INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Important—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

Mrs. Louise Jordan,
Syracuse, N.Y.

Dear Madam:

I have your request to have your daughter Isabelle returned to you for the summer vacation and have to say that I know of no reason now why she cannot spend this time with you if you can return her in the fall. I enclose a vacation request blank which you can fill out and return to me. You probably understand that you will have to deposit enough money to pay Irene's way home and to pay for her return in the fall. You can send this to me any time before the first week in June as she will not be allowed to leave the school until after school closes near the middle of June. I think that it might be just as well if Dewey would remain here this summer and work; I mean not on the grounds but under our outing. We have many good offers for boys to work out under our rules and I think it is just as well that he do this rather than go home where possibly he may not do as well having no restrictions.

Very truly yours,

Dear Madam:

Replying to your request relative to having your daughter Isabelle at home this summer, I have to advise that it is best you comply in full with the regulations on the enclosed vacation request blank.

There are many parents in New York who are requesting that their children be sent to them for the summer, who have asked me the same privilege that you have asked; that is to send only enough money to pay the fare from Carlisle to New York. I cannot very well grant one this privilege and refuse the others so I think it best that you send me the two fares.
