Dr. William Mann Irvine,
Mercersburg, Penna.,

Dear Dr. Irvine :

I am very glad to submit the following report on Enus Wilson's work in Reading. At the beginning of the year Enus was able to read aloud two words--"the" and "to" . He seemed to get ideas from many simple printed words, but was unable either to pronounce these words aloud or to associate concrete things with the words expressed. It was thus necessary to start at the very beginning. I have been trying first of all to teach him the sounds of our language, which he finds great difficulty in uttering correctly on account of certain peculiarities of his Indian speech; then I have been trying to teach him to group these sounds into simple words; and lastly to associate these words with things . He has been coming to class with older boys, and by listening to them read , by pronouncing words after me, and by reading simple phrases himself, he is developing gradually the ability to read.

Enus is always cloaked with Indian reserve and bashfulness, but at the same time is always interested , attentive, and ambitious to a remarkable degree. Teaching him to read is of necessity very slow work, but his progress is remarkable. Although unable to read simple things at present, Enus has respect and esteem for his reading book, and I think, the capacity and desire to improve rapidly.

Yours Very Truly,

H. H. Wade

Mr. A. S. Wyly,
Supervisor of Indian Schools,
Muskogee, Okla.

Dear Mr. Wyly:

Mr. E. T. Noble arrived here last evening with Enus Wilson and has been assured that the boy will be kept here until it can be learned whether there is any school in the East that could accomodate so young a boy and one who has completed so little academic work. If he cannot be located in any such school and the Office at Washington would not grant authority to keep the boy in school here he will have to be returned to Oklahoma with Mr. Noble at the termination of the latter's vacation period.

The Indian School Rules forbid the transfer of any child less than fourteen years of age unless accompanied by an older child from the same family and then only by special authority from the Commissioner's office. In this case, however, the Government is put to so little expense that there should not be any difficulty about having the Rules waived if the boy can be placed in some other school than Carlisle or it is learned later that sufficient academic work has been completed to justify keeping him here.

-2- Mr. A. S. Wyly, Supervisor of Indian Schools.

If the lad is kept in school here it seems only fair to recommend to the Office that authority be granted for his enrolment upon condition that an amount of \$200.00 per year is paid for his tuition.

When Superintendent Lipps wrote to you as he did on June 15th of this year relative to placing Five Tribes' pupils who are financially able into schools with white boys and girls he cannot have had in mind any students not eligible for enrolment here in so far as age and minimum academic attainment are concerned. It is respectfully requested, therefore, that before any other students of any class whatsoever are given permission to come to Carlisle there be submitted here full information regarding the applicants it is desired to have accommodated.

You will be advised further if anything at all can be done for the boy in whom Mr. Noble is interested.

Very respectfully,

Mr. John D. DeHuff,

Dear Mr. DeHuff:

This will introduce Mr. E. T. Noble of the firm of Moore and Noble, Attorneys at Law of Okmulgee, Oklahoma. Mr. Noble is visiting Carlisle and has in his charge Enus Wilson, a full blood Creek minor, Roll No. 1218 New Born, and represents Mr. Ed Hart, the guardian of the minor, who has made application for the enrollment of his ward at your school. The records here disclose the fact that Enus was born May 16, 1902, and on account of his being under 14 years of age the application for his enrollment has not been approved.

In his letter of June 15, 1915 Superintendent Lipps stated he thought it would be a good plan to send to selected white schools in your section of the country, all five tribes pupils who are financially able to bear their own expenses. This minor has to

Mr. DeHuff #2.

his credit at the Agency here, about \$15,000 and I am informed has other vaulable property. I have suggested to Mr. Noble that in the event you could not enroll Enus on account of his being under age, you might carry his name on your records and place him in some good school near Carlisle as he has plenty of money to meet these expenses. However should you determine to enroll him as a regular pupil, in view of the fact that he will soon be of the required age, I shall be glad to approve his application for enrollment.

Mr. Noble is well recommended and I am sure you may rely upon any representations made by him in this matter and any courtesies shown him will be duly appreciated.

I now enclose herewith a form that may be used by Enus Wilson's guardian and I beg leave to suggest that very prompt attention be given the same. If Enus is to get a favorable start he should begin his studies at the Academy without delay.

