who can be recommended for enrolment. I will consider applications as they are submitted to me and when the time specified for departure from Browning is almost here I will notify you by wire whether or not students may be sent on. In the meanwhile I desire to be advised if tickets are no longer available at Browning.

Very respectfully,

HMM.

Browning, Montana,

Sept. 9, 1916.

Dear Mr. Lips:-

I have received your letter of the 6th inst., in which you advise it is not deemed advisable to send Walter John Winsborough and Henry Racine to Carlisle on account of the physical condition.

These children were included in the party sent to Carlisle on the evening of the sixth inasmuch as they had all the necessary requirements, such as age, grades, etc. With reference to the physical conditions, inasmuch as Winsborough was but slightly affected with trachoma, it was deemed advisable to send him, as I understand this does not bar a pupil from school. Otherwise he appears physically fit.

With reference to the Russell boy he had the necessary re-physically requirements, and should improve/at Carlisle. However, had I known you would not care to accept them, they would not have been included in the party. If they can possibly be accepted, I recommend they be retained at Carlisle.

I am expecting a party to leave for Carlisle toward the latter end of this month. All the applications have not been sent in as yet, but when sent in if any are rejected, please notify me by wire in order to prevent any recurrence such as this.

Dear Madam:

Our school physician has the following to report regarding your son Walter this morning:

"I am glad to report that Walter Wainsborough shows quite decided improvement this morning. Although this is the case it is too early to grow enthusiastic, I am however quite confident that things are shaping themselves in the boy's favor and that the outcome will be favorable".

I am glad to give you this good news about your son and hope that my next letter will contain even better news.

Dear Madam:

The doctor gives me the following report
about your son Walter this morning:

"In regard to Walter Wainsborough I wish to say that the boy is still quite ill. His rheumatic pains are subsiding rapidly but his heart is still actively inflamed, whereas the lungs continue congested. His condition this morning is quite satisfactory, generally speaking."

I shall keep you informed from day to day as to your son's condition.

Walter is naturally a sturdy fellow and we have every hope that he will come out all right.

Dear Madam:

The Doctor's report this morning is as follows:

"Walter Wainsborough shows very little improvement up to this time. His heart is still giving him considerable pain. The rheumatic condition of the joints has cleared up entirely".

You may be assured that your son Walter is getting all the care and attention necessary. We have a comfortable little hospital with the Doctor always in attendance and a kind nurse and assistants. Walter himself seems cheerful and has every hope that he will get well in due time.

I have your card saying that you miss Carlisle and would like to return. As much as I would like to see you back here, my boy, I could not consent to your returning when I knew that this climate does not agree with you. I would not have sent you home if I did not think it was necessary to do this, for your own good.

The thing for you to do now is to work during the summer, as long as you are able, and then next fall and winter get into some school near your home. Perhaps when you have grown older and have gained more strength, you can return to Carlisle and complete your course here. I should like very much to see you do this. Keep this in mind and if I am still here when that time comes, write me and I shall be very glad to arrange for your return.

I am glad to know that the Anderson boys are planning to return. If there are any others of your boy friends out there whom you can persuade to come to Carlisle, do so. You know what we have to offer here and may be able to get some pupils for our school.
