INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

Dear Grover:-

I have Mr. Griswold's report relative to his interview with you and my conclusion is that if you cannot take care of yourself, we cannot do anything to help you. If you were a young boy who made a mistake in his choice of associates and got into trouble, we could overlook your mistake and try to help you, but you are a grown man, plenty able to take care of yourself and it is only because you do not care, that you get into trouble.

The management up there will dispose of your case in whatever way they wish.

I hope you will brace up, Grover, exercise more self-control and see if you cannot make a man of yourself yet.

Very truly yours

Superintendent.

Replying to your letter of February 12th regarding Grover Martell, Chauncey White and Charles Baird.

In the case of Grover Martell, we wish to say that this man was absent for sometime during the month of October and November. The case however, was not brought to our attention until about December 1st, when we found that his record was about to be pulled as a quit. We asked that one of our Company doctors examine the man to make certain that there was no valid excuse for his absence. Several letters were sent to Mr. Martell asking him to come in. We feel entirely confident that had be presented one of these letters from our Medical Dept., there would have been no difficulty in securing an interview with one of the physicians. His entire contention at that time was that he could not stand the work on account of his eyes. Previous careful examinations by our Medical Dept., failed to reveal any serious eye defects.

Some two weeks ago he got in touch with the writer and made his complaint to us. At that time he stated that absence had been due to stomach trouble. He had nothing whatever to substantiate this and we informed him that if he could prove to our Medical Dept without doubt that he had been disabled during this period, in all probability he would be considered for a reinstatement. Several days later, he brought to the writer a statement from a doctor of this city, stating that he had been under his care for a period of two or three months for stomach trouble. This statment together with the man's record was forwarded to our Medical Dept., for decision. We find that another investigation at that point failed to reveal any serious trouble with the man. On account of the questionable character of the physician who made the statement, they did not feel that he had just cause for absence, and his request for reinstatement was denied. We are inclined to believe that this young man is not of the most desirable type and perhaps if he were to secure a position somewhere else for a time, he would in that way realize the opportunity he had missed here.

Mr. O. H. Lipps,

We find on calling Mr. Chamucey White into the office that the information contained in Mr. Martell's letter to you is not entirely correct. The situation is that following the holidays, Mr white lost three or four day's time due to slight illness, caused by what he tells me to have been due to over eating on Christmas day. He is now entirely recovered and states that conditions under which he is working and his general health are of the very best at this time.

Charles Baird informed us that he needs items of clothing and we feel that you would be justified in sending him $12.00 for his bank account. Living expenses here, do not leave the boys very much spending money out of the amount which they get.

Dear Mr. Wagstaff:-

I have been informed that Grover Martell, one of the Carlisle boys is at present confined in a hospital with a venereal disease. I do not want to trouble you unnecessarily, but I thought you ought to be informed of this as we have always made a practice of telling the parties having any dealings with our boys, of their short-comings as well as their virtues. I do not know exactly of Martell's conditions and habits. If you feel that it is necessary to send him away, do not consider our feelings regarding the matter.

While a student here, Martell was a good sort of a fellow and seemed to be interested in his work. However he shows traces of a poor quality of white blood and very little, if any, of Indian blood and it may be his present low inclinations are the result of the lack of good family and early training.

I will be glad to have a report of the boys. I thank you for your continued interest in them.

ALL STATEMENTS OR AGREEMENTS CONTAINED IN THIS LETTER ARE CONTINGENT ON STRIKES, ACCIDENTS, FIRES, OR ANY OTHER CAUSES BEYOND OUR CONTROL AND ALL CONTRACTS ARE SUBJECT TO APPROVAL BY THE SIGNATURE OF A DULY AUTHORIZED EXECUTIVE OFFICER OF THIS COMPANY. CLERICAL ERRORS SUBJECT TO CORRECTION.

I am in receipt of yours of the 24th instant regarding Grover Martell. I had seen him in the Henry Ford Hospital and the last time I advised him to write you of his trouble. He was reluctant to do so on account of its nature.

He is getting on alright but had gotten himself in rather a bad way. (those treating with a doctor before he went to the hospital) Our factory medical department sent him to the hospital because treatment did not progress favorably while he was working, swollen conditions interfering. While he is at the hospital it may be possible to clear his skin of acne which has handicapped him so in appearance.. He has always worked along willingly and I think should be given a further chance. We can't blame him if he was unfortunate in his selection of parents. His experience will likely be a lesson to the other boys. He will have quite a hospital bill and I think the Paymaster should be requested to apply the fourth of his earnings that would be going to his account at Carlisle to this bill until paid up. Kindly say whether you agree.

I received also, your copy of letter to David Bird and am glad you replied as you did. The Indian boys have been very fortunate in escaping night work but there is no good reason why they should be favored in this respect. We do not concede school work as an excuse as there are day classes for night workers. I have always liked the spirit with which these boys have tackled anything they were put at, and am a little surprised that a brand new one should raise an objection. We have a great many married men of families doing their turn at night work and they ought to have preference, especially the older hands, but even they have to take their turn. There are very few who like night work but thousands have to stand it.

Yours very truly,

I recommend that Grover Martell be allowed to work at his trade all day for t Presdnt at least. His trade is that of a mason.

Last year Grover had serious trouble with his eyes and they have been weak since that time. This is his last year in school and he wishes to complete his trade before its close. If there are no good reasons for his taking a different course I believe it would be best for the boy to work at his trade.

Mr. Meyer:

I have examined Grover Martell's eyes and find them in the same condition that they have been in for months past. I must say that I do not see what can be done further than what has been done in the past. His eyes will always remain irritable as they have been irremediably injured by long standing chronic disease. It would be well to change the boys work to some trade in which large amounts of irritating dust is not encountered as is the case with his present occupation as plasterer.

Felix Duncan is in fair condition. Within the last days there has been an unfortunate recurrence of nose bleeding which has made it necessary to confine the boy to bed again. I do not consider the boys immediate condition as very dangerous but the outlook in the future is bad. I will report any turn for the worse.

Re: Grover W. Martell.

We are pulling this man's record as a quit. He has been absent for about two months, claiming to have been due to eye trouble. Examination by our Medical Department a month ago, failed to reveal any particular cause for this trouble. We however got in touch with the man and instructed him to again report to the Medical Department for another examination at the present time.

He has been given a reasonable length of time to comply with our request and has not done so. We do not feel that he sufficiently appreciates a job here to warrant out taking the matter up with him and are consequently pulling his record as a quit.

Yours very truly,

To Whom it may Concern:

I am advised by Grover Martell, a former student of this school, that he desires to enlist in the Army as Brick Layer.

Grover Martell was a student at this school from September 9, 1911 to January 3, 1917. The instructor in masonry in this school advises me that while a student Grover was given full instruction in the laying of brick, plastering and cement work and that he feels that Grover is fully qualified to do work of this nature in fact somewhat better than the ordinary workman.

Sincerely yours,
