---

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

Dear Mr. Dickens:

John Needham brought to me this morning the enclosed letter from his brother Simon. John has made an excellent record here and has saved the money he has earned under the outing so that now he has \$170 to his credit in bank. He is willing to help his brother Simon if he knew it was the right thing for him to do. He does not appear to feel that he has any assurance that Simon will repay him in as much as his record since leaving Carlisle does not appear to be such as to inspire confidence. I suggested to John that we send you Simon's letter and ask your advice.

Please advise what you think John should do.

Dear John:

I am returning the letter which you gave to me several days ago. I have a letter from Supt. Dickens and will quote what he says regarding the loan which your brother Simon asks:

"We will begin a payment in the morning of \$130.60 per capita, and will make a second payment of \$19.50 within the next few days. I had hoped to make these payments simultaneously. This will provide Simon with \$150.10 within the next few days, and his ambition to go to Kansas City 'to finish up as an automobile expert' may be realized, provided Simon really intends to do what he says he desires to do."

Supt. O. H. Lipps,

Dear Mr. Lipps:

I have your letter of the 24th instant enclosing letter of Simon Needham to his brother John, in which Simon asked John for a loan of \$75.00.

We will begin a payment in the morning of \$130.60 per capita, and will make a second payment of \$19.50 within the next few days. I had hoped to make these payments simultaneously. This will provide Simon with \$150.10 within the next few days, and his ambition to go to Kansas City "to finish up as an automobile expert" may be realized, provided Simon really intends to do what he says he desires to do.

Simon has been given work at the reservation for the past two or three months and should have the money aside from asking John for help. If it were not for the payment I could not conscientiously advise John to make the loan.

Simon's letter is returned herewith.

Very truly yours,

My dear John:

I am in receipt of your letter without date sending me your photograph. On behalf of the school I thank you for it.

We have quite a number of soldiers, some of them have managed to come back to see us. George May and some of the soldiers and sailors have stopped to pay us a visit. Co. G. went away last week. We took the band and boys down, and played them out of town to the tune of "The Old Gray Mare". James Wheelock is the director of the band, and the way it is improving is very wonderful. Mr. Duran has appointed new officers throughout the school battalion, and he has a very fine set of officers.

Nora Buffalo had appendicitis, and was operated on. For a long time we despaired of her life, but now she is getting along fine. Edward Williams is very low with pneumonia. I hope and pray he will get better.

Next week the band will play two afternoons at the Carlisle Fair. I will arrange to have the boys and girls attend it one afternoon. The next week the band will play at the Hagerstown Fair in Maryland. Our football team is fine. Glenn Warner gave us a start and Coach Harris is getting right after him. We have to hold the first string back. They are filled with pep.

Jefferson Perry and Moses Thomas have been drafted, and ordered to report at their training camps. Good-bye.

Sincerely yours,

Superintendent.