Dear Mr. Noble:

I take pleasure in stating that Enus Wilson, the lad you brought to Carlisle on the 18th of this month, can probably be given just the help he needs at the Mercersburg Academy at Mercersburg in this state.

An application blank for the guardian's signature has been mailed to Supervisor Wyly at Muskogee and the Indian Office at Washington is being asked to grant authority for the boy's enrolment at this school in order that we may serve in a supervisory capacity while the boy remains in the east.

Assuring you that any further help that can be given in the matter will gladly be given, I remain,

Dr. William Mann Irvine,
Head Master, Mercersburg Academy,
Mercersburg, Pa.

My dear Dr. Irvine:

A few days ago, the attorney for the guardian of an Indian boy by the name of Enos Wilson came here and left the lad with us, requesting that we make some arrangement for his schooling.

The boy will not be fourteen years old until next May, and consequently we could not admit him regularly to this school. He is also a little low in academic attainments, apparently having finished only the first three years of the work in the primary course. He has ample funds with which to pay his tuition wherever he might be located, and the particular desire of his guardian is that the boy be placed in some school in the East where he can have an opportunity for securing a liberal education. The boy is a full blooded Creek and seems to have been properly reared thus far. The guardian also states that it is their desire to get him away from untoward influences in Oklahoma for a time.

Would you be in a position to do anything for this boy? Would there be any way by which you could enroll him in your institution and place him under a tutor who might bring him up properly? If not, can you give us the name of any institution known to you in which this lad might be placed? We are anxious to comply with the desire of the guardian of this boy, and any information you may be able to give us will be very greatly appreciated.

I believe the boy is all right in every respect and that he would make good. Wherever he might be admitted, we should expect to carry his name on our rolls as an Outing pupil in order that we might assist the school authorities in matters requiring governmental supervision.

Very sincerely yours,

I have received your letter of the 11th instant and have had a letter addressed to Supervisor Wyly regarding the application for the enrolment at the Mercersburg Academy of Enus Wilson. In a letter from the Supervisor I was advised that the required blank on which to file the application referred to had been forwarded to Mr. Hart for his signature.

Although I should be pleased to have the opportunity to make your acquaintance I do not see in what way matters could be expedited if you should take the time to come here on your way back to Oklahoma. Just as soon as the application required by the Head Master of the Mercersburg Academy is filled out and forwarded here with the necessary remittance for the entrance fee the boy will be taken to the Academy and everything will be done to get him properly located.

Everything is satisfactory, and we shall look forward with great pleasure to welcoming the boy as soon as he can report in Mercersburg. He will be a little behind in some of his classes, but we shall instruct our preceptors to help him make up the lost ground very quickly.

Can you tell me of which tribe he is a member? I hope that he will receive a big vision of life at Mercersburg. John Gibson tells me that the Wanamaker Scholarships at Mercersburg have stirred a great many Indian boys at Carlisle to have more ambition for the future. I hope that such is the case.

My dear Mr. Huff:

I want to thank you most heartily for your kind letter of recent date, which was handed to me this morning by Mr. Denny. What a fine-looking man he is! He certainly must be a great help to you in your work. I was also delighted to meet Enus Wilson. The little fellow was pretty homesick before dinner, but he has braced up considerably, especially since we handed him over to Louis Tyner, one of our Indian boys from Kansas. Louis is a descendant of Tecumseh. If you desire us to do so, we shall be glad to send you the records of the boy from time to time, so that you can see what he is doing in classroom work.

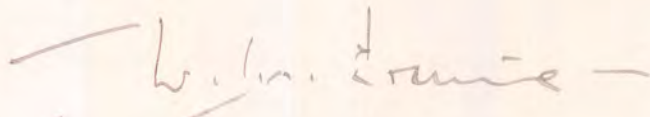

Enus impresses me very favorably at first sight. He is a young boy, and my heart goes out to him. Mrs. Irvine will also take a big personal interest to him.

I note what you say about advising you concerning the boy when he has need of funds. I will instruct our Treasurer, Mr. Drumm to keep this in mind. Mr. Drumm is in position to handle funds for the boy in the way of spending money; also money for supplies. He does this for a goodly number of boys in our school each year. You might send him a check for \$25 or \$50 on account, to be used for supplies for Enus. He will need some bedclothing immediately. From month to month, Mr. Drumm will be glad to give you a statement of the account, so that you can see how things are moving. We, of course, try to teach all these boys not to be extravagant and to husband their resources.

