ATTENDANCE OF PUPILS

Section 1414. Every child having a legal residence in this Commonwealth, as herein provided, between the ages of eight and sixteen years is required to attend a day school in which the common English branches provided for in this Act are taught, and every parent, guardian or other person in this Commonwealth, having control or charge of any child or children between the ages of eight and sixteen years, is required to send such child or children to a day school in which the common English branches are taught, and such child or children shall attend such school continuously through the entire term during which the public elementary schools in their respective districts shall be in session. Provided further, that the board of school directors in any district of the fourth class may at a meeting held at any time before the opening of the school term reduce the period of compulsory attendance to not less than 70 per centum of the school term as fixed in such district, in which case, however, the board of school directors must at the same time fix the period for the compulsory attendance to begin.

Section 1415. The board of school directors of any school district in this Commonwealth may, upon satisfactory evidence being furnished to it, showing that any child or children are prevented from attending school, or from application to study on account of any mental, physical or other urgent reasons, excuse such child or children from attending school as required by the provisions of this Act; but the term of "urgent reasons" shall be strictly construed and shall not permit of irregular attendance. Every principal or teacher in any public, private or other school, may, for reasons enumerated above, excuse any child for non-attendance during temporary periods.

Section 1416. The provisions of this Act requiring regular attendance shall not apply to any child between the ages of fourteen and sixteen years who can read and write intelligently and is regularly engaged in any useful and lawful employment or service during the time the public schools are in session, and who holds an employment certificate issued according to law.

Mr. Mitchell Connors,

My dear Sir:

I have received your letter of the 18th instant relative to the return home for the summer vacation months of your daughter Agnes. In reply thereto I will state that I shall not object to her going if you send the amount that will be required to pay for her return transportation. Agnes does not have a sufficient amount to her credit in our school bank to meet the necessary expense of such a trip.

In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

My dear Mr. Conners:

Your daughter, Agnes, comes to me this morning because he has not heard from home of late. This naturally makes her unahppy because she is not how things are with you. Will you please write to her, or me, so that she may understand how things are there.

She also asks me to ask you to send herself and her sister a little money to meet incidental needs which may arise from time to time. If you care to do this, I will be glad to see that it is placed to proper use.

Dear Sir:- Your letter asking for the return home of your two daughters is received. As you know, both of the girls are in outing homes for the summer, where they have promised to stay until fall when they have planned to return to the school. As I think you have been informed, both girls have also signed for an additional term of two years. If there is not absolute need for them at home, I think it best that they be allowed to carry out the plans which they have made for themselves.
