### INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Dear Friend

I have been  
home near two weeks.  
I am getting along fine  
my eyes are getting along  
fine too. We are busy  
getting ready to plant some  
potatoes and corn.

We had a very cold spring  
when I got home it cut  
or raining one whole  
week.

It is nice and warm now.

I am getting ready to fish.

I am going fishing to-night.

How is Mr. Henry's potato  
patch are they coming up  
yet. We had in pretty good  
shape when we plant it.

I wish I could help Mr.  
Henry make garden for  
Mrs Francis.

It would certainly had it  
worked good.

Well I will now ask you  
for the Carlisle arrow.

I will put in this letter

Mr. Mitchel Papineau,

Hogansburg, New York.

My dear Sir:

I have received your letter of the 15th instant and have noted that you would like to have your son John come home this summer for a month's visit with you. In reply to your letter I must state that an offer was made John to return to the home where he has spent so much of his time since he came to Carlisle and he finally decided to take the chance to earn the good wages that are being paid him. It is his plan, however, to return home for a visit with you after the first of September.

Hoping that such an arrangement will be satisfactory to you, as it is such a splendid chance for your son to gain additional experience, I remain,

Very truly yours,

Indeed I am very glad that John has decided to stay in school until he graduates and I will do my best to encourage him to study hard.

Kindly favor us with an early reply whether he can come home or not.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Dear Sir:

I have your letter saying that you want your son John to go to you at once as you need him to work for you. John, at the present time, is suffering from very sore eyes and I have sent him to the Medico-Chi Hospital in Philadelphia for treatment. His eyes are so bad that I think he will have to have an operation. He is under the care of a prominent eye specialist who will do the best he can for him. His eyes are in such condition as to unfit him for any school work, and I would have no serious objection to his going home as soon as he is able to travel. I will not, however, be able to pay his transportation home until after the first of June, so if he goes to you before that time you will have to advance his fare.

Dear John:

I received your letter and am glad to know that your eyes are getting so much better. Your lines are still a little crooked so that tells me you should stay there a little bit longer until Dr. Fox has fixed your eyes so that you can write real straight. This morning I sent you a bundle of clothing which Mr. Denny put up for you. I think the package contains some underwear and your shirts and collars. If you need anything else just drop me a card and I will be glad to send you whatever you want.

Mr. Lipps had a letter from your father the other day and he would like to have you go home as soon as you can. We wrote him that you were in the hospital and that it would be better for you to stay there until your eyes were entirely well. I hope you will continue improving and that you will come back to us with much better eyes than when you came in from the outing.

With my kind regards, I am,

Very truly yours,

Dear friend:

Your letter saying that you will send money for your son Johns return home as soon as you know the amount necessary, has been received. The fare to Massena Springs, where he will likely go, is \$10.97.

John is still in the hospital having his eyes treated. I think I wrote you that he had his eyes operated upon by Dr. Fox, the Philadelphia specialist. The doctor says that his was one of the worst eye cases they have ever had from the school, but that he is getting along very nicely and they hope to get him in good condition before he returns to the school. We hear from John occasionally and he seems to be happy and contented and feels that the hospital authorities are doing all they can for him.

Very truly yours,

Dear friend:-

Your son John has just been up to my office to see me about going home and I want to write you what I have advised him to do. As you know, he has had quite a serious time with his eyes this year. We sent him to Philadelphia where he was under the care of an eye-specialist for over a month, after an operation. Our school physician is following up the treatment with splendid results and I would dislike very much to have him leave the school at this time for I fear it would mean the end of such treatments. If you would be willing to have him remain here until June 1st., I feel quite confident that by that time his eyes would have improved to such an extent that he could treat himself with success. I advised him to stay here until June and I hope you will agree with me that this is the best thing to do and urge him to take my advice. He is not doing any studying nor any hard work; just giving his eyes a complete rest. I should be glad to hear from you.

Very truly yours

Dear Sir:-

I have your letter of the 19th inst request-  
ing that your son John be sent home and enclosing a  
money order for \$10.97 to pay his fare. In compliance  
with your request, I will send John home tomorrow noon.  
He should be due at Nyando, New York, Thursday morning  
if he makes the right connections.

I am sending John home upon your request  
because his time is nearly up but I believe it is a  
mistake to do this unless you can arrange for him to  
have his eyes regularly treated as he was having them  
treated here. I hope you can do this right away. John  
is a splendid boy and I believe has the making of a  
fine man and I would dislike to see him handicapped  
by poor eye-sight all his life. He has a good chance  
for a complete recovery if he will just continue the  
treatments prescribed for him.

Very truly yours

Dear Sir:-

In reply to your letter of the 13<sup>th</sup> instant with regard to John's desire to return home, I wish to say that I would have been perfectly willing to have John remain in school until June 1, only I am very short of hands on the farm, I think John would be some help. I am not able to

do any work myself on  
account of some injury  
done me by an automobile  
accident last summer.  
I find myself losing  
strength every day.  
There is only one way  
to do the farming this  
spring, and I feel it  
necessary to call John  
home to help.

I have written Mr.  
Lipps on this subject  
and he has allowed

John to return home  
provided we paid his  
transportation home. So  
I am sending today  
Post office Money Order  
for ten dollars and  
ninety-seven cents for  
that purpose. Hoping to  
hear from you again

I remain

Sincerely yours

Mitchell Papineau
