The reservation superintendent should send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS:

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Mr. Alfred Wells,

M. S. N. S., Millersville, Pa.

My dear Friend:

I have been advised by Mr. Harbold of the Normal School that you have become discouraged and that you have asked for permission to return to Carlisle. Let me take this opportunity to state that you must stick now if you ever intend to acquire a better education than can be given you at Carlisle or any other Indian School. It was a special privilege that was allowed you when you went to the Normal School and to give up now would publish the fact among all your friends here and at your home that you did not have the courage to go ahead when things seemed less easy than you believed they would be.

Your chance is now and under no circumstances would I consent to your return here before the end of the term. You will have to learn the lesson some day of fighting your way in spite of difficulties and the very best time to do that is now and in the place where you are now located and where you have an opportunity to make good.

Mr. Harbold has informed me that you have been favored

-2- Mr. Alfred Wells.

by a change of roommates and that you have been relieved of some of your work. That is a consideration that very few boys at the Normal School would expect or get and is an added reason why you should stick. If you take but one subject stick to it until you make the best recitations in your class.

I write you as I do because I know it will do a great deal of harm if you give up and return to Carlisle and for the added reason that your next attempt to do something worth while would be made doubly harder because of your giving up.

Let me hear from you so that I can offer suggestions that may be of help to you in determining anew to go ahead with the work you are doing.

Very truly yours,

HKM.

Acting Superintendent.

My dear Madam:

When I returned to my office on Monday of this week the case of your son, Alfred Wells, was brought to my attention. I have also read with care your letter of the 26th ultimo and have noted therein that you are very anxious to have your son remain at Carlisle so that he can prove he may yet be believed in earnest.

The chance you ask for him will be given him and I will have a personal talk with him to impress upon him anew the fact that it will depend on him alone whether or not he is to gain anything of value during the time he is at Carlisle. He has thrown away one chance and he should now make the best possible use of the opportunity that is being given him to reestablish himself in our confidence.

In this connection I beg leave to call attention to Alfred church attendance. When he came here he attended first the Catholic Church. Later he claimed he is not a Catholic. Please advise me without delay, therefore, what

My dear Mr. Dehuff:

In reply to your favor of the 13th I beg to say that Alfred Wells called this morning at my request, to see what your reply to my former letter might be. I showed him your letter, but he feels so thoroughly made up in mind, that it was impossible for me to persuade him to remain a little longer to give himself a more thorough trial. I am very sorry for this, inasmuch as I never like to see a boy turning back on a course he has laid out for himself.

I hope Alfred will be able to make proper adjustments at Carlisle and with you, so that it will not in any sense interfere with his future course. I really think the boy is quite homesick and anxious to see some of his home people at Carlisle. I feel sure that the boys here have liked him, and I noticed that he was mingling quite easily with them. He seems not to have been interested in athletics, which might have aided in holding him here long enough to make the adjustment in his studies.

Assuring you that I regret very much that I was not able to get Alfred Wells to stay, I am

Mr. Lipps:

I am attaching hereto some correspondence on the subject of Alfred Wells' notorious failure at the Millersville State Normal School. As you know, in the month of March, he came to both you and me, stating that he did not consider that Carlisle offered the course of study which was in accordance with his deserts. In other words, he did not consider that it was sufficiently cultural to meet his particular needs. We, therefore, at some pains, made arrangements for him to transfer to Millersville at the beginning of the spring term. He remained there only two or three weeks when, lo and behold, without so much as "by your leave" he shows up at Carlisle. You will notice the first sentence in the second paragraph of our letter to him under date of April 14th, in which we said we could not consent to his return here before the end of the term. I fully intended to dismiss Alfred and send him home for disobedience of the injunction contained in that sentence, but he convinced me that he had not received this letter prior to his departure from Millersville. For that reason, I am willing to allow him to remain here pending your return.

Alfred stated to me that he was taking Arithmetic, Literature, Grammar, Geography, Algebra and Latin in Millersville; that he felt that he was doing no good; that no teacher had ever told him that he was not making good; and that he had never asked any teacher as to his standing. Our records show that for the fall and winter terms here, he got in Mathematics, 45 and 60%; Plant Study, 78 and 70; English Literature and Composition, 86 and 81. Any boy who can make such grades cannot convince me that he was failing in Millersville. It was simply a case of lying down on the job. He has not anything about him which resembles what the old Carlisleers call "stick." He had the chance of a lifetime at Millersville and deliberately threw it away without asking any advice from the authorities of this school. If I were asked for a recommendation as to whether or not he should be permitted to continue here, I fear it would be an unfavorable one.

Very respectfully,

My dear Sir:

I thank you for your letter of the 11th instant in regard to the desire of Alfred Wells that permission be given him to return to Carlisle on Friday evening of this week. In reply thereto allow me to state that Alfred should continue with his work regardless of the fact that it may not be as easy as he believed it would be. If he gives up now it will unfit him to undertake similar work at some other time.

I will write him a letter along the same lines and it will be appreciated if you can give him more of your time and personal attention so that he will not give up now what he has begun.

Assuring you that your kind interest in the boy is considered a special favor, I remain,

My dear Mr. Lipps:

I beg to inform you that Alfred Wells came to me this morning and said that he desired to have me write to you saying that it is his desire to go back to Carlisle on Friday evening of this week. Upon inquiry I find that he had not found his roommate very agreeable, although he is a very splendid fellow, and his work is a little heavy. I have offered to make a change in his roommate and to relieve him of some of the work, but he is not quite contented here, he feels.

