INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Important—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

Dear Madam:

I am in receipt of your letter of the 9th inst. relative to the enrollment of your daughter at this school and am enclosing herewith an application blank for her to fill out and send to me. After I receive this blank I will write you again as to whether we can accept her.

As I wrote you before it will be a very easy matter for us to place her in a position to take either the normal course or the nurses training course. I am sure that we could give her which ever training she desires to take. She can make her decision if she wishes after she gets to Carlisle. If she is under 21 years of age the Government will pay her expenses to Carlisle.

Very truly yours,

Dear Sir,

I wrote to you some time ago about sending my daughter to your school, and I was very surprised to find that she was too far advanced but I am grateful for your offer to place her in some other.

Now if it was so that she would be assured of a position she would like to be a teacher. If you knew of any position in Indian schools other wise being an Indian another position might be very hard to secure.

On the other hand she would like to be a nurse.

So please write me the full particulars as to how and where she could go without so much expense and hoping you will give me

in formation which will benefit
her, after having got this far
I enclose a stamp.

Thanking you for your
kindness I am

Dear Madam:

I have your letter saying that you have a daughter graduating from the Pontiac High School whom you wish to enroll here this coming fall.

I fear that we could not do anything for your daughter as she has already completed a higher grade than we carry here. If she desires to take a normal course we could arrange to place her in one of the Pennsylvania State normal schools where she could work for her board. If she desires to take up a course in nursing we can also arrange for that through our outing.

If you will write me fully as to just what your daughter wishes to prepare herself for I might be able to help her.

Very truly yours,

President of Carlyle College,

Dear Sir,

My daughter is graduating from the "Pontiac High School" this June and I would like to know if it would be possible and how she could attend the Carlyle College.

We live in Pontiac at present but are enrolled with the Petokey Indians, our former home.

Now I am poor but I would like my daughter to be able to make use of her education, but know that it must be further completed.

One more reason I seek you out is: that your college would afford her more advantages pertaining to her race.

Please write and inform me
the full particulars as to
how she could attend
and what would be the most
helpful branch of work for her.
She is graduating highly
and has had - French,
Latin, English, Mathematics,
a science, and a course in
Domestic Art.

I enclose stamp and wait
anxiously your reply.

Truly yours,

Dear Madam:-

Replying to your request that Irene be given a Carlisle diploma, I have to advise that this cannot be done for the reason that she has not covered the work that is required before a diploma is granted. She may have covered the ground in the academic department but not in the industrial department.

When she has completed her time here and is ready to go to Philadelphia, Dr. Menger can give her a statement of the work covered in his department. This is the best we can do for her.

Very truly yours

Dear Sir,

I wish to know if you would give Irene a diploma from your school when she leaves.

I am very grateful for your interest, assistance and kindness to Irene and I ask this favor because I look on one from your school as a honor and great help.

Of course I know she has not taken all the work perscribed in your school but thro what she has accomplished in your Hospital if you could give her one I would be so proud and thankful that is, if she has proved satisfactory.

Please let me know and
I am Sincerely Yours
