This form is for the record of the physical condition of pupils of boarding or nonreservation Indian schools. It should be filled in by the school physician at the time of the admission of the pupil.

Physicians in the field should use this form to record the examination of pupils for transfer to nonreservation schools. It should accompany the pupils' transfer blanks.

The reverse side is intended as a card-index case-record for use by all Service physicians.

I hereby certify on honor that Fred Blythe, who was transferred to the Carlisle Indian School, Carlisle, Pennsylvania, on September 4th, 1911, was duly examined by the Physician at this School, found in proper condition for transfer; that James Blythe, guardian, consented to the transfer, both parents being dead; that the pupil transferred was willing and anxious for same to be done and that I believe it to be for his best self-interest.

Mr. Jos. W. Taylor,

204 Olive St., Warren, O.

My dear Sir:

When your favor of the 7th instant was referred to Fred Blythe at this school, the young man who has been recommended to act as one of your camp assistants, he stated that he will gladly accept your offer of a weekly salary of \$10.00 and it can be arranged, therefore, to have him report for duty at any time you specify. Fred can stay with you the entire time you need his services and there is no reason why he should not be glad to return to you during other summers.

The matter of wearing Indian costume when on duty was taken up with Fred and he states that he does not have such an outfit. It is very likely, however, that he can be assisted to secure the costume and that he can come to you prepared as you desire he shall be.

Please do not hesitate to let me know in what other way I can be of assistance.

Very truly yours,

HKM.

Superintendent.

Dear Sir:-

In regard to Fred Blythe:

If we can come to terms I shall be glad to use his services as scout leader or rather as one of my camp assistants.

In this connection however, we have made arrangements to open the camp to a younger set of boys on June 15th and 16th for three or four weeks, and then the older boys will be in camp from then until August 21st.

Our other helpers get their remuneration from the commissions they get on boys they bring with them, but in Fred's case I presume that we shall have to give him a weekly salary together with his camp expenses.

Could he come with us by June 15th? What do you think we could get him for? I think I could pay him \$10 a week in cash for the first three weeks, and possibly more for the remaining five or six weeks. I would prefer to have him the first month rather than the last if he cannot stay the entire time. You realize that it would be a vacation to him and that most boys are willing to "break even", but I am anxious to get a reliable young man who will try to stay for all the summers he is in college, so I would thank you to write me frankly on the matter,

Yours very truly

Jo. W. Taylor

P S You understand, of course, that I expect to allow him his entire camp expenses - laundry included.

I wonder if it would be possible for him to wear an Indian costume while on duty as scout leader - it would add very much to the picturesqueness for the boys, because we are advertising that we are trying to get an Indian Scout Leader.

Be assured of the writer's appreciation of your assistance in this matter, as well as the treatment we would give your protege.

Mr. Joseph W. Taylor,

My dear Sir:

We have at this school a young man who is a good swimmer and who was a member of the Boy Scout troop here last year. His name is Fred Blythe and he is now nineteen years of age.

When Fred was seen at this office several days ago he stated that he did not continue with his Boy Scout work long enough to become a first class Scout, but he is a fine young man in every respect and I do not hesitate to recommend him as worthy of associating with the boys you will have in your camp on Silver Lake reservation which you refer to in your letter of the 4th instant.

It is only fair to add that Fred is of boyish appearance and does not show very evident traces of being an Indian, but if you believe that he would be suitable for the work you would require him to do please let me hear from you again and we will let you have such further particulars as

-2- Mr. Joseph W. Taylor.

will enable you to consider further his qualifications
for the special work you would require.

Very respectfully,

...surroundings are of almost equal consequence, and no disparagement of the Silver Lake programs to say that the compelling attractiveness of Silver Lake Park has contributed much to the success of the Chautauqua Courses there.

Accessible Location—Silver Lake is in Stow Township, Summit County, Ohio, nearly at the highest point of land in the State. The lake is three-quarters of a mile long and more than one-quarter mile wide. The shore line is nearly three miles.

Located six miles north of Akron, a city of 75,000, and the greatest rubber manufacturing center in the world, Silver Lake Park is at a most accessible point. Cuyahoga Falls is one and a half miles away; Kent, five miles east, and Cleveland, thirty-two miles north.