I do not like to see any young man give up an undertaking, and perhaps a word of encouragement from you would aid him to make a stronger resolve to fight the battle successfully. He probably needs a little stiffening or hardening to endure the work which is before him. Once his program is a little lighter, he will have time to go out to take part in our athletics, if he so desires, and perhaps enjoy his life here more.

Awaiting your early reply, I am

Very sincerely yours,

Mr. De Huff:

Alfred Wells belongs to the even section so that I do not have his complete record for the first term.

His term average in arith. was 45% in Nov., Dec. average in alg. 73%, Jan. 55%, Feb. 65%. The final examination paper in algebra is not yet graded.

He does rather better in the other subjects, having made an average of 81% in Eng. and 70% in agriculture for the second term.

His conduct, so far as anything I have ever seen, is perfect, so if he has means, and can be placed in a suitable grade at Millersville, he might be able to do much better than here. The work of the grade he is in here is evidently beyond him.

Alfred Wells came to me yesterday and said he was trying to make arrangements to go to Millersville at the beginning of the spring term and said, as I recall it now, that you had suggested that he get my opinion on the matter. I am attaching some papers hereto bearing upon the case, from which it will appear that there is no objection to his going, so far as the undersigned and the instructors in this young man's classes are concerned. It is to be hoped that, if he goes to Millersville, he will make a better showing than what he has thus far made here.

Mr. Lipps:-

May 11, 1916.

Herewith Alfred Wells' report card for April, which please forward to his mother, unless you care to insist that he write a home letter.

Alfred prepared a home letter to accompany this card, but it consisted principally of a complaint that somebody had unjustly reported to his mother that he had been taken out of Millersville Normal because of bad conduct, and it also stated that he knew exactly who was the person that was trying to do him an evil turn (referring to the undersigned) and that I had no authority in this school sufficient to get him turned away, and all such tommy rot as that. I called him into the office and told him there was no occasion for wild talk, that nobody had said anything at all about his being withdrawn from Millersville for bad conduct, and that I expected him to modify his letter accordingly. I had no objection to his telling the truth, if he would only stick to it; that I had furnished his mother a copy of the memorandum I had addressed to you and that that was the only report that had been made to his mother on his Millersville fiasco. He has made no move toward writing another home letter in place of the one above mentioned and, under the circumstances, I think we may as well just have Mr. Meyer send the attached card to his mother.

Dear Sir:--

Alfred Wells, the Indian boy whose trunk is still missing ,
has received a letter from Mrs. Mary Mather, 1931 W. Park Ave.,
Philadelphia, saying that she has this trunk in her possession.

As this error, in checking the wrong trunk to Carlisle,
was made by one of your own officials at the Reading Terminal, it
seems to me they should get it to Carlisle without any expense to
Alfred.

Will you please give this matter your immediate attention
as the boy has been without his trunk for nearly two weeks.

Very truly yours

Superintendent.

Dear Alfred:--

I have your letter saying that it is your father's wish and yours too, that you be allowed to return to Carlisle and go to an outing home immediately upon your return east. Before making any arrangements relative to your return to Carlisle, I want to know what reasons you have for making this request.

I have been informed that just before you left Carlisle, you had gotten into some difficulty in the academic department. Now if you left the school to get out of doing what you should to straighten out that trouble and if you want to return east now and go in an outing home to avoid doing what has been required of you here, I could not comply with your request.

If you will return to Carlisle and do what Mr. Blair and your teachers want you to do, comply with all our rules and requirements, and in every way, do as you should do, I will consider your return. Let me hear from you again.

Kind sir,

It is my father's
desire that I should write and ask
permission to be enrolled under the
outing system during the spring and
summer months at least as there are
so many things to be learned during
these months.

After we had taken the matter
into consideration we came to the con-

the best place for me under the

If I should be so fortunate

Mr. C. V. Stinchecum, Supt.,
Kiowa Indian Agency,
Anadarko, Oklahoma

My dear Mr. Stinchecum:

A short time ago, at my request, you sent one Hundred Dollars for the purchase of a Saxophone for Alfred Wells.

Alfred now comes to me and requests that I ask you to send him \$50. additional. It appears that a Saxophone of the type which Alfred desires to purchase will cost \$105. and a case \$12, making in all \$117. I have discussed the matter with Mr. Wheelock who informs me that a brass instrument would cost Seventy-some Dollars, a nickel plated instrument Eighty-some Dollars and a silver plated instrument, similar to those used by our band, will cost \$105; this is the kind that Alfred desires to buy. The remainder of the amount that he asks for he wished to have on deposit to meet incidental expenses from time to time.

Of course I am not acquainted with Alfred's financial condition and do not know whether he could afford the expenditure of such a large amount of money for this purpose. It is now, however, a frivolous expenditure because several of our band boys have enlisted in the Navy and have procured ratings as first class musicians, which meant a very much higher grade of pay than they would have received otherwise. If Alfred has the funds to meet this expenditure, I will be glad to see that he purchases the instrument and would recommend it.

Sincerely yours,

Dear Madam:-

I have your request that your son Alfred Wells, be returned to you now as your husband has been drafted and you need the boy's help on the farm.

If it is possible for you to hire help so that Alfred may be able to remain here until the close of school, it would be the most advisable thing to do. Alfred is now well on the way to getting a Carlisle diploma and I would dislike very much to have him leave now when final examinations are to be taken soon.

You will remember he left last spring too before examination time. If he wants to get any where with his lessons, he should by all means remain here until the close of school.

Sometime ago I wrote

he would surely return to

poor health and wish to

dated 31 of August. He was
then at Hognsburg N. Y.