However, I have been assured by the attorneys for Mr. Ed. Hart, the guardian of the boy, that any expenditures made in the boy's behalf will promptly be taken care of by the guardian. Is there any arrangement whereby Enus could be provided with bed clothing, his key, etc., etc. pending the receipt of the amount of \$50.00 I have requested and recommended placed to the credit of the boy with you? Dr. Irvine was advised yesterday that such a request and recommendation had gone forward.

I regret very much that thru an oversight provision was not made for incidental entrance expenses when the check for his entrance fee was secured. I trust, however, that money will soon be sent with which necessary purchases can be made. At any time in the future that money is needed for

the boy please notify this office and the request will go forward with a recommendation to the attorneys for the boy's guardian.

Will you let me know what else can be done here to get the boy started?

Mr. J. D. D. Huff,

My dear Mr. Huff:-

In your letter of October 13th addressed to Dr. Irvine you inquire in regard to whether or not it would be convenient for us to handle money for Enus Wilson and I understand that Dr. Irvine replied to your letter, telling you what is our system here at Mercersburg and explained the manner in which accounts of this kind are carried.

It seems that Enus Wilson arrived here in Mercersburg without a cent of money in his possession. He has been getting along since his arrival here without any money whatever for any purpose. In addition to this, he did not have any bed clothing at all for use on his bed and up to this time he has been using bed clothing belonging to one of the other Indian boys. It is really important that Enus should be fitted up with a full equipment of bed clothing, etc., and he ought to have a little money on hand with which to pay for a few other incidental expenses which will come along from time to time. I am writing, therefore, to ask for information in regard to where his funds are to come from.

His entrance application is signed by Ed. Hart, Guardian, but your letter leads me to think that possibly you have some other way to arrange the matter for him. I will be glad to receive any information which you can give me in regard to the boy and if it is possible, within the next few days, to have a deposit of, say, \$25.00 or \$30.00 placed to his credit, I will

My dear Mr. Huff:-

Your letter of October 21st has been received. I have advanced money from our school funds with which to purchase Enus Wilson bed clothing and cover a few incidental expenses that are absolutely necessary for him at the start. I shall allow the matter to rest in this shape until the \$50.00 which you have recommended to be placed in my hands arrives. Any other matters which come up in the meantime which require a small outlay of cash will also be taken care of by me and I have no doubt that in the near future the remittance which you have recommended will come to hand.

From the close of your letter, you possibly do not understand that the boy was started in regularly in his classroom work on the same day that he reached Mercersburg and that he has been working ahead in his classes since that time. The fact that he had no funds in his possession to take care of such items as I mentioned in my former letter, simply mixed things up a little bit. I shall look out for him until the remittance comes to hand and I feel that the boy ought to have a little bit of money at his disposal for pocket money, for it has been our experience that it is not wise to have a boy remain in school indefinitely without a single cent of money for his own personal expenses. I thank you for your kindness in the matter and at anytime that any question comes up that I feel that you should know about, I shall certainly

My dear Mr. DeHuff:

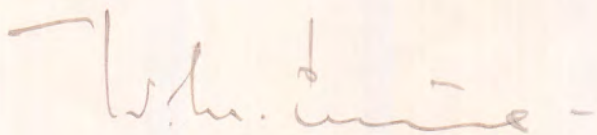

I want to thank you most heartily for your kind letter of October 20, which was received during my absence from home. I was away during the greater part of last week, and was not able to answer my correspondence promptly. The guardian of Enus Wilson has sent a deposit of \$50 which was received this morning. I have informed Enus that this amount has been placed to his credit, and when he needs any money he can come to me and get an order to secure the same from our Treasurer.

I think the boy is going to get along in good shape. I had a talk with him this afternoon, and he is settling down to his work. If you desire us to do so, we shall be glad to send you his reports every two weeks. His guardian will also receive a copy of the reports. You can then note what he is doing in classroom work.

I want to thank you most heartily for your two letters of recent date, which I have read with a great deal of interest. I hope, as you say, that young Mr. Wilson will be enrolled at Mercersburg before very long. I hope that he will hurry the matter up, as he is losing some valuable time in the classroom work.