Three divisions of the Northern Ohio Traction lines run direct to the Park. The Pennsylvania Lines, also, have tracks to the Park, while the Baltimore & Ohio Railroad reaches Cuyahoga Falls, transferring passengers to the Pennsylvania there.

BOATING, A POPULAR PASTIME

This Park, which has been in the control of one family for forty years, has grown steadily in popularity. One great reason for this is that, while liberal provision has been made for healthful recreation, the observance of Sunday has been strict, and proper behavior on the part of visitors always has been rigidly enforced. No intoxicating liquors have ever been sold on the grounds, and the use of liquor is strictly forbidden.

The Park has its own independent electric and water plants, as well as its own sewer system and police protection. It has also its own farm and gardens, where a large part of the fresh vegetables are raised for the dining-room and hotel. A splendid bakery is in constant operation on the grounds during the season. Sheltered pavilions contain tables, which will seat nearly 3,000 picnickers at one time. Pure drinking water is piped to all parts of the Park. No lake water is used, except

Dear Mr. Blythe:
My dear Mr. Blythe:

Fred Blythe returned to school last evening from his summer's work in the State of Ohio and as he is entitled to go to his home on account of the termination of his period of enrolment it is being arranged so that he can leave here tomorrow afternoon. A ticket for his use to Ela will be provided.

Fred intends to return to Carlisle by the middle of the next month to resume his studies and a ticket for his use is being placed at Ela. Just as soon, therefore, as he is ready to return here he should have an application for his reenrolment properly approved by Superintendent Henderson. An order for his ticket will then be given him by the Superintendent.

We are very well pleased with the success Fred made of his work this summer and it should be a splendid beginning for him to do similar work during other vacation periods.

Very truly yours,

HKM.

Superintendent.

Can you use this also, Mrs. Foster?

Mr. Wallace Denny.
Carlisle, Penna.

Dear Mr. Denny,

Mr. Denny's
answer to my letter was
received while at Columbus
and I assure you that I
was pleased to hear from
you. Since then I
have traveled a bit southward

(My, Oh my, but it's
hot down here in Texas,
Can you imagine how
much a fellow feels the
change? We have scorching
hot days and freezing
nights. Three blankets

(10) ^{are} hardly enough at night
and during the day (the ^{rain}
clothes you have on) are too
much. ^{for comfort.} It was an awful
tiresome trip) we left
Columbus Thursday afternoon
and arrived here Sunday
night.

If ever a boy wished
he ^{was} at home it was then.

Tired from the trip,
raining when we get off
the train, and worst of all
had to march about two
miles through the mud and
rain, get supper, fix our
tents and go to bed. It was
about 12 o'clock before we
could retire. (But I'm
glad to say that I like it ^{here}

better now. The name
of the Camp is (Kelly Field,
it's) the largest Aviation
Camp in the world. We
have about 90,000 men here
and it covers 25 square
miles of land. I don't
know how many flying
machines there ^{are} (is here)
but they are as common
as birds in the air. I pretty
nearly broke my neck watching
^{the} first day but now I
scarcely look at one.)

Yesterday I was trade
tested but knew very
little of any trade. I
told them I knew very
little of any trade but

had had quite a little
Military training.

(Just a few minutes
ago I had a talk with my
Lieut. and he asked me
if I would and I thought I
could hold down a first
sergeant's job and I told
him I thought I could.

I told him ^{how} I had drilled
all the way from a
private to a Captain ^{rank}
at Carlisle) and that I
knew more of Military
training than of a trade.

So I wish that you would
send me as soon as possible
a certificate showing my
office there and all the

will matter possible so
I can study up on it.

(This letter leaves me well
all but a ^{very} cold) and I hope
that every one in your family
has gotten over with your
cold for I know how
disagreeable they are.

Will be looking for an
answer soon. (Give my
regards to all especially
to Mr. Francis.)

as ever,

Fred B. Rhythe

Mr. John Francis Jr.,
Carlisle, Pa.

Dear Mr. Francis;

Your letters were received and I was delighted to hear from dear old Carlisle.

I have not as yet had a chance to use the splendid recommendation you gave me, but hope that I will sometime soon.

(I was also) pleased to know that you ^{are} ~~were~~ interested in my getting in on the War Risk Insurance.

