William Barth,  
Naytahwaush, Minn.

Dear William:

I have your letter saying that you prefer to remain at home and help your father this winter. I am very sorry that you think this way as you are just at an age now where you should take up some trade to better fit yourself for your future work.

The records show that in the five years you were enrolled at Carlisle you were under the outing most of the time where you made a splendid record. My advice to you now would be to return to Carlisle and stay at the school and work at some trade. I believe that you would eventually be able to work into one of our Ford classes which would be a great thing for you.

I want you to think over this proposition and write me again. If you desire to return I will have a ticket placed for your use.

Very truly yours,

The rules provide that—

A pupil who has been regularly enrolled in a nonreservations school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

**Important**—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.