I also thank you for your letter of explanation concerning the boys and the game. Those lads were terribly excited, and all tried to talk at once. I walked out on the field while the discussion was going on and simply stood on the edge of the crowd in order to hear the discussion. I was very much amused afterward when our Timer, *Mr. Curran*, who gave the decision in favor of the Indians, told me that he had met some of the Indian boys over in the Gymnasium and that they were still so much excited that they almost wanted to lay hands on him. This amused me because every decision right at the end of the game was given by our officials to the advantage of the Indians. In other words, those boys lost their heads. I imagine you have trouble of this kind at various times throughout the year, and that is the reason that the efforts which you put forth bring magnificent results in the moulding of these Indian boys. Next year, you and I want to get together a little earlier in the season, so that we can make things run smoothly at both ends of the line.

Trusting that you will be able to visit our Academy before long, and wishing you every possible blessing in your own work, I am

My dear Mr. Huff:-

I am in receipt of your favor of October 26th and am pleased to report that the attorneys for Enus Wilson's guardian have sent us \$50.00, which you requested them to place in our hands. This will start him in in good shape, so far as his incidental expenses are concerned. I have ordered all of the bed clothing, etc., that will be necessary for him with which to start. It may be necessary, however, for him to have another suit of clothing after the weather becomes a little colder, since our matron tells me that he is very short in this respect. The suit that he is now wearing for every-day use is somewhat shabby in addition to being light in weight. We will look after his expenses and render an exact account of the use to which the money has been put.

I thank you very much for your kindness in returning to us the letter which Dr. Irvine wrote under date of October 14th. The mistake is ours. I think I explained to you *that Dr. Irvine was ill* in my former letter ¹ on the day that the Cross Country race was run and he sent me word from memory in regard to the guarantee. I could not get at his records to verify the matter and it was in this way that the mistake occurred. Enclosed herewith please find our check for \$2.70, being another round-trip carfare between Carlisle and Mercersburg. You need not bother to acknowledge receipt of it.

write you in regard to it.

Unfortunately, Dr. Irvine, the President of our institution, was ill today and when the Manager of your Cross Country Team called at the office today for his guarantee, he seemed to be under the impression that the guarantee covered carfare for nine men instead of for eight men, the amount that Dr. Irvine sent word to me that it should be. I could not disturb Dr. Irvine again in regard to the matter and besides there was ~~was~~ only a few minutes left in which the team could go to the train and I, therefore, told your manager to look up the matter when he reached home and if the mistake is ours, we shall send you a round trip carfare for the extra man. I assure you that we want your boys to have the full amount that was previously arranged for and if you will look into the matter and will let me know whether or not the mistake is Dr. Irvine's or that of your manager, I will appreciate it very much and if another round trip fare is due you, I will see that it is sent at once.

Gentlemen:

I would thank you to inform Mr. Ed. Hart that his ward, Enus Wilson, was taken to the Mercersburg Academy on Thursday forenoon of last week. I have since then been advised that another Indian boy at the Academy is looking after Enus and that the lad is rapidly becoming accustomed to the school life at Mercersburg.

Before Enus left Carlisle necessary purchases were made for him by Mr. Denny of this school. I enclose herewith statements of the charges that were made and would thank you to have checks drawn direct to the firms from whom the purchases were made. There is also enclosed a bill covering the charges for railroad fare for Enus and Mr. Denny.

Being advised by the Head Master of the Mercersburg Academy that the Treasurer of that institution is in a position to handle funds for boys enrolled at the Academy, it is suggested that an amount of about \$50.00 be placed to Enus's credit to be used as may be required from time to time. From month to month statements would be submitted to show how the

I wish before he leaves your school, you would buy for him any clothing that he will probably need and send us a bill for it or if you prefer advise us the amount of money that will be necessary and we will immediately send it to you.

Your kind letter of recent date has been received, and I have read the same with much care. I note the fact that Enos Wilson is an Indian boy of fourteen years of age, and that he has finished only about three years in the primary course. He has evidently lost a great deal of time, and what he needs is much personal attention to carry him over the elements thoroughly and rapidly. Each year we have enrolled at Mercersburg a number of boys who range from twelve to fourteen years of age. Some of these fellows are very deficient in their education, and in our organization we have an arrangement whereby we can carry these younger boys forward rapidly and thoroughly. One of our instructors gives all of his time to these few younger boys, not only hearing them recite, but also teaching them how to work. We should be very glad indeed to receive Enos Wilson, and we believe we could do something for him. He needs to make up the lost time as quickly as possible. Each year we have a number of boys coming to us from Latin-American countries. They do not understand English, and we have to form special classes for these fellows in Reading, Spelling, Writing, etc. We can do the same for Enos Wilson, and we hope that you will decide to send him to us. I herewith enclose application blank. Won't you have somebody in authority fill out the same and return with room deposit? If we find that we cannot carry the boy along in the way that he ought to go, we shall be glad to say so frankly and to charge him tuition for only the length of time he is with us. I want to be perfectly fair with the boy, and we are anxious to help him to the fullest extent of our ability.

