Mrs. T. M. Punley,
Anadarko, Oklahoma.

My dear Madam:

When your son, George May, was seen at this office this morning he stated that when he wrote you about his health a month ago he was not feeling very well because of a sore throat. He claims to be in good health now and getting along much better since he changed his work from his heavier duties in the boiler house to that of painting.

George looks well and judging from his appearance you need not be alarmed at all about his condition. You will probably hear from George direct that he does not have any complaint to make about his physical condition at this time.

Very truly yours,

EKM.

Dear Sir:

Have you letter
stating my son George
May was in excellent
health. but he says
that his not. so I
want you to examine
him and see that he
is. You know ^{he} ~~had~~ been
working hard all year &
in school trying to make
some record for it, as he
is in the tract team. I
just receive his photo
and its not very good
of him as he looks so
thin and worn out.

always writes that
 he caught at nights
 and I know he always
 has had that trouble
 every since he was
 small boy. pain at
 his side and other
 element.

Its not that I want
 him home just to have
 good times and all that
 but Its because he
 has been writing that
 he was not well. He
 can stay there as long
 as he wants to, as it
 so he has excellent health
 as you say.

I am very glad to have
 such good reports of
 him. and hear that he
 is doing so nicely there

(3)

I care is. that he
is in good health.

I know the trip is
expensive, but it was
not too expensive for ^{me}
if had being sick or
not well. as a mother

will close hoping to
hear better news of
my son.

Dear Sir:

You are to blame
for the condition that my
son George May is in.
for he had good reputation
and was respected where
ever he went

I send him there
thinking he would
receive good education
as I had heard of Carlisle
so often as being a good

School and taken good
care of. I am not
very glad that he
has to come home
with a disgrace on
himself from Carlisle.

So please give my
son the best medical
treatment you hospital

give.

December 31, 1914.

Mrs. T. M. Pumley,
Anadarko, Okla.

Dear Madam:

I have your letter of December 23rd in which you express great concern regarding your son, George May. This is very natural and I appreciate fully how a mother may feel regarding the conduct of her son.

Generally speaking, George has not been a bad fellow at Carlisle. It is very unfortunate that he became involved in trouble that led to his infection. He is a young man and should have known better. With more than 400 boys at Carlisle,- mostly young men,- it is impossible to look after them as though they were small children, or to expect that they should require such attention. We are trying constantly to place more responsibility on our boys and girls and to teach them that they must have high ideals and select only good companions for their associates. I have done everything in my power to break down at Carlisle the tendency among a number of the larger boys to slip out and meet girls of bad reputation near the school grounds and to get liquor. I have talked to the boys, the disciplinarian has talked to them, and I have had men of experience and high standing in the community come out to the school and talk to

them along these lines. Unless a boy has some backbone and strength of character, he is going to go wrong in this world, and our aim has been to appeal to their honor and pride and show them the evils that will come to them if they do not heed our advice. Unless George, himself, wants to do right, no power on earth can make him except that of the police force. We could lock him up in the guard house and he could not get out to get into mischief, but I do not wish to do that. A boy who has to be treated in this manner had better not be in school.

I do not know just yet what we shall do with George. It may be that we will have to return him to his home. He is now practically cured of his disease, but any boy who has once had this disease is usually shunned by the better class of boys in school, and the fact that such a boy is allowed to remain in school often has a bad influence among other boys who have learned to regard such conduct as disgraceful. In this matter you have my heartfelt sympathy, and I feel disposed to everything in my power to get George to see the error of his ways and to change his ideals and views of life and make a man of himself.

Very sincerely your friend,

My dear Madam:

I have noted in your letter of January the 15th that your son, George May, has also assured you that it is his desire to make a good record at Carlisle. I am pleased to state that his conduct since another chance was given him at his own request has been satisfactory and that every opportunity will be given him to make himself as desirable a student as we desire he shall be.

Hoping that other favorable reports can be conveyed to you regarding him, and with the belief that you can do much to help your son if you will write him from time to time to continue with the good record he has started out to make, I am,

I appreciate very much
in your letter Dec. 31, of how
you are trying to raise the morally
standing among the Carlisle boys.

Yes my son George is not
^{good} a boy. He wrote to me saying
that he was very very sorry
for what he had done. And
if you gave him another
chance he would be a good
boy and behave himself.

I received another letter from
him since New Year. saying
that he ^{had} turn a new leaf for

Dear Sir:

Relative to yours of the 18th inst. referring to the Application of Mr. Adams, on the allotment of George H. May, stating that George thought he ought to have more money. I have seen Mr. Adams and he is willing to raise his bid to \$125. as cash rental and place the improvements as called for in the application. This Mr Adams says is the very best he can do. This is a good bid on this land as it is not a very good quarter. I have changed Mr. Adams application as directed by him and it reads now as you will see \$125.00 cash rental per annum and the improvements as called for in the application I trust this will be satisfactory to George. Please submit this to him and if satisfactory have him sign on line so indicated by pencil check mark, and return to me at your earliest convenience and oblige yours very truly.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Madam:

I have your letter asking about your son George May and have to advise that George, in company with several other Carlisle boys, left here on the 30th of May to work for the Ford Motor Company, Detroit, Michigan.

