INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that-

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools. $_{6-870}$

Rev. Harry H. Treat, Anadarko, Okla.

Dear Sir:

Replying to your letter dated April 25, 1917, relative to Joseph Yeahpaw, a pupil of this school, I have to advise that I have had the school physician examine him and he gives me the following report:

> "Joseph Yeahpaw is in good health, though a little anemic, - probably from winter confinement."

The disciplinarian in the small boys quarters informs me that Joseph has not been really sick at any time but that he is not strong and has complained considerably. He seems very much better now since the weather has gotten warmer.

I think he is improving in his work in school and seems to like the school better than he did at first. I think he was rather lonely

-2- 5/3/17

when he first came.

I know of no objection to his spending the summer months with his mother if Mr. Stinchecum approves. You can tell the mother to take the matter up with him.

Our school does not close until the first of this month so there will be plenty of time to make arrangements before the first of June.

Very truly yours.

Acknowledging receipt of your letter of May 28th,1917, you are advised that I do not believe it advisable for Joseph Yeahpaw to return home this summer. The expense is considerable and pupils usually accomplish no good for themselves during an idle summer spent on the reservation.
