Remarks: _____

July 9, 1918.

My dear Lenora,-

I have Miss Johnston's report of her visit to you and note that your report is not up to what it has been in the past. I do not want you to think there is anything against your conduct and work. There is no complaint about that. The trouble is your failure to do your duty to yourself. I will explain what I mean.

You had a hard winter here and you were not in the best of health when you went out. The doctor here reported this so we knew it but we sent you out because we thought the change of food and the chance to get out in the country would be good for you. We have done our part in getting you into a good home, now you want to help yourself.

When you have finished your work, instead of going to your room to lounge about, stay down-stairs and get out into the fresh air. We have beautiful weather now, cool and comfortable, and you ought to make the best use you can of it. If there are any children in the family, get out and romp with them. Breathe deep and get all the fresh air possible into your lungs. If you do this, you will soon lose your cough.

You are one of our girls who must earn her own living when you are through here. You do well in school and it may be you will choose teaching as a profession. You will make no kind of a teacher if you are in poor health. You want to think of this, my girl, and brace up. Do all you can to improve your health. You will be much happier if you will take this advice. Try it and see !

With kind regards to you, I am

Very truly yours

Mr. C. V. Reel.

Trav. And. In Charge.

Carlisle, Pa.

Dear Mr. Reel: -

Doubtless, you will recall that Lenora Logan was in a rather "run-down" condition this spring. She had a cough when she came to Mrs. Kurtz and is still coughing though there is improvement. She has gained $2\frac{1}{4}$ pounds in three weeks and says she feels better.

Lenora is a listless indifferent girl - does not like housework and takes little interest. Even in good health in Mrs. Corra's home at Clamorch she was very poor in her application to work in the home.

Mrs. Kurtz says she thinks Lenora does not get enough air - says there is no reason for her to spend any time in her room other than to keep it in order and sleep there, yet she persists in going to her room - third floor - as soon as she can every day and remains there. Mrs. Kurtz would rather have her down on the lawn or porch. We talked these matters over but I think a letter from head quarters at your convenience would make her think. Lenora will have to earn her own living - perhaps in the teaching line for she is bright in the academic work but she will have no health if she does not soon make up somewhat.

Very respectfully.

Lida M. Johnston.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mrs. Fidelia Logan,
Irving, N. Y.

My dear Mrs. Logan:

I am very sorry to tell you that Lenora does not seem to improve in health and the Doctor advises that she would better be returned from her country home to the school. I am recalling her this morning and will return her to you shortly after she arrives here. As you know, she has had a cough for sometime and we sent her out believing that the country air and the good food she would get in an outing home would be of benefit to her. She seems, however, not to have improved, so we have arranged as stated above. I will let you know later when to expect her.

The Indian Office is arranging for the disposition of the Carlisle pupils when the school is closed, September 1st. You will be notified what they decide to do in the case of your other daughter.

My dear Madam:

I have received the application to cover the enrolment at Carlisle of your daughter Lenora and have noted that Mrs. Lincoln of the Thomas School has signed one of the vouchers. That is a recommendation and evidently the girl is eligible for enrolment here. However, before I can place transportation it will have to be noted on the application I return herewith in what year the girl was born and what degree of Indian blood is claimed by you and the father of the girl. The degree of Indian blood is generally noted in fractions such as $1/4$, $1/2$ or $3/4$.

Just as soon as the application is returned to me I will have transportation placed for her use and she can then come on with her brother Frank.

Kindly let me know whether I am right in believing that you want transportation for Lenora only from Buffalo to Carlisle.

Very truly yours,

Dear Friend:

I have your letter of October twenty-fourth in which you ask why it is that we charge 25¢ per lesson for music lessons at Carlisle, in which I have to advise that in all schools piano lessons are extra. We are charging about one-half the usual price charged in other schools. Don't you think that if the Government boards and clothes your children that you might contribute just a little toward their education? Our Indian schools are vocational schools and we do not make a specialty of music although we do provide instruction for a limited number. We make no charge for vocal music or for instruction in the band. If you desire your daughter to take piano lessons, we will try and make the arrangement for her to do so, provided you are willing to pay 25¢ for each lesson and provided also there is room for her in the piano class.

Very respectfully,

OHL:SR

Supervisor in Charge.

Sir Mr Lipps

I would like to ask, why. is it
that my girl Lenora Logan wants
to take music lessons (and I sent
her to Carlisle to learn anything
we would like to have her take)
she was ask to pay 25 cts wk.
I thought everything was so we
did not have to pay. if we have
to pay she might just as well turn
at home I have no money ahead
that's why I sent her to Carlisle to
learn so why it is I hope you will
explain. and see if she can take
music lesson I sent Beulah Logan
to Carlisle for music and she never
had the chance to take it so now
I hope it wont be a failure for
Lenora V Logan.

Dear Madam:

I have your card and have to advise that as there are several other pupils coming from Irving I think Lenora will have no trouble in finding her way to Carlisle as she could arrange to come with these pupils.

Relative to her sister Addie I have to advise that it will be all right for you to send her after she has reached her fourteenth year. You can let me know later in the year and I will have another ticket placed for her use.

Very truly yours,

D:R

Dear Madam:

I have your application for the enrollment of your two daughters Lenora and Addie, and have arranged with the Railroad Company to place a ticket at Irving for the use of Lenora.

I am very sorry that I will not be able to accept Addie until she is 14 years of age. It is against the Indian Office regulations to pay the transportation of any one under 14 years of age.

If Addie is anxious to come with Lenora and you are willing to pay the railroad fare, you can send her and I can take care of her here.
