The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the reservation school records. The reservation superintendent should send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

Mr. H. K. Meyer

Onigum, Minnesota.

My dear Mr. Meyer:

One of your boys, George Wright, has failed in health. The following is Dr. Menger's report on him,

"I am sorry to say that George Wright is not in the best of health at present. He is suffering from broken down glands under his left arm, tubercular in nature. He is also troubled with swelling of the left knee which is also of a suspicious nature. He also has ozena, a very disagreeable and chronic affection of the nose which makes it very unpleasant for his room-mates owing to its disagreeable nature. Considering all these things and also that he is a tubercular suspect, I would recommend that he be allowed to go home as he suggests."

George has also asked to go home and says that there is a hospital near his home where he can get the same kind of treatment we are giving him here. Believing that his native climate would also help him, I am arranging to send him home tomorrow July 13th. I wish you would have his parents notified of his coming and help the boy in any way you can, upon his arrival. He has \$55 in bank here and I am using that to pay for his ticket.

Very truly yours

LEECH LAKE INDIAN AGENCY

ONIGUM, MINN. July 23rd, 1918.

My dear Mr. Peel:

George Wright arrived here last week during my absence from the Agency and as the physician we had here last winter is to return to us later this month from a two month's experience at the Minnesota State Sanatorium near here I am confident we can then arrange to give George the care now necessary in his case. His return to this wonderful lake country should also be the means of increasing his strength.

I was out on the lake and in the woods four days last week and upon my return I heard about the reported changes at Carlisle. I have noticed too that your title is a changed one and may I hear soon that the new work you evidently are to do promises to be entirely pleasant.

Life continues to be as nearly perfect satisfaction for us here as mere mortals dare expect and the garden in which I play when there is nothing else to do benefits all of us at the table and me especially thru the exercise it gives me.

Best wishes for you and our other friends at Carlisle.

Sincerely,

Harvey K. Meyer
Superintendent.