I am sorry that your boy White was not able to accept one of the Wanamaker Scholarships. We have selected two new Indian boys; one from the Snoqualamie Tribe in Washington and one from the Shawnee Tribe in Kansas.

My dear Sir:

The last bi-weekly report received from the
Mercersburg Academy contains the information that Ernest
Wilson was given grades of 50 and 65 in Arithmetic and
Reading, respectively, for the two week period ending
on February the 3rd. In the other four subjects he is
taking grades were not given him.

My dear Dr. Irvine:

Noting in the reports that have come to me today relative to the work that has been done by Enus Wilson and Sealey Alexander during the two-week period ending Febr. 17th that they are not making very creditable marks, I beg leave to inquire whether they have not become accustomed to the work that is given them at Mercersburg or are they not devoting their time to their studies as diligently as they should. I will appreciate a statement from you relative to the use they are making of their time, so that the information can be conveyed to the guardians of the two boys.

With sincere regards, I remain,

Very truly yours,

HKM.

Dear Sir:

Your request for my opinion
of Wilson, Enos is at hand. His
case is the strangest with which
I've had to deal, but I think the
method I'm using will work out
well.

Wilson has been with me since
early in the Fall term and has
made rapid strides. At first he
wouldn't talk and I could drag
nothing from him. His preparation
was so poor that I doubted whether
he had ever gone to school before.
I soon found out that he would
work, but I couldn't place him
in any of the regular classes

because of his immaturity and inability, so I gave him all the individual attentions I could spare. at Christmas I got him a whole set of new books - books which were more adapted to what Wilson knew and could learn - and the result has been satisfactory. It would be foolish to give him any of the regular examinations, for he is not yet ready to cope with so big a task.

However, I hope to be able soon to surprise the people who knew him before. You see, I am not discouraged.

Very truly yours,
John F. Trainor.

Mr. Ed. Hart,

Okmulgee, Oklahoma.

My dear Sir:

I have been requested by the Treasurer of the
Mercersburg Academy at Mercersburg in this state to noti-
fy you that Ernest Wilson has but \$6.97 more to his credit
for personal and other incidental expenses and that he
now owes more than that amount for purchases that were
made in the school's store last month.

Will you please have it arranged without delay so
that an additional amount will be made available for your
ward's use during the remaining months of the current school
year?

Very respectfully,

I am in receipt of your favor of the 18th instant, and thank you very much for the same. I regret to learn that an error was made in itemizing Enus Wilson's account. I am enclosing herewith a corrected copy of the account as it stands on our books today. I have gone over the account carefully, and think that no error exists this time. May I ask you to kindly destroy the incorrect copy when this letter reaches you?

I note that requests have been made for additional funds for both Sealey Alexander and Enus Wilson, and that you think that we shall receive them in a short while.

My dear Mr. Drumm:

This is to acknowledge receipt of your favor of the 11th instant and to advise you that the guardians of Sealey Alexander and Enus Wilson have been requested to make additional funds available with you for their ward's use during the remaining months of the current school year. You should receive what is required within a very short time.

In this connection I beg leave to call attention to the itemized statement of Enus Wilson's account which you so kindly submitted for my information and that a mistake in copying the same was evidently made.

O. H. Lipps, Esq., Superintendent,
c/o The U. S. Indian School,
Carlisle, Penna.

My dear Mr. Lipps: -

The deposit of \$50.00 which was made for Enus Wilson, to cover his pocket money, books, supplies, etc., is about exhausted, \$43.03 of the amount having been paid out at the present time, and a balance of \$10.00 or \$11.00 owing to the Athletic Association store for shoes, etc., purchased during the past month. For your information I am enclosing herewith an itemized statement of the account, showing the different payments and what they covered. The statement, as you will notice, shows \$6.97 still to the boy's credit, which is not quite sufficient to pay for his shoes and supplies purchased last month. I shall, therefore, allow this balance to stand to his credit until the deposit is renewed in order to be able to advance him his fifty cents per week pocket money in the meantime. If the statement should not be entirely clear to you, or if you desire any further information in regard to any of the items, let me hear from you, and in the meantime I beg to remain,

Most sincerely yours,

Treasurer.