When George left here he was in good health and as far as I know he is getting along all right now. If you will read the Arrow you will understand something of our system of placing boys to work at the Ford factory. They work during the day and attend night school two or three times a week. Their wages the first six months that they are in the factory amounts to \$2.72 a day. After that time they get \$5.00 a day. This I think is good wages. The boys we have sent up there in the past have made good records and have been able to save considerable money.

I do not have his exact address yet but as soon as I learn this I will let you know so that you can write to him.

Very truly yours,

Mr. George May,

Dear George:

I have your letter saying that you and Charles Harrison have joined the Army. I had this information through Mr. Griswold several days ago.

Relative to your trunks I would advise that you express these to your home people as this is what most of the boys who have joined the Army and Navy have done.

While I would not discourage any young men from enlisting, I believed that you fellows who borrowed money from the school to get to your work and to pay your expenses would remain long enough at your work to pay these debts back before you enlisted. As our accounts stand you owe the school \$14.25 and Charles Harrison owes \$22.25.

Please advise me what arrangements you can make either here or through your agents to meet these obligations.

With my best wishes for your success,

Dear Mr Francis:

While I was at the school I spoke to Mr Bradley about joining an army and he wanted me to join there but I told him I would wait until I got here and today I must

declare that I have joined The 33rd Michigan Infantry and passed examination. Charles Harrison is with me. We quit the factory but we will be taken in after the war, that means if we live.

We have filled the number that is required in the band and we have been thinking about it for sometime.

Dear Mr. Punley:

I have your letter of February 3rd and have noted what you have to say in reference to your son George, and we are pleased to inform you that George is one of our best boys and he is working one-half of his time, or all of his industrial period, in the painting department and is doing very well there. About the first of December 1917 we expect to send George to the Ford factory in Detroit, Michigan, where he will receive \$3.41 per day for the first six months and after that \$5.00 per day. He will be under what we call the outing here and will be required to deposit one-half of his earnings at the school which will be subject to his check or his order. May

In reference to his playing in the band we are of the opinion that rather than hurting his lungs it will tend to develop them and in that way will be of help to his general health.

Hoping that our plans in reference to George will meet with your approval, I am,

Dear Sir:

Will now take my spare time to write a few lines to you today to tell you about my son George. I am going to ask you a favor and if you are willing I certainly would be thankful and its is this two things that I wish that George would learn some thing more useful than playing in the band or foot ball. I would like for him to work at a certain trade of which he can make his living by it. I dont approve of him playing ball as he is liable to get hurt and playing in the band might give him consumption or other lung diseases and the best thing for him to work is at his trade. I am willing for him to learn the auto

trade. I dont mind if he learns all
the different kinds of trade as it
will be useful for him after he comes
home on order to make a living for
him and ourselves and besides we
have a house and he can paint or repair
anything that is need to be done such as
fixing the window or door that is all
I care for him to learn as I heard you

I say to you in this letter about my

Dear George:-

After careful thought and consideration regarding yours and Mamie's request, I have thought it best to advise you against marrying at this time. Mamie's mother is unwilling that she should marry and I cannot do anything for you without her consent.

You should bear in mind that Mamie is still very young and should take every advantage of the school privileges which she has now. A good education will help her no matter what she decides to do in the future. Mamie also has unusual talent musically and should make every effort to advance herself in that line.

Taking all things into consideration, I think it best that you give up the idea of marrying for the present.

Dear Mr. Francis:

I received your letters yesterday concerning the debt I owe and the photograph. I will send the money in in the next pay. Chas Harrison was going to town for dentist work and he was almost unable to pay the bill and he said he was going send the money when we get our next pay.

We have also had our pictures taken and they will be finished by next week and we will send them in also.

We are getting along good and we are rather anxious to abroad.

I must also say that Marnie and I have given up the thought and we are still the best friends and we hope to remain so. I may also make a short visit to Carlisle and friends in the near future. I asked if I could go and so far it is approval.

Maybe it might be the last time I will get to see Carlisle and I am anxious to go there.

The way I understand it we are going to Waco Texas latter part of September for training during the winter.

We shall do as you want us to do at the earliest date if we can make it.

Dear Supt. Francis jr.

It is certainly
delighting to hear from you
who are at dear Carlisle. Our

pictures one of the boys sends.

We are glad to report to you
that we have already taken

trying to save as much money
as we can. We also have three
shares of Liberty bonds. I made
an allotment of \$15⁰⁰ to my
parents.

We are going to send \$4⁰⁰ to
have the arrow continue coming
to us and we thank Carlisle
very much for having send to
us the Redman also.

We were very glad to hear of the progress the boys and girls are making in various organizations as the four societies, the Y.M. and Y.W.C.A. It makes proud of the boys to learn that the Standards were setting the pace this year. The Y.M.C.A. coming up to its standard and we hope that in due time its strength will far advance.

We have not seen any of the boys from Carlisle yet, but you can imagine what meeting there will be when we meet one another here in France.

Our voyage was a very pleasant one and it will be more so when we are returning to you.

Not very long ago, we had the pleasure of playing before General Perishing and Secretary Baker. Our band is showing