I have taken out a \$10,000. policy the largest that we are permitted to take, Life down here

in Texas is very different from that of Pennsylvania at this time of the year. We are having weather that very near compares with the hottest times in Carthage.

The only things I can't learn to love is hot weather, sand storms, Rattlesnakes, and scorpions all of which we have our share.

It is a very interesting sight to see a camp this size. Kelly Field is supposed to be the largest aviation field in the world.

Men are continually coming and going, and the camp always has about

90,000 men.)

I have just about gone through the worst part of joining the army and have begun to like it alright.

The pick and shovel is one thing that a soldier uses more than any other tool, but it gives a mighty big appetite.

Well Mr. Frankis tell all my friends I send best regards and that I'm now playing the game for old Uncle Sammy.)

Yours truly

Dear Sir:

I am in receipt of a letter from Mr. Dickey, your Boys' Field Agent, saying that he would start to Cherokee on September 10th, for the purpose of collecting a party of pupils for your school.

On receipt of the above named letter I sent you a telegram saying that I did not want you to send Mr. Dickey as I had arranged for an escort for the pupils. Fred Blythe, one of your students, who has been on leave during the summer and who has been boarding at our school mess since he came has put forth considerable effort to secure a party of pupils in order that he might get his expenses paid returning to Carlisle. I have assisted him in every way possible and I think he will leave here about the 15th, with a nice party of boys. Since Fred's father, James Blythe, who is farmer at this place has aided Fred in his campaign for students I feel that the territory has been worked over very thoroughly.

Very respectfully,

Superintendent.

My dear Mr. Henderson:

This is to acknowledge receipt of your letter of September the 29th, with which you enclosed applications to cover the transfer to Carlisle of the students you recently sent to us with Fred Blythe and your Dr. Waller. I thank you for the same and for the kind assistance you gave in arranging the transfers.

Fred Blythe was seen at this office today regarding the five dollars you advanced him when he left for Carlisle. Fred stated that he has already asked his father to repay you, but has asked me to enclose five dollars herewith. Fred has also asked me to state that if his father has paid you in the meanwhile the amount I enclose is to go to his father.

Trusting that this will adjust the matter satisfactorily, I am,

My dear Mr. Henderson:

I thank you for your letter of the 7th instant, conveying in writing the expressed wishes of Mr. James Blythe that his son Fred be persuaded to remain at Carlisle during the summer vacation months so that he can continue with his studies at the opening of the next school year.

In reply thereto I can state that Fred has decided to remain a student here and that he has been recommended to go to a summer camp at Lake Cuyahoga, Ohio, to take up work there as an instructor in Boy Scout work and swimming. Although he is rather young to assume such responsibilities he should have an opportunity to become acquainted with a fine group of college men and it is hoped his qualifications will be found amply sufficient to win the selection for the camp work.

I have received your letter of the 19th instant and I thank you for enclosing therewith an approved application for the reenrolment at Carlisle of Fred Blythe. Fred has arrived here and has begun his work at Conway Hall in Carlisle.

It is gratifying to know that Fred was the same gentlemanly boy he has proved himself to be here while he was at his home and that he lost so little time about returning here to take additional school work. If just a little financial help can be given him by his people he should be able to advance very much more in his school work.

Noting in your letter that a party of five or six students can probably be selected by you soon to come to Carlisle I take this opportunity to state that I shall gladly cooperate with you as may be required to effect the transfer.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

To Whom it may Concern:

Fred Blythe is a member of the Eastern band of Cherokee Indians, located in North Carolina. He enrolled in Carlisle on September 6, 1911 and with the exception of two visits home during summer vacations, he has been at Carlisle all the time.

He is a young man of most excellent character. One of the strongest boys in the school, morally. He took active part in the Boys' Scout work and Y. M. C. A. For two summers he was Assistant Scout Master in a Boys' Scout Camp and made an excellent record there. He is firm and makes a splendid leader.

Fred was Captain of a company of boys in Small Boys' Quarters and has, therefore, had continuous experience in the command of others. He was well liked and respected by the boys. He attended the Conway Preparatory School in Carlisle with the view to attending Dickinson College. This school, however, was discontinued this year when Fred attended the High School in Carlisle.

He is an excellent young man in every way and merits any reasonable promotion which can be given him.

Sincerely yours,

JF-E