P. S. Since dictating the above, I have noticed that Sealey Alexander's balance is also down to \$4.67, with a small balance owing the School Store for supplies purchased during the past month. Am also enclosing you an itemized statement of his account for your records, and I believe it would be well to replenish his balance at the same time.

My dear Supt. Lipps:

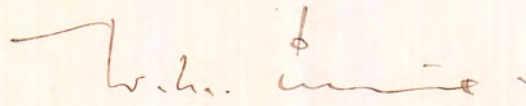

I thank you heartily for your kind letter of recent date, with health certificate enclosed therein for Enus Wilson. Tell him to report in Mercersburg on Tuesday September 19th. Since he is seventeen years of age, the quarantine laws will not hinder him from entering at that time. I hope that he has had a pleasant summer and will return to Mercersburg full of ambition, I also hope you see considerable improvement in the boy by reason of his sojourn in Mercersburg last year.

You will be interested to hear that our school is crowded to the roof, and during the last ten days we have been turning away scores of boys. Parents have been telephoning and telegraphing from many distant points beseeching us to take their boys.

Wishing you every possible blessing in your own work, I am with kindest regards,

Most cordially yours,

When the time came for Erns Wilson to leave here on Tuesday of this week to resume his studies at the Mercersburg Academy he was entirely without funds to pay for his ticket. As it was inadvisable to hold him here until we could communicate with you the liberty was taken to secure a ticket for him. The cost of the same is now charged on the statement enclosed herewith and it will be appreciated if you can forward remittance at once.

Mr. Edw. Hart,

Okmulgee, Okla.

Dear Sir:

Your ward, Enus Wilson, is here spending the holidays. The Disciplinarian informs me that his clothes are not in very good condition. We can furnish him some clothing from our stock here but if he has plenty of money in your hands I think it would be best if you would supply him with a sufficient amount to keep him looking neat. I think he needs a new suit and underwear and also a couple pair of shoes. If you approve of his having money enough to buy what he needs, I would suggest that you send the check direct to Dr. Irvine of the Mercersburg Academy and not to Enus himself as he is young and inexperienced in the handling of money and could not buy for himself.

Very truly yours,

D/B

Mr. Ed. Hart
Okmulgee, Oklahoma.

Dear Sir:-

I enclose a bill of Twenty Four Dollars and Fifteen Cents (\$24.15) against Emus Wilson which was sent to me today. I have no funds belonging to Emus.

If you desire that we get some new clothing for Emus, you can send me a check and I will have one of the employees go to town with him and fit him out nicely. As he is, he looks rather shabby. His school opens on the 10th so whatever money you send him should be here before that time. I should think Twenty or Twenty Five Dollars would fit him out nicely and give him enough money to pay his fare back to Herversburg.

Very truly yours

Superintendent.

NOTES

Figures lower in comparison, to the average measurements, show poor development. The average measurements have been compiled by the Director from 800 Physical Examinations.

In order that the student may have the best results, bring this card with you when you exercise in the Gymnasium and consult the Director.

The weight and the figures in the strength test are given in pounds and tenths of pounds. The Lung capacity is measured by cubic inches. The figures in the Push Ups and Pull Ups represent the number of times. All other measurements except the ages are given in inches and tenths of inches.

Mr. Edward Hart
Okmulgee, Oklahoma.

Dear Sir:-

I am in receipt of a letter from Moore and Noble, your representatives, relative to your ward, Enus Wilson. You state that because Enus is not making the progress he should at the Mercersburg Academy, you want to make other school arrangements for him this coming year and would like his release from Carlisle.

I agree with you that Mercersburg is hardly the place for Enus and that he could do much better work in a school carrying the lower grades. I believe that we could take good care of Enus right here at Carlisle and give him what he needs in the line of school work if you will return him to us this fall. Under the new regulations he would be required to pay his tuition and board amounting to \$200 a year and his transportation to Carlisle.

