Mr. Luther Jacobs,
Daltan, Pennsylvania.

My dear Friend:

Your father has recently addressed a letter to this school to inquire where you are and what you are doing. He stated in his letter that he has not heard from you for about four months.

In the letter that is being sent your father I have told him where you are located and that you are being asked to write to him. Please let your father hear from you without delay and make a renewed effort to write him frequently. He is interested in what you are doing and will be glad to have your letters.

I am pleased to know that you are pleasantly located and where you are being paid so well to continue with your chosen work. You have a very good trade and I hope to hear that you will be more and more successful with it.

Very truly yours,

HKM.

My dear Sir:

I take pleasure in reporting to you that your son Luther has recently secured a new position with Mr. J. A. Lewis of Dalton, Pennsylvania, where he is being paid \$25 a month and all expenses to work as his trade. The place was secured for him by his former employer, so his record must have been as excellent a one at his work as it has always been here in school.

I am writing Luther today to let you hear from him, and it is hoped similar good news will be conveyed to you without delay by him.

them people think Carlisle is a reform school, they dont no any better, they think their children are just like if they would be in prison. they are great many boys and girls would like to come to Carlisle for a better education if they only had the opportunity.

they only thing they parents need is some one to explain the situation of Carlisle to them if I would make a trip home and I have no doubt but what I could bring dozens back to Carlisle with you I remain as a friend to Carlisle

My dear Sir:

When your son Luther was seen at this office this morning he stated that he has been granted a month's time by the firm for which he is working and that he is anxious to visit you. As he is entitled to his transportation at government expense by virtue of his having been enrolled here for a full period of three years an order for his transportation has been given him.

He expects to remain here for the Christmas exercises and will probably leave for your home on Sunday.

I hope you will be well pleased with what Luther has accomplished and that you will not object to his going back to the firm by which he is now employed and where he is gaining valuable experience.

Very respectfully,

Dear Friend:

I have your letter asking me to find you work, at your trade, plumbing. I am sorry that I know of no place which you can fill at this time. We have several plumbers, regular students of this school who are waiting for places, and if there are any applicants, I think it is only fair that I take care of those who are regular students, first. I am sorry to know that you do not have regular work at your trade at the present time.

Mr. Luther Jacobs,

Detroit, Mich.

My dear Friend:

I have noted the contents of your letter of recent date, but must state in reply thereto that I cannot comply with your request that it be arranged thru this office so that you can begin at once your work in the Ford factory with our other boys.

In the first place I cannot understand why a young man with your training and record should be out of work at this time of the year. I must also call your attention to the talk I had with you in my office about a year ago. At that time I advised you to stick to your work here until something definite and permanent could be found for you to do. In spite of the fact that you are now in Detroit it would not be fair to our other boys here who are preparing themselves to be recommended for the work offered by the Ford Company to secure a place for you, and the best I can offer you if you are anxious to take that work is to return here to continue with your school work until a vacancy occurs

for which there is not now an applicant. It might take a year or longer until your application for a place in the Ford factory could be given consideration as at this time all the places available at the factory are filled. Think the matter over and let me hear from you as your re-enrolment could not be effected without special authority from the Office at Washington on account of the fact that you are a member of the Cherokees in eastern North Carolina whose status as Indians entitled to an education at Government expense is as yet undetermined.

If any other Detroit firm desires to give you work and you need a recommendation I will gladly send a complete statement regarding you upon request.

Very truly yours,

HKM.

My dear Friend:

This is to acknowledge receipt of the letter you addressed to Mr. Lipps on the 24th ultimo, in which you stated that you have secured work for a temporary period and that you may later decide to return to Carlisle.

If you can succeed without further help from this school it will be all the more to your credit, but if you need assistance in the way it can be given you if you return here it will gladly be given.

With best wishes, I am,

Dear Mr. Lee:

This is to acknowledge receipt of your favor of the 30th ultimo in regard to Luther Jacobs whose letter to you is being returned herewith and to state that when the young man wrote to Superintendent Lipps at this school in December a letter as follows was addressed to him:

"I have noted the contents of your letter of recent date, but must state in reply thereto that I cannot comply with your request that it be arranged thru this office so that you can begin at once your work in the Ford factory with our other boys.

It is our belief that the selection of Indian boys from this school for the work with you should be limited to those actually here who can be sent to you under the "Outing" arrangements you have so kindly assisted us to enforce, and for that reason Luther Jacobs has not been given the assistance he requests. He is a splendid worker and of good character and there would not be any hesitancy here about selecting him for instruction in your course if he returned to school to await his chance with other boys.

Very respectfully,

HKM.

My dear Friend:

I enclose herewith a statement to the effect that you served your apprenticeship in plumbing at this school and that you did excellent work.

I trust it will give you the necessary assistance so that you will have a chance to continue at work. I knew that you will do satisfactory work if you have a chance.

Trusting also that you have not been inconvenienced by this delay and that you will let me hear from you whether you are now in a position to go ahead, I am,

Your friend,

Encl.

Supervisor in Charge.

TO WHOM IT MAY CONCERN:

This is to certify that Luther Jacobs served his apprenticeship in plumbing while a student at this school and that he was an excellent workman, equally competent to take charge of the installation of new work and to do general repair work.

Since leaving Carlisle he has had general experience in work at his trade and it has been arranged so that a certificate in plumbing will be issued him by this school at the close of this year's work.

Our School Engineer, under whose instruction the young man was while at Carlisle, has requested me to state that there need be no hesitancy about recommending Luther as a competent workman.

HKM.

Supervisor in Charge.

Mr. Lipps:-

Mr. Weber says Luther Jacobs was slated by him, for a certificate in Plumbing this spring, had he remained a pupil here.

Luther has been working at his trade since February 1914, with the exception of one month last winter which he spent at his home.

He was dropped from the rolls when he went home but returned at his own expense to J.A.Lewis, Clark Summitt, Pa. He is not under the school or outing rules.

Referring to yours of the 3rd, concerning Luther Jacobs.

We believe that circumstances in this young man's case would warrant sending him a check for \$10. Practically all the Indian boys received a lay off for ten days at the time the factory closed down during the holiday season and in view of the limited amount they receive each pay, would place them in a rather embarrassing financial situation.