If you wish to return him here, let me know and I will arrange to take him and see to it that he gets the best Carlisle can give. I shall be glad to have you bring him to Carlisle, if this is your wish, as I would like to show you the work we are doing here now. I am sending you under separate cover, our Year Book, which I trust will be of interest to you and Enus.

Very truly yours

Superintendent.

Carlisle Indian School,
Carlisle, Pa.

Gentlemen:-

We had enrolled in your school two years ago Enus Wilson, a full blood Creek Indian. Ed Hart is his guardian and we represent Mr. Hart, who is at this time absent from the city. This ward was sent from Carlisle to Mercersburg Academy, Pennsylvania. He has been in that school two years. He is getting absolutely nothing out of the school and it is our opinion, and also the opinion of Mr. Hart that he should be placed in some other school. We are writing you to know if it would be agreeable with you that he be not sent back there this year. With your consent, we will make other arrangements for him. The school at Mercersburg is entirely beyond him and it is a useless expense of money to have him continue there.

We shall be glad to hear from you in the matter.

Yours very truly,

Moore & Noble

My dear Mr. Lipps:

We have not yet heard from you about the return of your ward, Ehus Wilson, to Mercersburg this fall. We are writing a copy of this letter to the parents who have not yet sent room deposits for the coming year. Naturally we prefer to enroll our old boys. They know the traditions and spirit of the school and we can generally do more for an old boy than we can for a new boy.

Notwithstanding the war conditions our enrollment at this time is one of the best in the history of the school. Laucks Hall is completely filled and only a few vacancies are left in South Cottage. There are good vacancies here and there in the other dormitories but at the present rate of enrollment these will be taken before long. Not infrequently it happens that old boys who wait until near the opening of the school to make a decision are keenly disappointed on account of the location of their room. I am, therefore, writing this note of warning.

You will be interested to hear that in spite of the excitement which came to all schools and colleges by the outbreak of the war our boys did unusually fine work in the examinations of the College Entrance Board which were taken by approximately eighty Mercersburg boys in the third week in June. In the Department of History the record of examinations passed was 100%; in Elementary Algebra Complete, 100%; in Advanced or College Algebra, 100%; in Trigonometry, 91%; in Plane Geometry 93%. In English more than fifteen thousand papers were read by the College Board authorities. Approximately only eighteen per cent. of all papers received a passing grade. More than eighty per cent. of the Mercersburg English papers passed. Had we not permitted four boys to try the English examinations who were not able to pass our own English Examinations, the Mercersburg English record with the College Board would have been ninety-two per cent. passed.

I hope that you are planning to send your ward, Ehus Wilson, back to us and that you will let us hear from you soon. With all good wishes to the members of your family, believe me,

Most cordially yours,

W. M. Irvine

Dear Sir:-

I am in receipt of yours and note what you say about your school being out on the 12th of June. I am mailing you a check for \$100.00 which I suppose will be plenty to send him home. *that - is sure will be*

If there is some one that is in school and who will come back here or to Muskogee, I believe it will be better for him to come with them as he doesn't know hardly how to take care of himself. I would like to hear from you between now and the time he starts home so that I will know at what place to meet him, here or at Muskogee.

Hold for Home.

Yours very truly,

Dear Sir:- I enclose herewith a request of Enus Wilson that some of his funds be used to purchase U.S. Liberty Bonds. Enus does not know how much money he has and so did not state any definite amount. This will be left to the discretion of yourself and his guardian Mr. Ed. S. Hart, Okmulgee, Oklahoma. If his request is too late for this issue, you will know what he wants to do in case another loan is called for.

Mr. John Francis, Jr.

Carlisle, Pa.

Dear Sir:-

Yours of April 30th. just reached me and I note what you have to say about some money for incidental expenses for Enus Wilson . This letter has been all around and finally wound up in Muskogee, and they mailed it back to me. I am sending you check for \$20.00 which you will take care of and hand to him as he needs it. I had a letter from Enus about the first of May. He said the school was out in May. I guess that you intend for him to come home as that was the understanding when he went away last fall. If you will wire us or write us if you have time, I will send expense money for him to come home one and we would like to know whether there will be any one to come along with him or not. I hardly think it would be advisable for him to undertake to come all the way by himself, but you can let me know right away.

Yours very truly ,

E. H. Moore
